## School of Pharmacy
### Required Course Syllabus Fall – P3
**Course # PHAR 6134 / Track: Global Health Colloquium**
**Sections: #19416 and #17509**

**Spanish for the Pharmacy Professional IIIA**

### Course Dates: Aug 24-Dec 11, 2020  |  Time: Thursdays, 10:30-11:50 am
**Virtual Online (Campbell Rm 203)**
**IPPE Hours: 1 SIM hrs / IPE: 0 hrs**

**IPPE (Introductory Pharmacy Practice Experiences) Contact**

Jacquelyn P. Navarrete, PharmD / jnavarrete@utep.edu

### Virtual Office Hours

Students may attend virtually (Blackboard® Collaborate feature) regularly scheduled office hours without an appointment on a first-come, first-serve basis. Students may request an appointment with the coordinator in person or via e-mail. All appointments should be made at least 2 business days in advance.

*Questions related to the course in general and Blackboard® should be directed to the course coordinator, Dr. Sias, whereas content/topic-specific questions should be directed to the instructor*

### Virtual Office Hours will be synchronous

through Microsoft Teams and will be used to discuss problematic exam questions and any course logistic problems. The course coordinator will try to respond as soon as possible (generally within 24-48 hours). When sending an email, send through the Blackboard® course email or place the course number and name (e.g., PHAR 6477 ISBP IIIB2 and the issue/topic in the subject line of the email). For individual faculty, please email faculty for their online office hours.

### Course Description

This course is designed to provide professional Spanish communication skills for the pharmacist. Students will refine their Spanish language proficiency in pharmacy/clinical settings with Spanish-speaking patients. Students will participate in language tasks through listening, reading, writing, and conversation. The goal of this semester is to assist students with conversing about common diseases and medications. Topics will align with ISBP IIIA and include: pharmacy terminology, clinical questions (subjective, objective, assessment, plan), and cultural perspectives.

The goal of this course is to make it possible for students to communicate in Spanish with

Source: [https://doi.org/10.21019/9781582122564.ch6](https://doi.org/10.21019/9781582122564.ch6)
patients whose dominant language is Spanish. This course is connected with IPPEs to reinforce language acquisition and technical language refinement. Topics will include:

- Basic Comprehensive medication reviews, counseling, and education (oral/written)
- Collecting medical information from patient
- Using language that is patient friendly and at improved health literacy level

**Pharmacists’ Patient Care Process (PPCP):**

Students will use the Pharmacist’s Patient Care Process throughout class to communicate and learn how collect subjective patient information in Spanish.

The course coordinator may adapt the syllabus/course calendar to support student and course success.

---

### Course Learning Objectives (mapped to National Pharmacy Education Outcomes)

**Level of Assessment:** I – Introduce, R – Reinforce, A – Apply

The course focuses on basic skill/beginner level (~60% verbal competency and ~40% listening/written)

At the end of this course, students will build on technical Spanish developed in P1 and P2 years to communicate in basic Spanish with a dominant Spanish-speaking patient as outlined in the objectives below:

<table>
<thead>
<tr>
<th>Course Objectives</th>
<th>CAPE Outcomes</th>
<th>PCOA</th>
<th>NAPLEX</th>
<th>Learning Activities</th>
<th>Assessment Measures</th>

</tbody>
</table>

**IPPE OBJECTIVES:** At the completion of the IPPE activity, students should be able to complete the objectives outlined below:

<table>
<thead>
<tr>
<th>IPPE/SIM</th>
<th>Activity</th>
<th>Location/Date/Time</th>
</tr>
</thead>
<tbody>
<tr>
<td>SIM 1 hour</td>
<td>Two Competency Assessments and weekly Simulated Pharmacist-Patient encounters in Spanish</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Objectives: Apply patient interviewing skills in Spanish to collect subjective information using the PPCP</td>
<td>Refer to course calendar</td>
</tr>
</tbody>
</table>
At the end of the six-semester sequence, learners should be able to:

