

**ESOL 1309: Writing and Reading for
Speakers of English as a Second Language**
CRN:22928 Semester/Year: **Spring 2021**

 Instructor: Laura Mendoza.	 Office address: Liberal Arts, 220-A
 Telephone: Use Microsoft Teams	 E-mail: lemendoza2@utep.edu
 Office Hours: <ul style="list-style-type: none"> • Instant messaging via Microsoft Teams (Constant replies M-F) • Traditional UTEP webmail (Replies within 24 hours M-F) 	
 Synchronous Class Meetings: Thursdays via Blackboard Collaborate Ultra	

Important comment: in light of our current pandemic situation, please read the COVID-19 Accommodations and Precautions below.

COVID-19 PRECAUTIONS

You must **STAY AT HOME** and **REPORT** if you (1) have been diagnosed with COVID-19, (2) are experiencing COVID-19 symptoms, or (3) have had recent contact with a person who has received a positive coronavirus test. Reports should be made at screening.utep.edu. If you know of anyone who should report any of these three criteria, you should encourage them to report. If the individual cannot report, you can report on their behalf by sending an email to COVIDaction@utep.edu. For each day that you attend campus—for any reason—you must complete the questions on the UTEP screening website (screening.utep.edu) prior to arriving on campus. The website will verify if you are permitted to come to campus. Under no circumstances should anyone come to class when feeling ill or exhibiting any of the known COVID-19 symptoms.

If you are feeling unwell, please let me know as soon as possible, and alternative instruction will be provided. Students are advised to minimize the number of encounters with others to avoid infection. Wear face coverings when in common areas of campus or when others are present. You must wear a face covering over your nose and mouth at all times in this class. If you choose not to wear a face covering, you may not enter the classroom.

If you remove your face covering, you will be asked to put it on or leave the classroom. Students who refuse to wear a face covering and follow preventive COVID-19 guidelines will be dismissed from the class and will be subject to disciplinary action according to Section 1.2.3 Health and Safety and Section 1.2.2.5 Disruptions in the UTEP Handbook of Operating Procedures. (classes with on-campus meetings) Please note that if COVID-19 conditions deteriorate in the City of El Paso, all course and lab activities may be transitioned to remote delivery.

Course description

This course focuses on the development of strategies for efficient writing and reading in general academic English. The emphasis is on essays organized according to basic rhetorical patterns (e.g., comparison-contrast, cause-effect, argumentation). Other types of writing activities include summarizing, paraphrasing, and journal writing. Through a process approach to writing, students develop the skills

necessary to write essays in a coherent and cohesive manner, following college-level academic conventions.

Optional textbooks:

- *A collegiate English dictionary or an advanced ESL learner's dictionary.** (Please ask your instructor).

Objectives

At the end of the course, students will be able to:

- Use a variety of techniques to select and explore topics for writing;
- Read, summarize, paraphrase, and organize textual/visual materials for writing purposes;
- Compose well-structured essays reflecting various organizational patterns;
- Write clear and effective essay introductions and conclusions;
- Evaluate texts for content, structure, coherence, and language use;
- Conduct an oral presentation describing the main aspects of a topic explored in writing;
- Revise and edit texts for both content and language use;
- Identify and correct common mechanical errors (punctuation, capitalization, and spelling).

Note* Although explicit grammar instructions is the focus of ESOL 1406, the co-requisite course of ESOL 1309, this class may also include grammar issues relevant to academic reading and writing.

Criteria for Success

Be able to:

- 1) Write essays reflecting various rhetorical patterns such as comparison-contrast, cause-effect, and argumentation using a process approach to writing development (pre-writing, outlining, drafting, and revising), with a focus on content and organization (thesis statements, topic sentences, supporting sentences, transitions) and language usage (grammar, word choice).
- 2) Construct effective introductions that include specific leads and attention-getters as well as effective conclusions that provide closure.
- 3) Advance ideas through the use of logical patterns of development.
- 4) Revise, edit, proofread and format a written draft for final presentation.
- 5) Plan and conduct a well-organized oral presentation using information based on writing assignments.
- 6) Attend and actively participate in class activities and meet all assignment deadlines.

Major Course Assignments and Exams

The following is an overview of assignments for this course. Specific guidelines, instructions, and recommendations for each assignment will be provided by the instructor in class and/or on Blackboard.

Comparison-Contrast Essay: In a comparison-contrast essay the writer compares or contrasts two items by focusing on similarities and differences between them. The essay may focus on physical characteristics or on other attributes. Information from secondary sources may be used.

Cause-Effect Essay: In a cause-effect essay the writer discusses possible or actual causes or outcomes of a particular situation or phenomenon. The essay may focus on either causes or effects. Information from external sources may be used.

