Communication

Should you have any questions or concerns throughout the course, please do not hesitate to call, visit or email me. I am available via phone 9 a.m. to 5 p.m. (MST) Monday through Friday.

Students will receive feedback in various ways, through the discussion forum, the grade book for exams and a grading rubric for the term paper and discussions. You may E-mail me using the Mail Box in Blackboard, or the virtual instructor's office in the Discussions forum. I will respond to all student communication to me within 24-48 hours. You may contact me via phone as well.

II. Purpose of the Course

- This course provides an overview of a research-based, comprehensive, and contemporary Community Based Corrections. This course focusses on supervision techniques and treatment programs that constitute alternatives to incarceration, to include probation, parole, electronic monitoring, problem-solving courts, residential facilities, therapeutic communities, restitution, fines, and other options. Further emphasis will be made on theories related to community correctional goals, to include reintegration, specific deterrence, rehabilitation through risk, needs, and responsivity and the participation process model.

III. Course Objectives

After completion of the course, students will be able to:

- Understand the evolution of community corrections, to include evidence-based practices, probation, and parole.
- Understand evidence-based community correctional supervision and treatment involving pretrial supervision, sentencing, presentence investigation reports, case management, supervision and treatment for offenders with special needs, and community supervision modification and revocation.
- Understand the variety of graduated sanctions and enhancements.
- Understand special issues in community corrections pertaining to prisoner reentry.
- Identify career pathways in community corrections.

Text and Materials

- Required text:

Alarid, F. Leanne. *Community-Based Corrections*. Cengage, 2017. ISBN 9781337687362. Available at UTEP bookstores.

IV. Academic Requirements (Course requirements conform with UTEP Policies):

Blackboard

All the course content will be delivered via the UTEP Blackboard course management system. You can view all materials related to this course on Blackboard (except the textbook). You can also send e-mails to your fellow classmates or to me.

Educational Philosophy

My philosophy of teaching is based on a belief that learning needs to be student centered and that students need to be equal partners in the learning process. The goal of my teaching is active and cooperative learning. I find that when I can convey my own enthusiasm for the criminal justice profession, it is often contagious enough that students become engaged in the learning process. Through academic research, I encourage students to tackle problems creatively, which helps them to learn to think outside conventional boundaries and to seek the deeper meaning of a concept or finding. These efforts foster personal and intellectual fulfillment. My emphasis is on helping the student to learn, rather than just dispensing knowledge to them. My role involves using my expertise to put the necessary information in the hands of students so they are well equipped to find and answer their own questions.

What you need to first do

On week 1, you need to navigate through the system and get familiar with it. Technical problems need to be handled by the DE office and tech support. Also, there are some graded assignments that you MUST complete on week one.

- 1) Look for the learning modules – you will only see Module 1.
- 2) Get your books You will start using it right away.
- 3) In the discussions forum, introduce yourself and begin meeting others in the class.
- 4) You will have a short essay assignment on Chapter 1 due on Saturday of week 1.

V. Class CORE Assessments

Weekly Blackboard Discussion Questions (20 points per discussion = 120 points)

During this course, you will have 6 *Unit discussion questions* (between weeks 2 - 7) to answer in the Blackboard Discussion Board. You will be required to respond *substantively* to the question, and respond *substantively* to two others within the discussion forum as well. This will require a minimum of three substantive posts for each unit discussion (one original post and two response posts per week). Among your three substantive posts, you must post within the forum on at least two days. You will not see other student posts until you have responded first to the discussion question. I encourage you to post your original response early, and more than just the bare minimum. The instructor will remain active in discussion board. Look out for follow-up questions from instructor.

Each weekly discussion will be worth up to 20 points. Your collaborative group discussions are theoretical in nature and mostly related to the issues to be covered in the textbook. Please note that both quantity and quality are important considerations when it

comes to participation, and substantive posts need to move the discussion forward. For example, a message that restates the post to which you respond, or that essentially says, "I agree," does not constitute participation because it does not add anything new of substance to the discussion. Likewise, off-topic posts do not constitute participation because they do not relate to the original discussion. Discussion posts need to have a 'meaty' combination of your insights on the topics and objectives, specific examples from your experience, and support from the course readings or other scholarly sources. Think of substantive like a formula: **Your Insight + Example from your Experience + Support = Substantive**

Discussion Board Rules: All of your discussion posts must be substantive. Substantive posts provide your educated opinion based on what you have read and when appropriate, personal experiences combined. Non-substantive posts are passing comments, or a repeat of what another student said. Substantive posts bring new information into the discussion allowing for others to respond to you as well. Discussions are to be collaborative where all of you are educating each other on the topic.

