Grading Policy:

Participation (80 Points): UTEP Dance Absence Policy

Technique classes meeting 4 and 5 times a week:

For courses that meet four or five times a week, the maximum allowance for an entire semester is **8** absences. The 6th, 7th, and 8th absences result in the lowering of the overall course grade by ½ letter each. On the 9th absence, the student fails the course regardless of course average.

Exceptions:

- If a student is quarantining or is not present F2F *because of COVID or COVID symptoms*, if the student contacts the instructor and attends class remotely (via Zoom with camera ON), that does not count as an absence provided that the student will submit **a summary of the class via email to the instructor by 11pm MT on the day of observation.**
- In the event of international bridge closures, exceptions may be made, and make-up course work assigned.
- In case of an injury or extended illness, it is the student's responsibility to meet with his or her instructor to discuss practical solutions for course continuation or to consider dropping the class.
- In the event of highly unusual or extenuating circumstances, a student may petition the course instructor and department chair for permission to continue in a course.

Please also keep in mind the following criteria used to determine exemplary participation:

- Remaining engaged throughout the entire class.
- Applying corrections and responding with a positive attitude.
- Practicing course material.
- Asking questions.
- Making every effort to improve one's technique.
- Wearing the proper attire and required shoes.
- Demonstrating responsibility for your technique, assignments, and attitude.

Critical Analysis & Critique (10 Points):

The critical analysis will consist of viewing an approved professional dance concert and writing a detailed critical analysis and critique. Please see the list below of "Approved Dance Concerts for Critical Analysis and Critique." Please remember that viewing one of the dances listed below, as well as writing a critical

analysis and critique is a required part of this course. Papers can be submitted in the assignment link in Blackboard at any point during the semester. The deadline to submit the Critical Analysis for credit is on Monday, December 11, 2023 (11:00pm MT).

As part of our dance technique class, you are required to view a dance concert and compose a typed, double-spaced paper detailing your opinion of the dances and experience observing a virtual dance performance. The paper will be composed outside of class time and submitted through the Blackboard site no more than one week after the date of viewing the performance. All papers must be submitted through Blackboard in PDF format. A more detailed description of the expectations for the Critical Analysis and Critique is available in Blackboard (See Dance Concert Critical Analysis and Critique Instructions). Please remember to review the observation and review guidelines prior to attending the concert.

Final Exam (10 Points):

The Choreography Project will be held at the end of the semester. This is the culmination of your Ballet experience for this semester. The project will consist of working in a group with other students in the DANC 3341/4341 course to choreograph a phrase of 8, 8 counts of ballet technique using the movement we have worked on in class during the semester. The Choreography Project will then be performed by the group during our last class on Thursday, December 7, 2023 (12:00-1:20pm).

Exam Date: Thursday, December 7, 2023, at 12:00pm. **Late Final Exam**

Choreographic Projects will not be accepted.

Please make sure to read the directions for the Final Exam in Blackboard prior to beginning the project.

Intermediate Ballet (5-0) Continuation of 2342 at the first intermediate level. Prerequisite: DANC 1342 or department approval.

2. Course Objectives:

Upon completion of this course, the student will be able to:

- Students will learn intermediate-advanced ballet technique and principles.
- Students will illustrate proper alignment for ballet positions one through five.
- Students will identify, define, and correctly spell basic ballet terminology.
- Students will develop physical strength, flexibility, coordination, agility, timing, rhythm, grace, and body control.
- Students will codify steps and link movements together to produce a phrase/dance.
- Students will analyze elements of a dance performance and develop awareness of style in the technique of ballet.

3.Classroom Expectations:

Please be advised that the Intermediate/Advanced Ballet class is an academic course and not a recreational course. The following classroom expectations are designed to create a supportive, creative, and respectful learning environment.

