

**THE UNIVERSITY OF TEXAS AT EL PASO**  
**COLLEGE OF SCIENCE**  
DEPARTMENT OF MATHEMATICAL SCIENCES

**COURSE BASICS**

Course Number: MATH 1411: **CRN: 21470**  
Course Title: Calculus I  
Credit Hours: 4  
Term: Spring 2024  
Meeting and Location: Mondays & Wednesdays 1500-1620 at LART room 102 AND Tuesdays 1500-1550 at Educ room 112.  
Prerequisite Courses: MATH 1508 with a grade of C or higher or proper placement

**INSTRUCTOR INFORMATION**

Instructor: Jazmin Quezada  
Office Location: TBA

**Contact**

Instructor email: [jquezada12@utep.edu](mailto:jquezada12@utep.edu)  
Course coordinator: Julio Urenda, Ph. D. at [jcurenda@utep.edu](mailto:jcurenda@utep.edu)  
Math Department: [mathdept@utep.edu](mailto:mathdept@utep.edu)

*Emails will be answered between the following days and hours. Emails received outside these windows will be addressed during the next period or at my discretion, whichever is sooner. MW:9am11am*

Office Hours: Tuesdays: 1200-120 or by appointment

*During scheduled times, you may drop in without an appointment. You are only required to attend the sessions if you have questions. If you need help and cannot participate during the scheduled time, please email me to schedule an appointment.*

**COURSE OVERVIEW**

**Course Objectives**

You will clearly understand the ideas of differential and integral calculus as a solid foundation for subsequent courses in mathematics and other disciplines and direct application to real-life situations. Topics include limits, continuity, differentiation, and integration of functions of a single variable.

**Learning Outcomes**

Upon successful completion of Calculus I, you will:

- Compute limits and derivatives of algebraic, transcendental, and piece-wise defined functions.
- Identify and apply the most common derivative rules associated with the algebra of functions.
- Compute definite and indefinite integrals of algebraic, trigonometric, inverse trigonometric, exponential, logarithmic, and piece-wise defined functions.
- Determine the continuity and differentiability of a function on its domain.
- Analyze the derivative of a function to determine.
  - Critical values
  - Inflection Points
  - Subsets of monotonicity
  - Subsets of fixed concavity
- Analyze the graph of a function to estimate its derivative and infer functional properties.
- Solve problems in a range of mathematical applications using the derivative of the integral and
- Familiarize and apply.
  - Rolle's Theorem
  - The Mean Value Theorem
  - The Intermediate Value Theorem
  - The Fundamental Theorem of Calculus

## REQUIRED MATERIALS

### Textbook

Calculus by Larson, 12th Edition (available as e-book and hardcover) with an Enhanced WebAssign Access code. ISBN-13: 978-0357749135

#### *Required*

You must have the Enhanced WebAssign access code. This gives you full access to both the assignments and the e-book.

#### *Optional*

A hard copy of the textbook is available but optional for the class. The e-book is adequate and comes with the necessary access code.

### Calculator

A Scientific Calculator is required (for example, TI-30XIIS). A graphing calculator with derivative and integration capabilities is not allowed.

### Online Components

You are required to have a WebAssign account (free) and the Enhanced WebAssign access code (paid access).

Ensure your UTEP e-mail account works and you have consistent internet access and a stable web browser. [Mozilla Firefox](#), [Google Chrome](#), and [Safari](#) are the most supported browsers for both Blackboard and WebAssign.

You will need to have regular access to a computer or laptop. There may need to be more than a cell phone for doing coursework. You will need to download or update the following software:

- [Microsoft Office](#) (available for free through UTEP),

- [Adobe](#),
- [Windows Media Player](#) or [QuickTime Player](#), and
- [Java](#).

## Blackboard

[Blackboard](#) will be our primary platform. You can see announcements, grades, and course materials inside the Blackboard course.

### Modules:

This course is designed using a modular format. Each chapter is “packaged” as a single module so that all the materials, lecture notes, submission areas, and discussion posts are in one place for a given week.

## WebAssign

WebAssign is an online Course Management System of Cengage, the publisher of our text. **You must have a reliable internet connection to take this course.** You will use the instructions below to access and register for WebAssign using your official [UTEP email account](#). You will have a 14-day free trial to access your coursework immediately.

