**CLINICAL SUPERVISOR ASSIGNMENTS:** Your Assigned Supervisor is based on the needs of the program. Please note that the instructor of record may not be the same as your clinical supervisor. Your final grade will be determined by your clinic supervisor.
based on your performance in your clinical competencies. Your clinical supervisor will provide your grade to be entered by the instructor of record. Any issues that may arise with regards to your grades need to be addressed with your clinical supervisor.

II. Course Description

This course is a supervised clinical practicum, in which graduate students provide services for individuals communication impairments in the UTEP Speech, Language, and Hearing Clinic. University practicum during some semesters includes participation in off-campus sites. This course will prepare students with skills related to clinical procedures and management in speech language pathology. This includes the preparation of treatment plans, diagnostic reports and other written documentation of client performance and progress. The treatment sequence, ethical decision making, universal precautions for infection prevention, and the team approach to treatment will also be discussed.

III. Course Objectives

In completion of this course, students will meet all course objective and demonstrate clinical knowledge and skills in the following areas in accordance with the American Speech-Language Hearing Association (ASHA) 2020 Standards and Implementation Procedures for the Certificate of Clinical Competence in Speech-Language Pathology, the Council on Academic Accreditation in Audiology and Speech-Language Pathology (CAA), the UTEP Speech Language Pathology Knowledge and Clinical Competencies, and the UTEP EDGE Experiences.

ASHA Standards
  Standard IV (B, C, D, E, F, G, H) —Knowledge Outcomes
  Standard V (A, B, C, D, E, F)—Skills Outcomes
  ASHA 2020 Standards and Implementation Procedures

CAA Standards
  Standard 3.0B Academic and Clinical Education (3.1-10)
UTEP Speech-Language Pathology Knowledge and Clinical Skills Competencies

Students’ Knowledge and Clinical Skills Competencies will be evaluated in the following areas: Evaluation, Intervention, Professional Practice, Interaction and Personal Qualities, and Additional Knowledge and Clinical Skills. All competencies have been aligned with CAA and ASHA standards. Detailed description of each area can be found on CALIPSO.

VI. Student Responsibilities

You are expected to participate in all in-class, practicum experiences, and online activities. Please visit UTEP’s Policies and Regulation page at [http://catalog.utep.edu/policies-regulations/](http://catalog.utep.edu/policies-regulations/) for details regarding the following, as well as refer to the Graduate Student Handbook:

**Attendance**

1. Students are required to complete this course with no more than three **excused** absences. Unexcused absences may result in dismissal from the practicum course, which will result in postponement of graduation, or dismissal from the program. “When, in the judgment of the instructor, a student has been absent to such a degree as to impair his or her status relative to credit for the course, the instructor can drop the student from the class…” [http://catalog.utep.edu/policies-regulations/attendance-grading/](http://catalog.utep.edu/policies-regulations/attendance-grading/). Personal time off to include but not limited to doctor’s appointments, travel, work schedules, and family commitments must be approved by your clinical supervisor or faculty and/or staff no later than 30 days into the semester. In case of an emergency, due consideration will be provided. For university policies on attendance, excused absences for university-recognized activities, religious holy days, military leave, and absence from examinations please visit UTEP’s Policies and Regulation page linked above.

2. Students must be on time for all practicum meetings, personal and peer clinical sessions, trainings, additional experiences, etc. Students must be in the building at least 30 minutes before their clinical sessions. Frequent and unexcused tardiness will result in dismissal from the practicum course which will result in postponement of graduation or from the program.

3. If you cannot attend a clinical session, staffing or training due to an emergency please notify your clinical supervisor and/or clinic director via email, phone, or in person as soon as possible. Documentation may be requested.

4. It is your responsibility to obtain missed information from a classmate. The instructor will not provide lecture notes, presentation material, etc.
5. Participation and availability is expected until the **semester ends, not when the clinic block ends.**

6. **SEVERE AND INFLEXIBLE RESTRICTIONS IN YOUR SCHEDULE WILL BE INTERPRETED AS LACK OF COMMITMENT TO THE PROGRAM.**

**Due Dates**

1. Clinical Documentation:
   a. **SOAPs**
      i. Due within **24 hours** from the start of your clinical session. For example, the SOAP for a clinical session that started at 1pm, must be turned in BEFORE 1pm the following day.
      ii. Must be completed and uploaded to OneDrive **while on site.**
      iii. **SOAP NOTES MAY NOT BE WORKED ON FROM HOME!**
   b. DX reports- due within **48 hours from the last day of evaluation.**
   c. Revisions-due within **24 hours** following supervisor review.
   d. DX and TX plans- TBD by clinical supervisor.