Argumentative Essay: In an argumentative essay the writer argues in favor of or against an issue, supports claims with reasons and facts, and uses strong evidence to refute any counterarguments. Information from secondary sources may be used.

In-Class Oral Presentation: Students will make a brief oral presentation based on specific class writing done during the semester. The presentation will be graded on organization, content and language use.

In-Class Writing Exams: These timed writing exams (one before and one after the mid-term point) will focus on a brief response to an essay-type question and/or a short essay. Students are required to take this exam with Respondus Monitor Lockdown browser.

Journal Writing: Students will compose brief journal entries during the semester according to guidelines provided by the instructor.

Homework and Other Assignments: In addition to the assignments described above, the course may include homework and other writing tasks such as pre-writing activities, summarizing/paraphrasing, peer review, etc.

NOTE: Some modifications or adjustments may be made to the assignments described above according to the needs of students in each section.

Departmental final writing exam: As part of the course assessment, students are required to take a departmental final writing exam during final exams week. The exam will focus on appropriate and effective essay development. The final essay will be rated on content and development, text and paragraph structure, academic language usage, as well as grammar and mechanics. Students are required to take this exam with Respondus Monitor Lockdown browser.

Online Course Delivery

This section of ESOL 1309 is delivered in an online format, with instructional sessions or components conducted on-line. Online classes demand that students develop good organizational and time-management skills, that they interact with instructors and classmates via computer-mediated communication as needed or required, and that students develop the ability to work independently. As with any other class, it is important to devote the necessary computer time to the class.

Blackboard Collaborate Sessions

This class requires that you participate in scheduled Blackboard Collaborate sessions once a week. See blackboard for details on dates. The purpose of these sessions is for you to view live demonstrations of the course material and/or to participate in small discussions.

Students are expected to participate in these sessions with a webcam and microphone. The sessions will be recorded and provided so that they can be reviewed by classmates at a later time. Students should not record the sessions and post them to any sites outside of Blackboard

Technology Requirements

Course content is delivered via the Internet through the Blackboard learning management system. You will need:

- ✓ A computer, webcam, and microphone
- ✓ A working UTEP email account
- ✓ Stable internet access
- ✓ Access to Blackboard (Bb). This tool will be used for most handouts, messages and announcements. Accordingly, all work will only be transmitted and submitted online.
- ✓ A Blackboard-friendly browser—Google Chrome & Mozilla Firefox are the best. Software including: MS Office, Adobe Acrobat Reader, Windows Media Player, QuickTime, and Java. If you do not have a word-processing software, you can download Word and other Microsoft Office programs (including Excel, PowerPoint, Outlook and more) **for free** via UTEP's Microsoft Office Portal. Click the following link for more information about [Microsoft Office 365](#) and follow the instructions.
- ✓ Respondus Lockdown Browser (free download from Blackboard)

IMPORTANT: Check that your computer hardware and software are up-to-date and able to access all parts of the course. If your browser is not equipped to navigate the new Blackboard environment, then you may contact the technology “help” desk. You will also need to check the functionality of your sound drivers and flash and java plugins for participation in Collaborate sessions. When having technical difficulties, update your browser, clear your cache, or try switching to another browser.

If you encounter technical difficulties beyond your scope of troubleshooting, please contact the UTEP [Help Desk \(helpdesk@utep.edu\)](mailto:helpdesk@utep.edu) as they are trained specifically in assisting with technological needs of students. Please do not contact me for this type of assistance. The Help Desk is much better equipped than I am to assist you!

Course Communication

Because this is a hybrid class, we will have some online LIVE sessions where we will virtually see each other (in a synchronous way), during small group meetings, and -if needed- during office hours. However, there are a number of ways we can keep the communication channels open:

- Office Hours: We will not be able to meet on campus, but I will still have office hours for your questions and comments about the course. Please use Microsoft Teams to contact your instructor via text/phone/videocall. Remember that you will need your @miners.utep.edu account to freely join Microsoft Teams.
- Email: UTEP e-mail is the best way to contact me. I will make every attempt to respond to your e-mail within 24-48 hours of receipt. When e-mailing me, be sure to email from your UTEP student account and please put the course number in the subject line. In the body of your e-mail, clearly state your question. At the end of your e-mail, be sure to put your first and last name, and your university identification number.
- Announcements and class emails: Check the Blackboard announcements frequently for any updates, deadlines, or other important messages.

Netiquette

As we know, sometimes communication online can be challenging. It's possible to miscommunicate what we mean or to misunderstand what our classmates mean given the lack of body language and immediate feedback. Therefore, please keep these netiquette (network etiquette) guidelines in mind. Failure to observe them may result in disciplinary action.