- Recognize common holidays, cultural events, local food, and health beliefs found in the border region (P1-P3)
- Communicate formally and professional courtesy with patients (greetings/closure) (P1-P3)
- Collect health-related data from patients (e.g., allergies, medications used, symptoms, reaction, SCHOLAR (P2)) (P1-P3)
- Conduct basic assessment of patients (e.g., blood pressure, listening to heart/lungs, diabetes) (P2-P3)
- Give formal instructions to patient (command) for medication (P1-P3)
- Counsel/Educate patients on medication (e.g., Ask Me 3/Teach Back) verbally (P1-P3)
- Use language that is patient friendly and at an improved health literacy level (P1-P3)
- Understand (clarify) patient information about medication or health (P1-P3)
- Communicate basic health, medication and lifestyle information in writing (P3)
- Conduct a medication review for adherence and medication use (P3)

Additional / Detailed Course Meetings & Location

Weekly Language Lab: This language lab course will take place virtually in a synchronous (live) way using the Blackboard® Collaborate feature on Blackboard®. This lab will be held online synchronously for 1 hour each week (NOTE: live courses are 80 minutes). Students are expected to also complete approximately 20 minutes of course preparation asynchronously. Homework and assignments may take 1-2 hours each week.

Classes will take place on Thursdays (depending on course section) between 10:30 am-12 pm to accommodate for two (45-minute sections) in online/virtual format (Section 1: 10:30 am-11:15 am and Section 2: 11:15 am-12 pm). If on campus, the lab is scheduled for 1 hour and 20 minutes. On days that students complete a competency exam, students will be expected to stay in class for an additional 15 minutes. Updates will be announced on Blackboard®. All lectures will be recorded and posted the next business day for students’ availability. Students will be informed of their assigned course time (~15 minutes) via Blackboard®.

Every effort will be made to post course material at least 4 business days prior to the next class. All synchronous labs will be recorded. Oral and written exams that are synchronous will be held at the posted lecture time as outlined in the course calendar. Exams will be held on dates provided in the course calendar until otherwise stated. The final exam will occur during finals week.

In a major disruption (e.g., H1N1 epidemic, subzero weather), be prepared to maintain course progress via other means (e.g., Internet, our Blackboard course shell, etc.) and check your email (especially your UTEP miners account) regularly.

Online Platform (Blackboard and CoreElms):
This semester the course will be taught online using Blackboard as the primary learning management system. Accessing Course Content on Blackboard and Live (Synchronous) Online Classes: All lectures, handouts, and course material will be located in Blackboard. Log into My UTEP.edu and click on the Blackboard link to access the online course [PHAR 6134]. The course is individualized and students may access lectures/handouts as they are made available by course instructors. Except in cases of a UTEP network being “down” or “offline” you are ultimately responsible to ensure that your computer is connected to the internet and that any issues are addressed prior to class and/or assessments.

NOTE: IPPE - All experiential education materials (e.g. worksheets) will be located in CoreELMS®
Methods of Instruction/Learning
This semester, the course will be taught primarily online via Blackboard Learning Management System. For tips on succeeding in an online environment, see: https://www.utep.edu/extendeduniversity/utepconnect/blog/february-2017/tips-for-online-learning-success.html.

The learning outcomes in this course will be achieved via the following activities:
1. Outside Preparation, Homework, and Discussion Boards
2. In-class Cuénteme Practice/Dialogue.
3. In-class Assignments and Written Patient Education
4. Written Exams (Respondus Lockdown Browser)
5. Open-Book Quizzes
6. Competency Assessments (Verbal, Written, Listening)
7. Simulated Patient Interviews (Spanish)
8. IPPE

Required Course Technology/Tools/Needs
Technology: The following technology below will be used during the course and the student must have the appropriate technology and software.
1. Computer/laptop. Audio (speaker & microphone) and video (camera) MUST be checked to be functional for online synchronous classes and online exams.
2. Blackboard® (with Respondus® Lockdown)
3. ExamSoft®