All module discussions will be open for one week (SUN-SAT midnight) with the exception of the first week as the course begins on Monday March 19, 2018. Since discussions are used as a gauge of one's participation and attendance, there are no make ups for prior unit's missed discussions. Please do not notify me that you did not know, or were mistaken. Print the syllabus and keep it next to your computer if you need to.

2 Module Exams (200 points)

Module 1 (chapters 1)	Exam 1 = 100 points
Module 2 (chapters 2-3)	
Module 3 (chapter 4)	
Module 4 (chapters 5-6)	
Module 5 (chapters 7-8)	Exam 2 = <u>100 points</u>
Module 6 (chapters 9-10)	
Module 7 (chapters 11 and 13)	
Total = 200 points	

There will be a timed multiple-choice exam worth 100 points at the end of modules 4 and 7 (See Calendar). The exam questions will be drawn directly from your Alarid (2018) book. The Module Exams will open on Sunday (Midnight) and closed on Saturday (11:59pm). I will reschedule an exam only if you notify me in advance because of work (military) conflict where you will not have access to the Internet for the entire week (documentation), or if you were hospitalized for the entire week (doctor's note). This is why you have 7 days to sit down and complete them at a time that is convenient for you. Plan ahead. Each exam will only cover the assigned course readings in the grouped modules.

Academic Research Paper (100 points)

Students are required to complete one academic research paper. Research paper is **worth 100 points**. *Students shall conduct specific research on one of the below referenced topics of your choice:* There is an abundance of available research in this topic, but make sure your research has focus.

Evidenced –Based Practices in Parole or Probation Prisoner Reentry Alternative Sanctions to Imprisonment

Your research paper is due on Sunday (September 30, 2018) of week 6 (See syllabus calendar). You must submit your paper by the due date in the Research Paper link in Blackboard as an attached file in Microsoft Word only (doc., docx).

I will not accept the paper otherwise.

Considering this is a seven-week online course, I will not accept a late paper. The paper must be submitted electronically through Blackboard. **Do not email it to me.**

Research Paper Guidelines

Research paper will be typed, double- spaced, “Time New Roman” font, 12-point size, 1-inch margins all around, and page number in the upper right corner header. A title page is required; provide your name, your instructor’s name, the course title, and the date in the center of the first page. The paper will be formatted and written in APA 6th Edition with a title page and reference page. All research and sources will be cited within the body of the paper with the appropriate use of in-text citations. The paper will be no less than 1500 words and have a minimum of 6 academic quality references. The grading rubric for this assignment may be viewed in the Research Paper submission link in Blackboard.

Websites such as Wikipedia, blogs, and social networking forums (e.g., Facebook) are **not** to be used. Depending on your topic, they may be good places to start. However, there is nothing authoritative about these websites and therefore should not be cited in an academic paper. Information obtained from official websites, such as state/federal governments or government agencies, is acceptable and may be used as sources sparingly. I have provided you with an APA formatted paper shell and a presentation on citing and references in your research paper assignment link. Please review the Research Paper Rubric to see how I will be grading this assignment.

Plagiarism will result in a 0.

The University Writing Center: The University Writing Center is located in Library, Room 227. The University Writing Center offers free synchronous online one-on-one writing assistance for UTEP Connect students. Graduate and undergraduate consultants

work with writers on projects for a wide variety of classes and provide assistance during all parts of the writing process, including: prewriting, drafting, revising, and editing. Online assistance is available by appointment through the UWC's website (uwc.utep.edu). Most UWC consultants are bilingual Spanish and English speakers. Consultants will not edit your paper for you, and you are the one ultimately responsible for the work you submit and the grade you earn. Instead, Writing Center consultants will guide you through the writing process and teach you valuable writing skills. They are open M-Th 9:00-5:00 p.m., Fr 9:00-2:00 p.m., and Sundays 12:00 -5:00 p.m. Appointments are recommended well before the deadline, but they will take walk-ins. Visit the UWC's website to learn more about the services they provide, or make an appointment for an online consultation. Online consultations take place during regular business hours (see website) and must be made at least one day in advance.

