Important comment: in light of our current pandemic situation, please read the COVID-19 Accommodations and Precautions below.

COVID-19 Accommodations and PRECAUTIONS

You must **STAY AT HOME** and **REPORT** if you (1) have been diagnosed with COVID-19, (2) are experiencing COVID-19 symptoms, or (3) have had recent contact with a person who has received a positive coronavirus test. Reports should be made at screening.utep.edu. If you know of anyone who should report any of these three criteria, you should encourage them to report. If the individual cannot report, you can report on their behalf by sending an email to COVIDaction@utep.edu.

For each day that you attend campus—for any reason—you must complete the questions on the UTEP screening website (screening.utep.edu) prior to arriving on campus. The website will verify if you are permitted to come to campus. Under no circumstances should anyone come to class when feeling ill or exhibiting any of the known COVID-19 symptoms. If you are feeling unwell, please let me know as soon as possible, and alternative instruction will be provided. Students are advised to minimize the number of encounters with others to avoid infection.

Wear face coverings when in common areas of campus or when others are present. You must wear a face covering over your nose and mouth at all times in this class. If you choose not to wear a face covering, you may not enter the classroom. If you remove your face covering, you will be asked to put it on or leave the classroom. Students who refuse to wear a face covering and follow preventive COVID-19 guidelines will be dismissed from the class and will be subject to disciplinary action according to Section 1.2.3 *Health and Safety* and Section 1.2.2.5 *Disruptions* in the UTEP Handbook of Operating Procedures.

COURSE DESCRIPTION

This course focuses on the development of composition skills and strategies in problem-based discourse. The main goal is to help students recognize various rhetorical patterns relevant to problem discovery, description, and definition, as well as those relevant to analytical and evaluative writing in both printed and multimodal texts. Students use writing to further develop their critical thinking abilities and continue developing their academic and language skills through class discussions, planning techniques, guided and timed writing practices, and purposeful feedback and revisions. The concept of genre is also introduced through various readings and writing activities as well as in-class discussions.

Optional materials:

- Hacker, D., & Sommers, N. (2015). *A writer's reference (with resources for multilingual writers and ESL)*, 8th Edition. Bedford/St. Martins.
- Any current monolingual collegiate dictionary such as Merriam-Webster's, Oxford, or Longman.

OBJECTIVES

At the end of the course, students will be able to:

- Understand the concept of genre and discourse communities as a conceptual framework to evaluate and compose texts.
- Conduct a rhetorical analysis of a multimedia text (e.g., website) and identify (con)textual variables related to purpose, audience, messages, style/register, and language usage.
- Identify and describe problems presented in texts (causes, effects, intervening factors) as well as strategies for solution.
- Analyze and evaluate claims and arguments related to specific problems or situations, and adopt a position regarding such problems or situations.
- Collect and synthesize information from multiple sources in order to compose well-argued proposals, describing possible alternatives or solutions to specific problems or situations.
- Employ effective strategies to develop well-organized, logical, and coherent problem-solution texts.

ONLINE COURSE DELIVERY

This section of ESOL 1311 is delivered in an online format, with instructional sessions or components conducted on-line. Online classes demand that students develop good organizational and time-management skills, that they interact with instructors and classmates via computer-mediated communication as needed or required, and that students develop the ability to work independently. As with any other class, it is important to devote the necessary computer time to the class.

BLACKBOARD COLLABORATE SESSIONS

This class requires that you participate in scheduled Blackboard Collaborate sessions once a week. See blackboard for details on dates. The purpose of these sessions is for you to view live demonstrations of the course material and/or to participate in small discussions.

Students are expected to participate in these sessions with a webcam and microphone. The sessions will be recorded and provided so that they can be reviewed by classmates at a later time. Students should not record the sessions and post them to any sites outside of Blackboard.