Required Textbooks: (Students are expected to have online materials readily available and open to lesson each week)
1. *Spanish for the Pharmacy Professional* (Sias, James, Cabello C. de Martínez) – online **HARD COPY STRONGLY RECOMMENDED** Bookmark ONLINE available in APhA® PHARMACY LIBRARY. Bookmark the audio version of the Spanish dialogues found online through the American Pharmacists Association. Website: http://www.pharmacist.com/learning-aids-spanish-pharmacy-professional. Students are expected to listen to dialogues/conversations to assist with pronunciation and overall listening skills in preparation for class at their own pace. These audio clips may be downloaded as MP3 files.
3. Online resource (in Blackboard®) for Patient Assessment in Spanish (may be printed for class)
4. Spanish Dictionary (online)

Recommended:
The following text will be helpful for grammar to help students to conjugate verbs for homework and study:
- Basic Spanish Grammar, 6th Ed (Used: ~$5-New: ~$84)–Jarvis AC, Lebredo R, Mena-Avilon F
- Barron’s Spanish Verbs (~$12).
- Students may also use online resources to find grammar assistance
  - http://www.cdc.gov/spanish/
  - http://www.studyspanish.com/
  - http://www.practicingspanish.com/basics.html

Laptop Computer
- Students are expected to bring laptop computers to the class each day for participation in on-line exercises or assessments. It is the responsibility of the students to make sure that the laptops are in
working condition and meets the University and School of Pharmacy IT requirements (See SOP Student Handbook).

- Audio (speaker & microphone) and video (camera) MUST be checked to be functional for classes and online exams.
- Students should be ready at any time to share their screen with classmates/faculty for course learning

Calculator
- Not required for this course

Software/Technology must be tested in orientation/first week of courses to ensure functionality.

- Blackboard® Collaborate: Chrome Browser
- Microsoft® Teams (for Office Hours)
- Blackboard® Respondus Lockdown
- IPPE: CoreELMS® for Experiential Learning
- ExamSoft® Exam Monitor – not anticipated to be used
- Audio (speaker & microphone) and video (camera) MUST be checked to be functional for classes and online exams

Attendance
The attendance policy for the School of Pharmacy is outlined in the Student Handbook. It is expected that students should demonstrate their commitment to the profession and respect for faculty, guest speakers, and colleagues by attending all classes and arriving to class on time prepared for the day’s lesson(s).

Attendance is a class/lab requirement. Attendance will be taken in the form of participation and electronic sign-in to Blackboard Collaborate. ATTENDANCE alternative: For students who have technical issues or are not able to attend the live lab (excused absence), there are options for students to participate via: attendance at office hours (notify instructor by email in advance), development of a short video (2-3 minutes) covering the material for the missed class, or other form of participation to document attendance/participation. Missing class for work is NOT a valid reason for student absence.

Student absences must be cleared with course coordinator in advance. If more than one absence occurs without course coordinator approval, a letter grade drop will be given to the student.

If a student has an excused absence, they should immediately notify the course coordinator(s) and instructor(s) (**IPPEs*** also contact preceptor and Clinical Coordinator and carbon copy the Director of Experiential Education). To secure approval for an absence related to travel for professional meetings or for events that fall outside of the criteria outlined in the Student Handbook, please refer to the Handbook for more information regarding required documentation for submission to the Office of Student Affairs.

Who to contact/how document absence: Dr. Jeri Sias (course coordinator) via Blackboard® email at jjsias@utep.edu.

Out of class preparation: Students are expected to review vocabulary, verbs, and dialogues via homework, online quizzes, and/or discussion boards prior to each class as outlined in weekly Blackboard postings.

In class participation: Active participation in group discussions and “Cuenteme” dialogues will assist students in language acquisition. Practicing speaking is essential to language improvement and acquisition.
This course is connected to one or more of the following areas:

**IPPE:** Introductory Pharmacy Practice Experiences (IPPEs) that are incorporated within didactic classes will require mandatory attendance. This class has **a total of 1 IPPE hour** that the student completes. The IPPE component of the class is pass/fail.