- 1 Arrive to class **ON TIME** and ready to learn. Do not be late! If you are more than 10 minutes late to class, you will NOT be allowed to participate that day and will be asked to observe instead. This is to protect you from injury, as well as to teach proper dance etiquette.
- 2 Students will only receive credit for observing class 2 times. Students observing class are required to take notes on their observations and submit the notes to the instructor at the end of class. Failure to take notes and submit those notes to the instructor at the end of the class period will result in the student not receiving credit for that day.
- 3 If you miss class role at the beginning of class, it is your responsibility to let your instructor know you are in attendance after class is over. If you fail to let your instructor know of your attendance that day, you will be marked as not participating. Please be responsible and arrive at class on time.

- 4 You must check your UTEP email account regularly. If you do not use your UTEP email account, then you must link it to your primary email account. I will use Blackboard to communicate valuable information such as directions for the critical analysis paper, information about the final exam, and any class changes.
- 5 Proper attire is required to participate in class. Please dress appropriately for the Ballet technique class.
 - Leotard, tank top, t-shirt, tights or leggings, and ballet shoes. No bare legs. No shorts. No denim.
 - You are required to purchase and wear the proper ballet shoes. Ballet shoes (“flats” or “slippers”) can be purchased online through: www.discountdance.com
- 6 Hair must be secured off the neck and away from the face. You will be asked to put your hair up if you come to class without it properly secured.
- 7 No hats. Minimal jewelry is expected.
- 8 You may wear warm-up clothes if they are approved, but they should be removed by mid-barre. This enables me to see your placement and offer valuable corrections. What I cannot see, I cannot correct.
- 9 No gum! No gum! No gum! If you are chewing gum during class, you will be required to spit it out in the trash can outside. This rule exists for safety reasons.
- 10 It is expected that each student will work hard, challenge their personal best, and remain attentive throughout the class.
- 11 Participate physically and mentally in a safe manner. It is important to listen to your body! We will discuss this throughout the quarter.
- 12 Exhibit the ability to spontaneously respond to auditory and visual cues.
- 13 This is a physically active course. I will use visual and auditory cues to teach the technique. I also use physical adjustments to correct anatomical mistakes to help prevent injury. If you are uncomfortable having me correct you in a physical manner, please let me know with a simple, “No thank you” in person or via email.
- 14 I hope that any student who does not understand the material presented will ask for a further explanation at an appropriate time.
- 15 Please be responsible. This is an academic class. Please feel free to schedule a meeting with me during my office hours should you need additional support (Tuesday, 10:30-11:30am).
- 16 Conduct yourself in a manner that is respectful and supportive of yourself, your instructor, and your fellow students.
- 17 It is **YOUR** responsibility to drop the class if you are no longer attending.
- 18 It is expected that students will follow the Intellectual Property Rules as they apply to this course.
- 19 At the conclusion of class, each student is responsible for cleaning the

floor, barres, and/or other surfaces with the sanitizing wipes provided by the UTEP Theatre & Dance Department.

- 20 Finally, enjoy your ballet practice. This is your time to learn, enjoy, and cultivate your appreciation and understanding of the art of ballet.

UTEP DANCE Policies:

Absence Policy:

For courses that meet four and five times a week (F2F and/or synchronously), the maximum number of absences allowed without failing the course is 8. Five absences result in no penalty and require no justification. *Each* of the 6th, 7th, and 8th absences result in the lowering of the overall course grade by ½ letter. On the 9th absence, the student fails the course regardless of course average. Five tardies (over 10 minutes late) count as one absence.

Four courses that meet twice a week (F2F and/or synchronously), the maximum number of absences allowed without failing the course is 4. The 3rd and 4th absences will result in a drop of ½ letter each in the student's overall grade. At the 5th absence, regardless of the student's current course standing or grade, the student automatically fails the course. Three tardies (over 10 minutes late) count as one absence.

In the event of international bridge closures, the student needs to contact the instructor as exceptions may be made and make-up course work assigned.

In the event of highly unusual or extenuating circumstances, a student may petition the course instructor and department chair for permission to continue in a course.