TECHNOLOGY REQUIREMENTS

Course content is delivered via the Internet through the Blackboard learning management system. You will need:

- ✓ A computer, webcam and microphone
- ✓ A working UTEP email account
- ✓ Stable internet access
- ✓ Access to Blackboard (Bb). This tool will be used for most handouts, messages and announcements. Accordingly, all work will only be transmitted and submitted online.
- ✓ A Blackboard-friendly browser—Google Chrome & Mozilla Firefox are the best. Software including: MS Office, Adobe Acrobat Reader, Windows Media Player, QuickTime, and Java. If you do not have a word-processing software, you can download Word and other Microsoft Office programs (including Excel, PowerPoint, Outlook and more) **for free** via UTEP's Microsoft Office Portal. Click the following link for more information about [Microsoft Office 365](#) and follow the instructions.
- ✓ Respondus Lockdown Browser (free download from Blackboard)

IMPORTANT: Check that your computer hardware and software are up-to-date and able to access all parts of the course. If your browser is not equipped to navigate the new Blackboard environment, then you may contact the technology “help” desk. You will also need to check the functionality of your sound drivers and flash and java plugins for participation in Collaborate sessions. When having technical difficulties, update your browser, clear your cache, or try switching to another browser.

If you encounter technical difficulties beyond your scope of troubleshooting, please contact the UTEP [Help Desk \(helpdesk@utep.edu\)](mailto:helpdesk@utep.edu) as they are trained specifically in assisting with technological needs of students. Please do not contact me for this type of assistance. The Help Desk is much better equipped than I am to assist you!

COURSE COMMUNICATION

Because this is a hybrid class, we will have some online LIVE sessions where we will virtually see each other (in a synchronous way), during small group meetings, and -if needed- during office hours.

However, there are a number of ways we can keep the communication channels open:

- Office Hours: We will not be able to meet on campus, but I will still have office hours for your questions and comments about the course. Please use Microsoft Teams to contact your instructor via text/phone/videocall. Remember that you will need your @miners.utep.edu account to freely join Microsoft Teams.
- Email: UTEP e-mail is the best way to contact me. I will make every attempt to respond to your e-mail within 24-48 hours of receipt. When e-mailing me, be sure to email from your UTEP student account and please put the course number in the subject line. In the body of your e-mail, clearly state your question. At the end of your e-mail, be sure to put your first and last name, and your university identification number.
- Announcements and class emails: Check the Blackboard announcements frequently for any updates, deadlines, or other important messages.

ALTERNATIVE MEANS OF SUBMITTING WORK IN CASE OF TECHNICAL ISSUES

I strongly suggest that you submit your work with plenty of time to spare in the event that you have a technical issue with the course website, network, and/or your computer. I also suggest you save all your work (answers to discussion points, quizzes, exams, and essays) in a separate Word document as a back-up. This way, you will have evidence that you completed the work and will not lose credit. If you are experiencing difficulties submitting your work through the course website, please contact the UTEP Help Desk. You can email me your back-up document as a last resort.

CLASS RECORDINGS

The use of recordings will enable you to have access to class lectures, group discussions, and so on in the event you miss a synchronous or in-person class meeting due to illness or other extenuating circumstance. Our use of such technology is governed by the Federal Educational Rights and Privacy Act (FERPA) and UTEP's acceptable-use policy. A recording of class sessions will be kept and stored by UTEP, in accordance with FERPA and UTEP policies. Your instructor will not share the recordings of your class activities outside of course participants, which include your fellow students, teaching assistants, or graduate assistants, and any guest faculty or community-based learning partners with whom we may engage during a class session. Class recordings are NOT a substitute for class. You may not share recordings outside of this course. Doing so may result in disciplinary action.

NETIQUETTE

As we know, sometimes communication online can be challenging. It's possible to miscommunicate what we mean or to misunderstand what our classmates mean given the lack of body language and immediate feedback. Therefore, please keep these netiquette (network etiquette) guidelines in mind. Failure to observe them may result in disciplinary action.

- Always consider audience. This is a college-level course; therefore, all communication should reflect polite consideration of other's ideas.
- Respect and courtesy must be provided to classmates and to the instructor at all times. No harassment or inappropriate postings will be tolerated.

- Blackboard is not a public internet venue; all postings to it should be considered private and confidential. Whatever is posted on in these online spaces is intended for classmates and professor only. Please do not copy documents and paste them to a publicly accessible website, blog, or other space.