**IPPE-Related Attendance**
Experiential education experiences generally occur outside of class time, including evenings, weekends, and holidays. Additionally, IPPEs may be scheduled at other times of the day.

For details about site placement process, check Blackboard®.

For IPPE schedule refer to CoreELMS.

**Classroom / Online Etiquette**
Students are expected to be professionals and will be treated as such unless circumstances deem otherwise. Any behavior that impairs student ability to learn will not be tolerated (e.g., side conversation, cell phone use, electronic device use for activities not related to coursework). Laptops may be used during class for taking notes. Using laptops for other activities than taking notes causes a disruption to the class around you.

ONLINE: Your instructors and classmates want to generate a safe online learning environment. Please use appropriate online classroom behavior by reading the UTEP Netiquette Guide for Online Courses available at [https://www.utep.edu/extendeduniversity/cid/_Files/docs/faculty-resources/student-orientation/NetiquetteGuideforOnlineCourses](https://www.utep.edu/extendeduniversity/cid/_Files/docs/faculty-resources/student-orientation/NetiquetteGuideforOnlineCourses).

**Expectations of Students During Course**
It is the responsibility of the student to monitor their progress during the course. Students should seek advice and assistance from the course facilitator as soon as they encounter any difficulty in the course.

Tutoring is available with the course instructors, coordinators, and TAs. If the course instructor/coordinator recommends tutoring, it should occur with an approved tutor.

**Unique Dress Policy for Course**
*During weekly online discussions, students are expected to be able to have their audio and video enabled and working and should dress appropriately. The instructors recognize that technical issues occur. However, students should demonstrate active process to resolve technical problems prior to the upcoming class.*

*Students are expected to dress business casual with white coat for oral presentations and oral competency tests as these learning opportunities are part of simulated IPPE experiences.*

In this course, pharmacy student/intern white coat, name badge, and professional attire must **be worn at all times during IPPEs (SIM)** (assigned competency assessment).

**COVID-19**
It is anticipated that this lab course will not meet on campus during the semester. **If the course meets on campus during the semester, then all CURRENT public health precautions/measures should be taken.** For up-to-date UTEP policies, please see: [https://www.utep.edu/resuming-campus-operations/?home](https://www.utep.edu/resuming-campus-operations/?home)
Introductory Pharmacy Practice Experience (IPPE)

IPPE hours and activities have been assigned to this course. Students will be responsible to complete a total of 1 hour as part of this course (1 Simulation). The IPPE requirements of the course (e.g. site assignments) will be coordinated by Dr. Jacquelyn Navarrete with guidance from the Office of Experiential Education.

To guide this experience, students will complete a checklist/activity documenting the achievement of each learning objective. Specific information regarding these elements will be available to students in the Blackboard Course and CORE ELMS as appropriate.

During the semester, students may be able to select IPPE slot preferences through CORE ELMS. Please refer to CORE ELMS for specific dates from which they may select to schedule IPPE hours. Experiential education experiences generally occur outside of class time, including evenings, weekends, and holidays. Additionally, IPPEs may be scheduled at other times of the day.

At all times during the IPPE, students are expected to follow OEE policies, including the dress policy, and maintain professionalism. Refer to the OEE handbook for details. Additionally, while at IPPEs, students are always expected to carry with them their Texas State Board Trainee Letter/Intern Card. Students must always have readily available electronically on CORE ELMS® the following: Unexpired BLS CPR Card, HIPAA Training Certificate, Bloodborne Pathogen, etc. Refer to OEE Handbook for a complete list. Failure to exhibit credentials will result in the student being asked to leave the pharmacy site. Eligibility to return to site is determined by the preceptor and the Experiential Program Director.

