UNIV 1301 Attendance Policy

Students are expected to attend the scheduled online course meetings. Roll will be taken for each meeting. Students are expected to log-in and check the course (at minimum) **every other day** to keep up. You will have assignments due every week. Email messages are sent to your **UTEP email address**, making daily email checks imperative for your success.

Course Drop / Withdrawal Policy

Lack of student activity for a full calendar week **places the student at risk for being dropped** from the course by the instructor. Communication of any planned lack of access must be given to the instructor in a timely manner.

Social Media Policy

Student enrolled in the UTEP SON must practice and behave in a manner that protects clients by exercising reasonable judgment when using social media technologies whether in their personal or professional lives. Inappropriate use of Electronic/Social Media can lead to disciplinary action including but not limited to formal reprimand, suspension or dismissal from the program which is contingent upon the nature of the infraction. Students enrolled in the UTEP SON can also be held personally liable. Such violations may result in civil and criminal penalties including fines or possible jail time in accordance with state and federal laws.

Submission of Late Work Policy

Assignments are due by **11:59pm (MST)** on the **due date calendar/course schedule**. Assignments (not including DB forums or Quizzes) will be accepted after the due date for up to 3 days (72 hours); however, there will be a **deduction of 10% from the total assignment points per 24 hours past the due date**. Late points start immediately following the due date/time.

This is done in fairness to those students who turn in their assignments on time. After 3 days past the due date (72 hours)—no assignments will be accepted. The only exception is with extenuating circumstances or events that have been discussed with the instructor **PRIOR** to the deadline.

Submissions must be in doc, docx, or PDF format to allow the instructor to open and view them.

Discussion Board Policy

Discussion Boards will be open from Monday thru Saturday of the scheduled week. Original posts are due by **Wednesday at 11:59pm MST** of the scheduled week. Peer responses are due by **Saturday at 11:59pm MST** of the scheduled week. Should follow **APA format** with *at least* one in-text citation and one reference. It is recommended that students type their discussion board posts in Word rather than directly to the discussion board. This practice allows the student to correct grammar and spelling errors prior to submission and allows the student to save copies of their submissions in their electronic course folders. Initial postings should be a minimum of 300 words and peer responses should be a minimum of 100 words. You are expected to post at least two responses to another student's posting for each DB forum. Dates for postings are listed on the course calendar.

Syllabus Change

Except for changes that substantially affect the grading statement, this syllabus is a guide for the course and is subject to change. Any changes to the syllabus will be announced on Blackboard. It is your responsibility to stay updated.

Netiquette Guidelines

As you may know, when communicating electronically, many of the feelings or impressions that are transmitted via body language in face-to-face communications are lost. Consequently, interpreting emotions and innuendoes is far more difficult. Only what is written, or drawn, carries the message. Often excitement can easily be misinterpreted as anger or an insult. It is important that everyone keep this in mind when communicating electronically. Words in print may appear harmless; however, they can emotionally injure the person reading them. More information can be found at <http://www.albion.com/netiquette>.

Being Successful in Online Courses

Online learning is not a spectator sport. It is everyone's responsibility to participate as fully as they can, so everyone can get the most from the experience. Here are some simple rules to follow to ensure your participation and engagement in the learning process:

- **Ask questions:** If you do not know the answer, another student may. The discussion board is the area for asking questions related to content OR any problems (related to the class) you are having. Make sure that you have clearly indicated the subject of your message. The instructor and peer leaders will monitor this forum, and confirm the correct answer for the group
- **Reach out to others:** Offer a fact, article, link, or other item that can help others learn something you can share.
- **Be appropriate:** The online classroom is not the place for insulting or insensitive comments, attacks, or venting. Inappropriate behavior can be subject to disciplinary action, as well.
- **Be diplomatic:** When sending messages on emotionally charged topics, it is recommended that you write the message and then walk away for at least an hour before re-reading the message and then sending it. Re-reading emotionally charged messages ensures that they are constructive instead of destructive. Think of the person at the other end.
- **Stay focused:** Stay on topic to increase the efficiency of your learning.