- Always consider audience. This is a college-level course; therefore, all communication should reflect polite consideration of other's ideas.
- Respect and courtesy must be provided to classmates and to the instructor at all times. No harassment or inappropriate postings will be tolerated.
- Blackboard is not a public internet venue; all postings to it should be considered private and confidential. Whatever is posted on in these online spaces is intended for classmates and professor only. Please do not copy documents and paste them to a publicly accessible website, blog, or other space.

Alternative Means of Submitting Work in Case of Technical Issues

I strongly suggest that you submit your work with plenty of time to spare in the event that you have a technical issue with the course website, network, and/or your computer. I also suggest you save all your work (answers to discussion points, quizzes, exams, and essays) in a separate Word document as a back-up. This way, you will have evidence that you completed the work and will not lose credit. If you are experiencing difficulties submitting your work through the course website, please contact the UTEP Help Desk. You can email me your back-up document as a last resort.

Class Recordings

The use of recordings will enable you to have access to class lectures, group discussions, and so on in the event you miss a synchronous or in-person class meeting due to illness or other extenuating circumstance. Our use of such technology is governed by the Federal Educational Rights and Privacy Act (FERPA) and UTEP's acceptable-use policy. A recording of class sessions will be kept and stored by UTEP, in accordance with FERPA and UTEP policies. Your instructor will not share the recordings of your class activities outside of course participants, which include your fellow students, teaching assistants, or graduate assistants, and any guest faculty or community-based learning partners with whom we may engage during a class session. Class recordings are NOT a substitute for class. You may not share recordings outside of this course. Doing so may result in disciplinary action.

ESOL Language Lab

In addition to regular classroom sessions, students are required to complete **8 hours** in the ESOL lab. This semester the lab will be a "virtual" lab. You will NOT go to a physical location on campus. Our virtual lab will offer writing tutoring, computer-assisted language learning (CALL) activities, conversation practice, among other activities. You may also visit UTEP's online Writing Center to complete your ESOL lab hours. Even though you will not be going to a physical location, we will be providing you with opportunities to interact online with other classmates.

Test Proctoring Software

Three course assessments (two exams during the semester and a final exam) will make use of Respondus Lock Down Browser and Respondus Monitor inside of Blackboard to promote academic integrity. You are encouraged to learn more about how to use these programs prior to the first test.

Please review the following guidelines:

- The assessments will only be available at the times identified on Blackboard.
- A reliable Internet connection is essential to completing the exam. If you must go to a location to take the exam (such as the library), be sure to follow their health and safety requirements.

- Respondus Lockdown Browser will require that all internet tabs are closed prior to the start of the test.
- Respondus Monitor requires a webcam and microphone.
- You will be required to show the webcam your student ID prior to the start of the test.
- Your face should be completely visible during the test. Blocking the camera will disable the test.
- No notes or textbook materials are permitted during the test. Respondus Monitor requires you to take a video of your surrounding area (desk, chair, walls, etc.)
- You should not have conversations with other people and/or leave and return to the area during the test.

Grading

The final course grade is determined as follows:

Major essays (3)	30% (10% each)	Grades are assigned on this scale:	
In-class oral presentation	10%	A	90-100%
In-class exams (2)	15% (5%+10%)	B	80-89%
ESOL Lab	5%	C	70-79%
Journals	5%	D	60-69%
Homework/Class assignments	10%	F	0-59%
Departmental final writing exam	25%		

In order to pass the course, a grade of “C” or higher must be obtained. If a lower grade is obtained, the course must be re-taken.

Extra Credit:

You have the option of earning up to a maximum of 2% extra credit towards your final grade in this course. You can do this by completing extra credit assignments towards the end of the course or by participating in one or more research studies (approved by the ESOL Director) if they are offered to your class. Each assignment or study participation is worth 1% extra credit.

COURSE POLICIES

Assignments

It is necessary to submit all major assignments and take the course exams in order to obtain a passing grade. All assignments must be completed and turned in on the scheduled dates. No late work will be accepted. Exams must be taken on scheduled dates. No make-up exams will be given. Exceptions to these rules may be considered only for properly documented medical emergencies (or similar extraordinary circumstances).

All work must be edited and revised. Written assignments that do not conform to the specifications outlined by the instructor may receive a failing grade. Students are strongly encouraged to contact the Writing Center or to consult with ESOL tutors (depending on availability) in order to revise/edit their work before submitting it.

Documentation styles

Instructors will introduce students to in-text, parenthetical documentation early in the semester and require these documentation conventions throughout the course. Students will learn and use the American Psychological Association (APA) or Modern Language Association (MLA) documentation format and style.

The most important words in a paper are the students', not those found in sources consulted. Students should always strive to draw inferences from research material and weave into their papers their reaction and evaluation of source material.