Evaluation and Grading Policy

Course point distribution will be as follows:

<table>
<thead>
<tr>
<th>Type of Assessment</th>
<th>% Course Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>Weekly Assignment: Quizzes and Discussion Boards</td>
<td>80</td>
</tr>
<tr>
<td>Homework, and/or in-class activity, Written Patient Plan</td>
<td>80</td>
</tr>
<tr>
<td>Competency #1 - Case (oral)</td>
<td>100</td>
</tr>
<tr>
<td>Competency #2 - Formulation Counseling (oral)</td>
<td>100</td>
</tr>
<tr>
<td>Vocabulary Exam (Final) – Respondus Lockdown</td>
<td>40</td>
</tr>
<tr>
<td>Weekly Lab Participation (live, tutoring, or submitted)</td>
<td>0*</td>
</tr>
<tr>
<td>Total</td>
<td>400</td>
</tr>
</tbody>
</table>

*Reflects active participation and professionalism throughout class. Lack thereof may lead to a drop in letter grade. A 4-point deduction will occur for every lab where no participation is evident (live, tutoring, or submission of make-up work) up to 1 letter grade (40 points). Grades may be reviewed by instructors to evaluate overall student performance and provide opportunities for improving competency of Spanish language.

Assignment of grades (estimated based on language acquisition/demonstration of communication in Spanish)

A = Demonstrate basic two-way verbal and listening communication and understanding of written technical Spanish when averaged with other grades

B = Demonstrate basic one-way verbal communication and understanding of written technical Spanish (puts forth effort in course)

C = May demonstrate basic two-way verbal and listening or one-way verbal communication and understanding of written technical Spanish, but course effort is minimal

D= Does not demonstrate minimal written, oral, or listening technical Spanish skills when averaged with other grades

F= Does not demonstrate minimal written, oral, or listening technical Spanish skills when averaged with other grades

Letter grades are assigned according to the following class percentage:

A = 90%    B=80%    C=70%    D=60%    F≤60%

Grades may be curved based on total class performance.
To help with language acquisition, each instructor may curve based on total class performance or provide extra credit. Extra credit would not exceed more than 2% of a course grade.

All quizzes (open note) will be administered via Blackboard®. Written exams will use Blackboard® Respondus Lockdown (NO notes) unless noted otherwise. Oral Exams will use Blackboard® Collaborate.

It is the responsibility of the student to monitor his/her progress during the course and see that he/she is maintaining the required competency level. Students should seek advice and assistance from the course instructor (and coordinator) as soon as he/she encounters any difficulty in the course.

**IPPE Grade:** Students must pass Didactic and Experiential (IPPE) components (for example: paperwork, hour documentation, etc) of the course to pass the course. If a student fails to pass the components, they fail the course and must follow UTEP School of Pharmacy remediation policy.

**Course activities:**

1. **Outside Preparation, Homework, and Discussion Boards**— students are expected to complete homework, review/study vocabulary/phrases and apply grammar tips for pharmacy encounters
2. **In-class Cuenteme Practice/Dialogues** – allow for students to apply Spanish vocabulary and grammar concepts
3. **In-class Assignments and Written Patient Education Plans:** Activities to understand medication use, health literacy in Spanish, and developing simplified patient education plans in Spanish to focus on medication use and side effects in Spanish. These assignments may be due at the end of the class period (as outlined in course calendar updated in Blackboard®)
4. **Written Exams (Respondus Lockdown Browser)**— (NOT open book. Are closed book- no resources can be used) allow students to reinforce vocabulary, phrases and selected grammar and will be completed asynchronously
5. **Open-Book Quizzes** - help students review and/or practice Spanish pharmacy vocabulary, grammar, and phrases
6. **Competency Assessments (Verbal, Written, Listening)**— Students must be prepared for the virtual competency examinations (dates are outlined in the calendar). Students should have audio and video checked prior to arrival to the online assessment. Students arriving after any student(s) arriving late on the day of a competency may not be allowed to sit for the competency assessment, and may receive a score of zero. No allowances will be made for a competency being missed, other than documented illness or emergency. The student must contact the course coordinator for confirmation prior to a requested excused absence to gain permission to delay the competency; it is the student’s responsibility to contact the course coordinator to arrange for an alternative competency time. In this event, the nature of the make-up will be at the discretion of the course coordinator. An unexcused absence from a competency assessment may result in a grade of “zero” for that assessment.
7. **Simulated Patient Interviews (Spanish)**- provides practice in interview skills and practice integrating clinical information while integrating listening practice
8. **IPPE**– provides simulated and/or real-world pharmacy practice experiences (See Competency Assessments, Oral presentations, and Simulated Patient interviews)

**Questions Related to the Course and Grading/Exams**

**MATERIAL:** In general, questions related to the overall course should be directed to the coordinator. **Content/topic-specific questions** should be directed to the content instructor within **five (5) business days** of the material being presented.