### Instructions to access and register for WebAssign:

On the first day of classes, go to [www.webassign.net](http://www.webassign.net) and follow these steps:

- 1) Click on “Enter Class Key.”
- 2) Enter the class key given by your instructor. Be sure to include all three sections shown:  
**utep70654766**
- 3) Verify the section number and instructor name, then enter your information. Please use your official UTEP miners’ email and remember the password you created.
- 4) The next time you log in, click “Log In” and enter your [UTEP miners e-mail](#) and the password you created.

**<Alternatively, you can place your WebAssign enrollment link and minimize the steps above.>**

You must purchase an access code to log in as soon as possible and before the grace period ends. If you bought a new book from the UTEP bookstore, the code should have come with it. When entering the code, appropriately enter all the words and characters in the boxes.

## Activities and Assignments

You will find all assignments on [www.webassign.net](http://www.webassign.net). Please use Mozilla Firefox, Google Chrome, or Safari since WebAssign works best with these browsers. All work, including homework, quizzes, and exams, will occur through WebAssign.

### Resources:

You will have course PowerPoint and video access through the Resources section of WebAssign. You can click on resources at the bottom of your WebAssign homepage and access PowerPoint lectures from the publisher and the Cengage lecture videos for each section we cover.

### Tutoring

The MaRCS tutoring center offers free tutoring for math classes. Their website has more information: <https://www.utep.edu/science/math/marcs/>.

There are several valuable features in WebAssign designed to give extra help. These include “Watch it” and “Master it” links. These are publisher-created and have been enabled for every homework question for which they are available.

I am also available during office hours to help with questions.

## **Class Activity Settings**

### Homework Assignments

All homework will be completed on WebAssign. Each question has five attempts. I recommend you get help after the 3rd incorrect submission rather than waiting until you are out of attempts to get help.

The Ask Your Teacher feature of WebAssign is the best way to ask questions about your homework, as it shows me the entire problem. You are encouraged to use this as your first contact method whenever you have homework questions.

### Quizzes

After a few homework sections, you will have a 60-minute timed quiz over that material again on WebAssign. These questionnaires may contain problems you have yet to see previously, but they will be based on the same concepts.

The password for all quizzes is the word **ready**.

Each question has three attempts. If you choose to start a quiz less than 60 minutes before the due date, the examination will conclude at the due date, and your answers will be auto-submitted. Please note that after you open the quiz assignment, it will show an updated due date and time precisely one hour after you begin that quiz. This is because it is a timed assignment, and you **cannot** return to work later.

### Exams

An exam review will be available on WebAssign one week before the exam date. The exam review is a homework score, so complete it promptly. The exams will be available on WebAssign for 24 hours on the date specified by the course calendar and listed below. The exam is timed at 120 minutes (two hours) and will have an accessible scientific calculator. You have two attempts at each problem.

- Exam 1      Friday, February 16, 2024**
- Exam 2      Friday, March 29, 2024**
- Exam 3      Friday, May 3, 2024**

The password for all exams is the word **ready**.

If you choose to start an exam less than 120 minutes before the due date, the exam will conclude at the due date, and your answers will be auto-submitted.

You can retake each midterm exam, where you have the chance to improve your grade if you desire. *The exact dates are available on WebAssign.* **The same scheduling rules apply to retake examinations.**

## Final Exam

The final exam will be available on **Monday and Tuesday** of the final exam week. This exam is comprehensive and is required for all students. Remember, the final exam is worth 30% of your course grade. The final exam is timed at 165 minutes (2hr45min) and will have an accessible scientific calculator.

The password for the final exam is the word **ready**.

### *Timed Assignments:*

For all timed assignments, the clock begins once you open the task. This clock will not stop for any reason, not even if you log out. For this reason, checking for any updates on your computer before beginning the timed assignments is vital. The due date will change to reflect the time limit for timed tasks once you start the quiz or exam.

## Grading Policy

Your graded work decomposes as follows:

Category	Percentage Weight Towards Final Grade
Homework	10%
Quizzes	15%
Exam I	15%
Exam II	15%
Exam III	15%
Comprehensive Exam	30%

Letter grades are determined according to the following scale:

Numerical Value	Letter Grade
90 or above	A
80 or above but less than 90	B
70 or above but less than 80	C
60 or above but less than 70	D
Less than 60	C

We will establish a contract of work to be completed with deadlines.