2. Clinical Hour Logs: **Clinical hours must be logged into CALIPSO daily** and sent to your clinical supervisor for approval **by the end of the week, Friday.**
   a. **FAILURE TO COMPLY WILL RESULT IN NOT OBTAINING HOURS FOR THAT SESSION.**

3. All other assignments are due as directed in class and/or on Blackboard.

4. Make-up exams/quizzes, late assignments, clinical paperwork, and/or projects **will not be accepted.** Prior approval to complete clinical documentation, an exam, assignments and/or project at an alternate time may be permitted with supervisor approval. This is at the discretion of the instructor. Significant emergencies
may also be taken into consideration (documentation may be requested). Communication is key! Please meet with your clinical supervisor ASAP to discuss options.

Classroom and Technology Policies

**Classroom**

1. Professional and respectful behavior is expected. Any distracting, disruptive, and disrespectful behavior during any practicum events (staffings, sessions, additional experiences, trainings, etc.) will NOT be tolerated. You will be asked to leave the classroom, clinic and/or virtual platform.
2. Timeliness and remaining in class and clinic until dismissal is expected.

**Technology**

1. You may use your laptop, tablet, and pen/paper to take notes or for classroom activities and assignments.
2. You may not however, audio, video record, or take pictures unless you have specific accommodations from The Center for Accommodations and Support Services (CASS). Please refer to the “Other Policies and Information” section of this syllabus.
3. Please keep all electronic devices silent during class.
4. Please refrain from using electronic devices during class to check and send messages, use social media, make phone calls, and/or other non-classroom related tasks. The instructor reserves the right to institute a NO TECHNOLOGY policy if it becomes necessary.

**Netiquette**

When communicating electronically, many of the feelings or impressions that are transmitted via body language in face-to-face communications, are lost. Consequently, interpreting emotions and innuendos is much more difficult. Excitement using all caps, for example, may be misinterpreted as anger, insulting, or shouting. It is important that we all keep this in mind as we communicate. It is important that we are conscious of how we communicate while working at a distance. The following are Netiquette guidelines:

1. Respect and courtesy must be provided to fellow classmates and the instructor at all times, in all contexts. Harassment or inappropriate postings will not be tolerated.
2. Be professional and careful in what you say about others. When reacting to someone else’s message, address and focus on the ideas, not the person who posted them.

3. Be careful when using sarcasm and humor. Without face-to-face communications your joke may be viewed as criticism.

VII. Course Content – Calendar and Grading

Class Outline/Calendar

1. The course syllabus and outline of assignments is subject to change or modification at discretion of the instructors. This includes pop quizzes, class assignments, trainings, and additional clinical experiences not included in the assignment outline.

2. You are required to check emails daily. It is your responsibility to check Blackboard for detailed instruction regarding weekly readings, assignments, discussions, and projects.

3. Your assigned clinical supervisor may assign additional assignments/projects.

4. Client assignments are based on the clinical needs of the students and the UTEP Speech, Language and Hearing Clinic. Client assignments are subject to change.

5. A final presentation will be completed at the end of the semester. Details will be provided in clinical staffings and/or on Blackboard.

Grading Practicum Grading

1. Grading for graduate practicum courses will be either Satisfactory (S), or Unsatisfactory (U). An “S” indicates a passing grade, and a “U” indicates a failing grade. Unsatisfactory grades will result in failing the course and is subject to dismissal from the program.

2. Points will be added or deducted to/from your final evaluation score based on attendance, Blackboard assignments, quizzes, projects, final presentations, and peer support responsibilities. These may be tracked on Bb or individually with supervisors.