MAJOR COURSE ASSIGNMENTS AND EXAMS

The following is an overview of assignments for this course. Specific guidelines, instructions, and recommendations for each assignment will be provided in class and/or through Blackboard by the instructor. The focus of this course will be on all stages involved in the writing process.

WEBSITE ANALYSIS REPORT: Students select the website of a nonprofit organization that works on a particular social, political, or cultural domain, analyze it rhetorically (audience, goals, organization, message, format, etc.), and write up a report based on their analysis.

OPINION ESSAY: Working with the same problem already identified (see above), students locate a relevant argumentative or opinion text, evaluate the claims being made, and adopt a position about such claims. Alternative views from other sources may be included.

PROPOSAL ESSAY: Working with the same problem, students research various solutions attempted and results previously obtained (successful or not). Then, they propose and/or defend a specific solution that might be feasible to implement in the future, supporting their proposal with facts, and commenting on the necessary conditions for implementation.

ORAL REPORTS: Students will deliver a 10-15 minute oral presentation on the problem (or a specific aspect of it) explored through the aforementioned assignments. This also includes any other oral activities assigned by the instructor.

WRITING EXAM: This timed writing exam (after the mid-term point) will focus on argumentative writing and APA documenting style. Students are required to take this exam with Respondus Monitor Lockdown browser.

HOMEWORK AND ASSIGNMENTS: In addition to the assignments described above, the course may include a variety of homework assignments and other writing tasks such as journal writing, position/opinion papers, quick in-progress reports, etc.

NOTE: Some modifications or adjustments may be made to the assignments described above according to the needs of students in each section.

ESOL LANGUAGE LAB

In addition to regular classroom sessions, students are required to complete **8 hours** in the ESOL lab. This semester the lab will be a “virtual” lab. You will NOT go to a physical location on campus. Our virtual lab will offer writing tutoring, computer-assisted language learning (CALL) activities, conversation practice, among other activities. You may also visit UTEP’s online Writing Center to complete your ESOL lab hours. Even though you will not be going to a physical location, we will be providing you with opportunities to interact online with other classmates.

EXTRA CREDIT

You have the option of earning up to a maximum of 2% extra credit towards your final grade in this course. You can do this by completing extra credit assignments towards the end of the course or by

participating in one or more research studies (approved by the ESOL Director) if they are offered to your class. Each assignment or study participation is worth 1% extra credit.

TEST PROCTORING SOFTWARE

Two course assessments (one exam during the semester and a final exam) will make use of Respondus Lock Down Browser and Respondus Monitor inside of Blackboard to promote academic integrity. You are encouraged to learn more about how to use these programs prior to the first test.

Please review the following guidelines:

- The assessments will only be available at the times identified on Blackboard.
- A reliable Internet connection is essential to completing the exam. If you must go to a location to take the exam (such as the library), be sure to follow their health and safety requirements.
- Respondus Lockdown Browser will require that all internet tabs are closed prior to the start of the test.
- Respondus Monitor requires a webcam and microphone.
- You will be required to show the webcam your student ID prior to the start of the test.
- Your face should be completely visible during the test. Blocking the camera will disable the test.
- No notes or textbook materials are permitted during the test. Respondus Monitor requires you to take a video of your surrounding area (desk, chair, walls, etc.)
- You should not have conversations with other people and/or leave and return to the area during the test.

GRADING

The final course grade is calculated as follows:

Rhetorical analysis report:	5%	A	90-100%
Oral presentations:	10%	B	80-89%
In-class writing exams (2)	15%	C	70-79%
Evaluation essay:	15%	D	60-69%
Proposal essay:	10%	F	0-59%
Causal Analysis:	5%		
Homework/assignments/	10%		
ESOL Lab	5%		
Final departmental writing exam:	25%		

In order to pass the course, a grade of “C” or higher must be obtained. If a lower grade is obtained, the course must be re-taken.

ATTENDANCE AND PARTICIPATION

Attendance is mandatory and active participation (in-class and/or online) is required. All in-class and/or online activities are designed to help students learn the material and acquire effective skills and strategies. I will not drop you from the course. However, if you feel that you are unable to complete the course

successfully, please let me know and then contact the Registrar's Office to initiate the drop process. If you do not, you are at risk of receiving an "F" for the course.