Attendance and participation in class

Attendance is mandatory and active participation (in-class and/or online) is required. All in-class and/or online activities are designed to help students learn the material and acquire effective skills and strategies. I will not drop you from the course. However, if you feel that you are unable to complete the course successfully, please let me know and then contact the Registrar's Office to initiate the drop process. If you do not, you are at risk of receiving an "F" for the course.

Scholastic Integrity

Academic dishonesty is prohibited and is considered a violation of the UTEP Handbook of Operating Procedures. It includes, but is not limited to, cheating, plagiarism, and collusion. Cheating may involve copying from or providing information to another student, possessing unauthorized materials during a test, or falsifying research data on laboratory reports. Plagiarism occurs when someone intentionally or knowingly represents the words or ideas of another as ones' own. Collusion involves collaborating with another person to commit any academically dishonest act. Any act of academic dishonesty attempted by a UTEP student is unacceptable and will not be tolerated. All suspected violations of academic integrity at The University of Texas at El Paso must be reported to the Office of Student Conduct and Conflict Resolution (OSCCR) for possible disciplinary action. To learn more, please visit HOOP: Student Conduct and Discipline.

Plagiarism Software

Some of your course work and assessments may be submitted to SafeAssign, a plagiarism detecting software. SafeAssign is used to review assignment submissions for originality and will help you learn how to properly attribute sources rather than paraphrase.

Copyright and fair use

All materials used in this course are protected by copyright law. The course materials are only for the use of students currently enrolled in this course and only for the purpose of this course. They may not be further disseminated.

Students who may require special accommodations

The University is committed to providing reasonable accommodations and auxiliary services to students, staff, faculty, job applicants, applicants for admissions, and other beneficiaries of University programs, services and activities with documented disabilities in order to provide them with equal opportunities to

participate in programs, services, and activities in compliance with sections 503 and 504 of the Rehabilitation Act of 1973, as amended, and the Americans with Disabilities Act (ADA) of 1990 and the Americans with Disabilities Act Amendments Act (ADAAA) of 2008. Reasonable accommodations will be made unless it is determined that doing so would cause undue hardship on the University. Students requesting an accommodation based on a disability must register with the UTEP Center for Accommodations and Support Services (CASS). Contact the Center for Accommodations and Support Services at 915-747- 5148, or email them at cass@utep.edu, or apply for accommodations online via the CASS portal.

COVID-19 ACCOMODATIONS:

Students are not permitted on campus when they have a positive COVID-19 test, exposure or symptoms. If you are not permitted on campus, you should contact me as soon as possible so we can arrange necessary and appropriate accommodations. (classes with on-campus meetings) Students who are considered high risk according to CDC guidelines and/or those who live with individuals who are considered high risk may contact Center for Accommodations and Support Services (CASS) to discuss temporary accommodations for on-campus courses and activities. Apply at cassportal.utep.edu and fill out a three-question application. You will be scheduled to meet with disability coordinator to discuss your unique situation.

COURSE RESOURCES

UTEP provides a variety of student services and support: Technology Resources

- Help Desk: Students experiencing technological challenges (email, Blackboard, software, etc.) can submit a ticket to the UTEP Helpdesk for assistance. Contact the Helpdesk via phone, email, chat, website, or in person if on campus. Academic Resources
- UTEP Library: Access a wide range of resources including online, full-text access to thousands of journals and eBooks plus reference service and librarian assistance for enrolled students.
- University Writing Center (UWC): Submit papers here for assistance with writing style and formatting, ask a tutor for help and explore other writing resources.
- Math Tutoring Center (MaRCS): Ask a tutor for help and explore other available math resources.
- History Tutoring Center (HTC): Receive assistance with writing history papers, get help from a tutor and explore other history resources.
- RefWorks: A bibliographic citation tool; check out the RefWorks tutorial and Fact Sheet and Quick-Start Guide. Individual Resources • Military Student Success Center: Assists personnel in any branch of service to reach their educational goals.
- Center for Accommodations and Support Services: Assists students with ADA-related accommodations for coursework, housing, and internships.
- Counseling and Psychological Services: Provides a variety of counseling services including individual, couples, and group sessions as well as career and disability assessments.

Important Note: The syllabus provides a general plan for the course; modifications may be necessary and implemented as a result of students' needs, course development, and classroom life in general.

ESOL SEQUENCE OF COURSES:

Students enrolled in ESOL courses are required to take courses in sequence according to their placement into the program. The sequence of courses in the ESOL program is as follows:

- Level 1) ESOL 1910
- Level 2) ESOL 1610
- Level 3) ESOL 1406 & ESOL 1309 (both must be completed before enrolling in the next courses)
- Level 4) ESOL 1311 & ESOL 1310 (both must be completed before enrolling in the next course)

Level 5) ESOL 1312

Level 6) **ESOL 2303: Required of all majors in the College of Liberal Arts.**