1 Research Paper	100 points

Grading: 500-point scale

VI. Grading Scale

Points	Letter Grade
450-500	A
400-449	B
350-399	C
300-349	D
0-299	F

VII. Instructor's Policies

a. Withdrawal Procedures

It is the student's sole responsibility to withdraw from the course. I will award an "F" for those who do not attend, nor drop the course. See the school catalog for policies and procedures.

b. Academic Honesty

Students are expected to conduct themselves in blackboard in a manner that does not violate the UTEP Code of Conduct. Acts in violation of the Code of Conduct will not be tolerated.

Academic dishonesty will not be tolerated. Students should beware of the UTEP Handbook of Operating Procedures. Academic dishonesty may include, but is not limited to cheating on a test, plagiarism, making false statements and collusion.

"Plagiarism" is defined as the appropriating, buying, receiving as a gift, or obtaining by any means another work and the unacknowledged submission or incorporation of it in one's own written work. This course may utilize third party software that has the ability to automatically detect plagiarism on documents submitted for grading.

"Collusion" is defined as the unauthorized collaboration with another person in preparing written work for fulfillment of course requirements.

"Cheating on a test" shall include:

- a. Copying from another student's test paper.
- b. Using test materials not authorized by the teacher.
- c. Collaborating with or seeking aid from another student during a test.
- d. Knowingly using, buying, selling, stealing, or soliciting, in whole in part, the contents of an unadministered test.
- e. Bribing another person to obtain an unadministered test.

Turning in someone else's work as your own constitutes academic dishonesty. A grade of zero (0) will be assigned on any assignment/test found to be obtained under any of the items listed above in numbers 1-5.

c. Student Accommodations Statements

In Section 504 of the Vocational Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA) of 1990, if a student needs an accommodation then the Center for Accommodations and Support Services (CASS) located at UTEP need to be contacted. If you have a condition, which may affect your ability to perform successfully in this course, you are encouraged to discuss this in confidence with the instructor and/or the director of the Center for Accommodations and Support Services (CASS) <http://sa.utep.edu/cass/> . You may call 915-747-5148 for general information about the American with Disabilities Act (ADA) and the rights that you may have as a UTEP student with a disability.

Individuals with disabilities have the right to equal access and opportunity. It is the student's responsibility to contact the instructor and the Center for Accommodations and Support Services at The University of Texas at El Paso.

d. UTEP Drop Policy

If unforeseen circumstances happen where a drop is necessary, *students* are responsible for initiating any course drop. It is the student's responsibility to determine how dropping courses may affect financial aid. Students are limited to dropping no more than 6 courses over their entire academic career of all courses taken at any public college or University in Texas.

1. Students who drop a course *before the "official census date,"* the course will not appear on the transcript, and doesn't count toward the 6-course drop limit.
2. Dropping a course *after the official census date, but before the "course drop date"* will generate a "W" in the course—although the drop shows on your transcript, a "W" does not lower your GPA. However, this type of drop counts against your 6 drop limit.
3. If the course is dropped *after the "course drop date"* or if the student just stops coming/taking tests, etc., UTEP requires the instructor to issue an "F" in the course that permanently remains on the transcript. This type of drop counts against the 6 drop limit.
4. UTEP also allows instructors to administratively drop any student because of excessive absences, lack of effort, or disciplinary reasons. In this case, the student will be notified of the course drop through their UTEP email account. A "W" will be issued if the drop occurs before the course drop date, and an "F" will be issued if a student is administratively dropped for disciplinary reasons or after the course drop date. This type of drop counts against the 6 drop limit.

5. If circumstances occur where a student must miss an excessive number of classes and/or is unable to submit multiple assignments (e.g., student medical reasons, medical conditions of a family member, death of a family member, active military service), they should first discuss the possibility of withdrawal from all classes with their academic advisor. Complete withdrawals from all classes in the same semester do not count against the 6 drop limit.

VIII. Online/Technical Assistance

I will be setting up a Mail Box link in Blackboard. You can use this as a primary source of communication with me during the course. If you are having trouble with this course or its material, you should contact me via email to discuss the issues while you work it out with UTEP. I do not work for IT or Distance Learning at UTEP. As a student in this course, you can get help from the following resources:

As a student in this course, you also have access to support from University Technology Services

- for Blackboard and computer issues.
- Blackboard Support: <http://at.utep.edu/bbc/>
- Technical Support from Technology Support:
- <http://admin.utep.edu/Default.aspx?tabid=63402> or call 915-747-5257