**ASSIGNMENTS/EXAMS:** Any questions concerning competency assessment and exam grades should be discussed with the course coordinator within **five (5) business days** after the grades have been posted.

**REGRADE REQUEST:** Regrade requests for assignments or exams should be made within five (5) business days of the posting of the grades in writing via Blackboard® email to course instructor and coordinator. Requests regarding regrading will not be entertained after this period (unless excused absence due to extenuating circumstances or faculty coordinator).
**Competency Retake:** Students who do not achieve oral competency of at least 75% will have an opportunity to retake the oral competency.* The best grade a student can achieve on a repeat of an oral competency is 75%. Students achieving ≥75% on an oral competency are not eligible to retake the oral competency. Oral Competency retakes may occur outside of regularly scheduled class time.

**EXAM-RELATED Technology and Guidance:**
Please refer to the UTEP School of Pharmacy Student Handbook for guidance for exams (online/remote as well as on campus) [https://www.utep.edu/pharmacy/current-students/current-students.html](https://www.utep.edu/pharmacy/current-students/current-students.html)

**Online Assessment Requirements:**
This course requires the use of Blackboard Respondus Lockdown® and CORE ELMS®. Students are responsible for creating their online login within the first week of class. It is the student’s responsibility to maintain access to a reliable internet connection (with the rare exception of when UTEP’s systems are down).

If students cannot access your online account, please contact Adrian Enriquez (aalonso@utep.edu), to resolve this issue within five (5) business days of the first day of class. Students are responsible for ensuring they have access to the online assessment system. Mr. Enriquez is NOT available for questions or laptop failures/requests after business hours or on weekends.

Electronic exams that need to be downloaded should occur at a minimum of 2 hours prior to the examination as outlined in the UTEP Student Handbook guidance for exams.

**IPPE:**

**CORE ELMS Online Assessment Requirements:**
This course requires the use of CORE ELMS and Blackboard. Students are responsible for ensuring they have access to CORE ELMS before the beginning of the IPPE/APPE. If you cannot access your online CORE ELMS account, please contact Alma Dominguez (arsaldana2@utep.edu) to resolve this issue. Assessments (e.g., assignments, quizzes, and exams) may be disseminated before the due date. This requires students to download the assessment using an internet connection. It is the student’s responsibility to maintain access to a reliable internet connection (with the rare exception of when UTEP’s systems are down).

**Missed Quizzes / Exams / Assignments – Excused/Unexcused Absences**

Only students who miss an exam, quiz or an assignment due date as a result of an [excused absence](#) will be allowed to make-up the missed assignment or assessment. Students should consult the UTEP School of Pharmacy Student Handbook for definitions and examples of excused absences.

- The course coordinator MUST be notified on the day of the exam for the student to be excused from that exam for an [emergency](#).
- In the case of [religious holidays](#), the student MUST notify the course coordinator [10 business days](#) prior to the exam. Students should not assume that they can miss an exam for vacation or other personal conflicts.
- Any excused absence from an exam for [health reasons](#) must be documented with a note from an appropriate health professional.
- Any unexcused absence from an exam will result in a grade of zero for that exam.
- **IPPE** Any unexcused absence from an IPPE will results in a failure of the course in accordance to the Student Handbook.
NO make-up examinations or quizzes will be given for an UNEXCUSED ABSENCE. NO make-up pop quizzes will be given. NO late assignments will be accepted for an UNEXCUSED ABSENCE.