## Drop Policy

***The Drop Date for this semester is March 28 before 5:00 PM MDT. No drops will be approved after this date or time.***

Students who decide to drop the course must process a drop form by emailing from your official UTEP email account to [records@utep.edu](mailto:records@utep.edu) by the above date. When you email, be sure to do so from your official UTEP miners email account and include your full name, student ID number, and complete class details such as the course name, number, and CRN. Please note that the College of Science will remain aligned with the University and **will not approve any drop requests after that date.**

## Incomplete Grade Policy

Incomplete grades may be requested only in exceptional circumstances after you have completed at least half of the course requirements successfully. Talk to me immediately if you believe an incomplete is warranted.

## Course Schedule

A comprehensive course schedule is located on the last pages of this syllabus. Some semester highlights are included. You may refer to [UTEP Academic Calendar](#) for more details.

## COURSE COMMUNICATION

Student office hours are when you can get individualized help from me. I can answer course content questions and address your class concerns. During scheduled times, you may drop in without an appointment. You are only required to attend the sessions if you have questions. If you need help and cannot participate during the scheduled time, please email or text me to schedule an appointment.

Office hours are only held during regular university scheduling. Please allow at least one business day for the return of emails. Evening and weekend emails will be attended to during normal business hours—other times at the instructor's discretion.

During off-scheduling (Finals week) or condensed scheduling (late start, closed university), hours will be adjusted appropriately.

How we will stay in contact with each other:

- **Office Hours:** I will have student office hours in my office and by appointment. My office hours will be held during the following times:
  - Tuesdays: 12- 2 p.m. Mountain Time
  - Wednesdays: 9-11 a.m. Mountain Time
- **Email:** UTEP e-mail is the best way to contact me. I will make every attempt to respond to your e-mail within 24-48 hours of receipt. Email me from your UTEP student account and put the course number in the subject line. In the body of your e-mail, clearly state your question. At the end of your e-mail, put your first and last name and university identification number.
- **Announcements:** Check the Blackboard and WebAssign announcements frequently for updates, deadlines, or other important messages.

## UNIVERSAL COURSE POLICIES AND STATEMENTS

### Make-up Policy

#### Homework

A homework extension can be requested within seven days after the due date. To do so, log in to WebAssign and click on My Assignments. Scroll to the assignment you want to extend and click Request Extension. Select "Automatic" and "Accept" the extension. The new due date will be 48 hours before the extension is requested. Note that this means that the **timing** will also change. No penalty will be applied

to problems submitted after the original due date. You may extend each homework assignment only once, so be sure you are ready to do the work when you accept the extension.

You may not view the key to a homework assignment before requesting the automatic extension.

### Quizzes

There are no extensions for quizzes. Quizzes are available before their due date. Please make plans to take the quiz early if you have a conflict.

If you feel like you have some extenuating circumstance or have an excused absence that will keep you from completing the assignment or quiz promptly, please get in touch with me immediately and be prepared to show supporting documentation.

### *University-Sponsored Events*

These include, but not exclusively, attending conferences and athletic competitions. Please inform me of any traveling conflicts before they leave and make adequate arrangements to make up the missed material within one week of returning. Please do so to avoid the forfeiture of points.

### Exams

A make-up exam will only be given in extraordinary circumstances, such as severe illness or death in the immediate family, and with appropriate documentation (e.g., doctor's note).

### Alternative Means of Submitting Work in Case of Technical Issues

I strongly suggest you submit your work with plenty of time to spare if you have a technical issue with the course website, network, or computer. I encourage you to save all your work (answers to discussion points, quizzes, exams, and essays) in a separate Word document as a backup. This way, you will have evidence that you completed the work and will not lose credit. If you are experiencing difficulties submitting your work through the course website, please contact the UTEP Help Desk.

You can email me your backup document as a last resort. You must also have proof of the technical issue with at least a screenshot or email from your internet provider of an outage in your area.

## **Attendance Policy**

You are expected to work toward the completion of the course assignments daily. Your completed tasks measure attendance in this course. Failing to complete tasks is equivalent to being absent. Please complete work for several weeks to avoid dropping out of the course section. You must regularly check Blackboard and your UTEP Miners email for announcements and the WebAssign Announcement section.