3. The CALIPSO competency ratings and additional assignments and exams will be used to determine the final grade. A midterm and final competency rating will be provided. Both require in-person meetings. Additional evaluation meetings may be completed to assess students’ current levels of performance. Ratings, descriptions, and their equivalent grade are as follows:

<table>
<thead>
<tr>
<th>Rating</th>
<th>Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>2.0-5.0</td>
<td>S-Satisfactory (Pass)</td>
</tr>
<tr>
<td>≤ 1.99</td>
<td>U-Unsatisfactory (Fail)</td>
</tr>
</tbody>
</table>

Performance Rating Scale

1.00 Early Emerging:
The clinical skill/behavior is early emerging and not evident most of the time. Student requires direct instruction to modify behavior and is unaware of need to change. Supervisor/clinical educator must model behavior and implement the skill required for the client to receive optimal care. Supervisor/clinical educator provides numerous instructions and frequent modeling. Critical thinking/problem solving is early emerging. Student primarily observes and states facts. (Skill is present <25% of the time).

2.00 Emerging:
Skill is emerging, but is inconsistent or inadequate. Student shows awareness of need to change behavior with supervisor/clinical educator input. Supervisor/clinical educator frequently provides instruction and support for all aspects of case management and services. Critical thinking/problem solving is emerging. The student is beginning to identify problems. (Skill is present 26-50% of the time).

3.00 Developing:
Skill is present and needs further development. Student is aware of the need to modify behavior, but does not make changes independently. Supervisor/clinical educator provides ongoing monitoring and feedback, focusing on increasing student's critical thinking on how/when to improve skill. Critical thinking/problem solving is developing. The student is identifying and analyzing problems and is beginning to reach conclusions. (Skill is present 51-75% of the time).

4.00 Refining:
Skill is developed/implemented most of the time and needs continued refinement or consistency. Student is aware and can modify behavior in the session, and can self-evaluate. Supervisor/clinical educator acts as a collaborator to plan and suggest possible alternatives. Critical thinking/problem solving is refining. The student analyzes problems and more consistently reaches appropriate conclusions. (Skill is present 76-90% of the time).

5.00 Consistent:
Skill is consistent and well developed. Student can modify own behavior as needed and is an independent problem-solver. Student can maintain skills with other clients, and in other settings, when appropriate. Supervisor/clinical educator serves as consultant in areas where the student has less experience. The supervisor provides guidance on ideas initiated by the student. Critical thinking/problem solving is independent. The student identifies and analyzes problems, reaches appropriate conclusions and adequately communicates to others. (Skill is present <90% of the time).

VIII. Additional Clinical Experiences

Each student will be assigned one clinical experience in unique settings and populations. Each term, the specialty rotation faculty will coordinate new projects and schedules with our community partners. Currently, the UTEP Speech Language and Hearing Clinic collaborates with multiple community partners. You will receive additional information for your assigned additional experience.

Additional experiences will be rated according to current semester grading criteria. Clinical hours will not count if an Unsatisfactory rating is obtained. Please see syllabus addendums for each site for details.

IX. Action Plan

The clinical instructors use ongoing assessment to monitor progress during the semester. An Action Plan for any student identified as at risk for not making sufficient progress towards meeting the expected levels of performance (supervisory input and performance levels) for their competencies or other needs identified, may be implemented. Action Plans may consist of clinical skills, knowledge-based competence, professionalism, record keeping, time management, and/or other.
Incomplete or deficient Action Plans will result in an Unsatisfactory (U) performance. Please refer to the Student Handbook for details regarding how this may affect programmatic milestones. Example: “Students will participate in each milestone as scheduled or upon resolution of any outstanding action plans.” Failure to do so may result in dismissal from the program.

X. Other Policies and Information

Covid 19 Precautions
We will adhere to COVID policies and procedures set forth by the university. Following standard precautions is mandatory. The use of masks is encouraged.

Communications
Please consult with your assigned clinical supervisor regarding preferred communication. Please allow 48 hours for faculty to respond to any emails, Bb posts, phone calls, etc.

Drop/Withdrawal Policy
Please refer to the UTEP Academic Calendar website https://www.utep.edu/student-affairs/registrar/Academic%20Calendars/academic-calendar.html to identify the dates during which drops may occur.

Americans with Disability Act (ADA)
If you have a disability or suspect a disability, contact the Center for Accommodations and Support Services (CASS) if you require specific accommodations. Please schedule an appointment to see me within the first two weeks of class to discuss your accommodations.
