- Plagiarism occurs when someone intentionally or knowingly represents another person’s words or ideas as his or her own.
- Collusion involves unauthorized collaboration with another person or group to commit any academically dishonest act.

Any act of academic dishonesty attempted by a UTEP student is unacceptable and will not be tolerated. Violations will be taken seriously and will be referred to the Office of Student Conduct and Conflict Resolution for possible

Responsible, Ethical and Effective Electronic Communication

Communicating online is different than in person. Please be mindful of your communication and be understanding when reading others’ communication. In an online environment, many of the feelings or impressions that are transmitted via body language in face-to-face communications are lost. Consequently, interpreting emotions and innuendos can be difficult. Only what is written, or drawn, carries the message. Often, excitement can be misinterpreted as anger or insult. We all need to keep this in mind as we communicate. Words in print may seem harmless, but they can injure us emotionally when working at a distance. Hence, we must be conscious of how we communicate while working at a distance and use good netiquette, that is, online communication etiquette. For example, your classmates may not know who is posting a comment, so clearly identify yourself when posting to a discussion board. Furthermore, avoid using all capital letters in electronic communication, as all caps come across as shouting.

The standard netiquette for participation in networked discussion requires that all comments focus on the topic at hand, without becoming personalized, and be substantive in nature. In other words, you certainly may disagree with others, but you must do so respectfully. You may express strong beliefs or emotions, but you may not get so carried away that you lose all perspective on the course itself.

You can find more information on netiquette, the etiquette of Internet communication, at www.albion.com/netiquette.

Week 4 Assignment	<p>Week 4 Assignment: Because of limited parking space, your campus wants to motivate students to ride their bicycles to campus, instead of driving their cars. The allocated budget for this campaign is \$2000. The estimated implementation time is 3 months.</p> <p>You have been asked to develop a PR plan that fulfills the following goals:</p> <p>Increase awareness of the health, environmental and economic benefits of riding a bicycle to campus Increase the number of bicycle riding students</p> <p>Using the elements of a plan discussed in this week’s readings (Chapter 6):</p> <p>Write a public relations program for this initiative.