## **Academic Integrity Policy**

The University policy is that all suspected cases or acts of alleged academic dishonesty must be referred to the Dean of Students for investigation and appropriate disposition. Any student who commits an act of academic dishonesty is subject to discipline. Academic dishonesty includes but is not limited to, cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, any act designed to give an unfair advantage to a student or the attempt to commit such acts.

Each student is responsible for notice of and compliance with the Regents' Rules and Regulations provisions, which are available for inspection electronically at <https://www.utsystem.edu/offices/board-regents/regents-rules-and-regulations>.

All students are expected and required to obey the law, comply with the Regents' Rules and Regulations, with System and University rules, with directives issued by an administrative official during their authorized duties, and observe appropriate standards of conduct for the University. A student who enrolls at the University must conduct themselves in a manner compatible with the University's function as an educational institution.

Any student who engages in conduct that Regents' Rules prohibit and Regulations, U. T. System or University rules, specific instructions issued by an administrative official or by federal, state, or local laws is subject to discipline, whether such conduct takes place on or off campus or whether civil or criminal penalties are also imposed for such behavior.

### **Course Etiquette Policy**

All correspondence with your instructor, TA, and other students should be conducted appropriately and professionally. Please be considerate of your tone and word choice in all your posts.

### **Accommodation Policy**

The University is committed to providing reasonable accommodations and auxiliary services to students, staff, faculty, job applicants, applicants for admissions, and other beneficiaries of University programs, services, and activities with documented disabilities to provide them with equal opportunities to participate in programs, services, and activities in compliance with sections 503 and 504 of the Rehabilitation Act of 1973, as amended, and the Americans with Disabilities Act (ADA) of 1990 and the Americans with Disabilities Act Amendments Act (ADA) of 2008. Reasonable accommodations will be made unless it is determined that doing so would cause undue hardship for the University. Students requesting accommodation based on a disability must register with the UTEP Center for Accommodations and Support Services (CASS). Contact the Center for Accommodations and Support Services at 915-747-5148, email them at [cass@utep.edu](mailto:cass@utep.edu), or apply for accommodations online via the CASS portal.

### **COVID-19 Precautions**

*Please stay home if you have been diagnosed with COVID-19 or are experiencing COVID-19 symptoms; let me know as soon as possible so we can work on appropriate accommodation or formulate a strategy if you feel unwell or fall ill.*

*If you still need the vaccine, it is widely available in the El Paso area; for more information about the current rates, testing, and vaccinations, please visit [epstrong.org](http://epstrong.org). Also, if you have any questions or concerns about COVID-19, please email [covidaction@utep.edu](mailto:covidaction@utep.edu) for assistance.*

### **Military Statement**

If you are a military student with the potential of being called to military service or training during the semester, please get in touch with me as soon as you receive your orders.

## Copyright Statement

All materials used in this course are protected by copyright law. The course materials are only for students currently enrolled in this course and only for this course. They may not be further disseminated.

## Culture of Care Statement

UTEP promotes a culture of care and excellence. In this course, I strive to model kindness and do my best to support you in learning while maintaining high expectations and learning outcomes.

## COURSE RESOURCES

Where you can go for assistance, UTEP provides a variety of student services and support:

### Academic and Technology Resources

- [Help Desk](#): If you are experiencing technological challenges (email, Blackboard, software, etc.), you can submit a ticket to the UTEP Helpdesk for assistance. Contact the Helpdesk via phone, email, chat, website, or in person if on campus, Academic Resources.
- [UTEP Library](#): Access a wide range of resources, including online full-text access to thousands of journals and eBooks, a reference service, and librarian assistance.
- [Math Tutoring Center \(MaRCS\)](#): Ask a tutor for help and explore other available math resources.

### Individual Resources

- [Military Student Success Center](#): Assists personnel in any service branch and their dependents in reaching educational goals.
- [Center for Accommodations and Support Services](#): Assists students with ADA-related accommodations for coursework, housing, and internships.
- [Counseling and Psychological Services](#): Provides various counseling services, including individual, couples, and group sessions, as well as career and disability assessments.
