d. substituting for another person, or permitting another person to substitute for one's self, to take a test; and

e. falsifying research data, laboratory reports, and/or other records or academic work offered for credit;

1.3.1.2 "plagiarism" means the appropriation, buying, receiving as a gift, or obtaining by any means another's work and the unacknowledged submission or incorporation of it in one's own academic work offered for credit, or using work in a paper or assignment for which the student had received credit in another course without direct permission of all involved instructors.

1.3.1.3 "collusion" means the unauthorized collaboration with another person in preparing academic assignments offered for credit or collaboration with another person to commit a violation of any provision of the rules on scholastic dishonesty."