The course coordinator will determine the time and date for a make-up exam, which will occur before the final exam period. If the student is unable to attend either the original exam or the make-up exam, the course coordinator is not required to provide additional opportunities for the student make-up exam. The format of the make-up examination is at the discretion of the course coordinator, and may include any question type including, but not limited to, open-ended questions, an essay examination, or oral examinations.

Remediation Policy
Remediation occurs if a student fails the course. Students must participate fully in the course to be eligible for remediation. Please refer to the Student Handbook for end-of-course remediation policies and timelines (see Student Handbook: Table of Contents for End of Course Remediation).

Course Evaluation
During this course, you will be provided with an opportunity to evaluate this course and your instructors. The Associate Dean for Assessment, Accreditation, and Strategic Planning will send an email reminder toward the end of this course for you to complete the course evaluation. UTEP uses an online course evaluation system. Course Evaluations can be taken at my.utep.edu by clicking on the CLASSES TAB on the left. The Course Evaluation module will appear and your classes will be listed. Click on the Course Name, or CRN, to complete the evaluation for the course. Your participation is an integral part of this course and the accreditation process, and your feedback is vital to improving education at the School of Pharmacy.

General Statement about Course Policy
The syllabus is subject to change to meet course needs, especially if there are unexpected disruptions or changes in class size, resources, etc. The most updated syllabus can be found on the course Blackboard shell. It is the student’s responsibility to review the syllabus periodically for updates.

UTEP and SOP Policy for Academic Integrity
Any student who commits an act of academic dishonesty is subject to discipline (which could include failure of course or dismissal from School of Pharmacy). Please refer to the Student Handbook for SOP guidance on academic integrity (see Student Handbook - Table of Contents for Curriculum and Classroom Policies: Academic Integrity).

Academic dishonesty includes, but is not limited to, cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, and any act designed to give unfair advantage to a student or the attempt to commit such acts.

Proven violations of the detailed regulations, as printed in the Handbook of Operating Procedures (HOP), and available in the Office of the Dean of Students and on the homepage of the Dean of Students at www.utep.edu/dos, may result in sanctions ranging from disciplinary probation, to a failing grade on the work in question, to a failing grade in the course, to suspension or dismissal, among others. (For more information, see: https://www.utep.edu/student-affairs/osccr/student-conduct/academic-integrity.html)
Professionalism and Professional Conduct
While enrolled at the University, a student neither loses the rights nor escapes the responsibilities of citizenship. Thus, UTEP and the SOP value professionalism and expect all students to not only acquire but also maintain the highest standards of professional attitudes and behaviors in their interactions with their fellow classmates, staff, faculty, colleagues and their patients, as described in the UTEP School of Pharmacy Student Handbook and as per UTEP’s student conduct policies (see https://www.utep.edu/student-affairs/osccr/student-conduct/index.html for further information). Any student who engages in conduct that is prohibited by the Board of Regents’ Rules and Regulations, University or SOP rules or by federal, state, or local law is subject to discipline whether such conduct takes place on or off campus or whether civil or criminal penalties are also imposed for such conduct. Please refer to the Student Handbook for specific expectations regarding professional conduct in the SOP (see Student Handbook: Table of Contents for Academic Progression: Good Standing: Professional).

Cell Phones
Students should carry cell phones, but keep the phone on the vibrate mode in the event students need to be notified by the emergency alert system. **Disruptive cell phone use for the purpose of texting, email or social media is not permitted.** This use is disruptive to fellow classmates, faculty and the learning environment. The use of a cell phone or the ringing of the phone in class is considered unprofessional behavior. No cellphones, calculators, laptops or other items may be used during an assessment (e.g., exam or a quiz) unless specifically as part of that assessment and approved by the faculty member/instructor.

Technical Assistance
Checking computer requirements and ensuring that all software up to date is essential for students to access course content. **Supported browsers include** –

1) **For a PC:** Mozilla FireFox and Google Chrome (NOT Internet Explorer)
2) **For a Mac:** Safari, Firefox, and Chrome

Check for updates on supported browsers: https://help.blackboard.com/Collaborate/Ultra/Participant/Get Started/Browser Support#supported-browsers_OTP-0

To enhance browser performance, students should clear the browser cache and allow pop-ups. In addition to testing the web browser, check to ensure that the computer has an updated version of Java (go to http://java.com, click on “Do I have Java”, click on “Verify Java Version,” update Java if needed). Additional browser plug-ins may also be needed to view some content that your instructor may share on the learning management system. Common plug-ins include: Adobe Reader, Flash Player, Windows Media Player, QuickTime. When creating documents, slide presentations, spreadsheets, etc., be sure to use Microsoft Office or a compatible program (see 10 Free MS Word Alternatives). The UTEP Technology Support Services (3rd floor, UTEP Library) can also provide students with any applications, compatibility packs, patches, and updates that may be needed.

Students working off campus may need to set up a Virtual Private Network (VPN) on their computer to access UTEP resources for this class (i.e., Library). The link below provides information in setting up a VPN connection depending on the operating system. Students may contact the UTEP Help Desk (915-747-HELP) for assistance (or https://www.utep.edu/technologysupport/ServiceCatalog/NET_VPNGlobalProtect.html).

**ExamSoft Technical Support:** 866.429.8889 or 954.429.8889

If technical problems are experienced with the course, students should contact the UTEP Help Desk during: Monday–Friday: 8AM – 5PM. If calling within UTEP: 915.747.4357. If calling from outside UTEP: 915.747.5257.
For more information, please visit http://helpdesk.utep.edu. For help with Blackboard: https://www.utep.edu/technologysupport/ServiceCatalog/BB_Students.html

Students can also visit an on-campus lab such as the ATLAS lab located within the Undergraduate Learning Center (UGLC building) for additional technical assistance. In addition to the various campus computer labs (ATLAS in UGLC or LACIT in Liberal Arts for example), Technology Support Services provides workstations for student use. To learn more, please visit: https://www.utep.edu/technologysupport/ServiceCatalog/BB_Students.html

**UTEP and SOP Policy for Special Accommodations (ADA)**

“If you have or suspect a disability and need classroom accommodations, you should contact the Center for Accommodations and Support Services (CASS) at 747-5148.” You can also e-mail the office at cass@utep.edu or go by their office in Union Building East (Room 106). For additional information, visit the CASS website at http://sa.utep.edu/cass/

---

**Additional Information**

**Campus Concealed Carry:**
Effective August 1, 2016. https://www.utep.edu/campuscarry/

**Civility Statement:**
You are expected to follow basic standards of courtesy (https://www.utep.edu/student-affairs/dean-of-students-office/community-of-care/) and may be dismissed from class for blatant or sustained disruptive behavior.

**Student Support:**
UTEP provides a variety of resources for those in need (e.g., if you feel overwhelmed, stressed or dealing with a crisis):
- UTEP’s Counseling Center (free counseling to all students): 915-747-5302, which after-hours goes to a crisis line
- Mental Health Crisis Line: 915-779-1800
- National Suicide Prevention Hotline: 1-800-273-8255 / suicidepreventionlifeline.org
- Veterans Crisis Line: 1-800-273-8255 / www.veteranscrisisline.net

**Title IX:**
Title IX of the Education Amendments of 1972 (Title IX), prohibit discrimination on the basis of sex in education programs or activities operated by recipients of Federal financial assistance. Sexual harassment of students, which includes acts of sexual violence, is a form of sex discrimination prohibited by Title IX. Sexual violence refers to physical sexual acts perpetrated against a person’s will or where a person is incapable of giving consent due to the victim’s use of drugs or alcohol. An individual also may be unable to give consent due to an intellectual or other disability. A number of different acts fall into the category of sexual violence, including rape, sexual assault, sexual battery, sexual coercion, stalking, and relationship violence. All such acts of sexual violence are forms of sexual harassment covered under Title IX.

In accordance with Title IX of the Education Amendments of 1972, UTEP does not discriminate on the basis of sex in the operation of its educational programs and activities. This commitment to non-discrimination applies to both employment in and admission to such programs and activities. [Link to full text at https://www.utep.edu/titleix/]
