**COURSE DESCRIPTION**

Welcome to Management 4300! This course focuses on the understanding of why some companies perform better than others. As advanced undergraduate students you already know that companies are complex entities that require many types of specialized knowledge such as accounting, finance, operations management, marketing and human resources management. In this class we will build on what you already know in these different areas while focusing on the behavior and performance of the entire organization.

More specifically, the course is designed to provide you with theoretical knowledge, frameworks and a business simulation experience to understand how companies can develop and sustain a competitive advantage through the development and redeployment of firm resources and capabilities within and across industries. The course can be described in two words: pragmatic and eclectic. It is *pragmatic* because I will be teaching about issues and concepts relevant for your future business career. It will contextualize key theoretical ideas through the use of a business simulation. It is *eclectic* because I draw upon a wide variety of theoretical ideas.

**COURSE LEARNING OBJECTIVES**

To overarching goal of the course is to understand the key elements of strategic management of a company: analysis of the firm and its competitive environment, analysis of strategic alternatives, and development of strategic recommendations. This will be achieved through the following learning objectives and corresponding activities and assessments:

LEARNING OBJECTIVE	ACTIVITIES	ASSESSMENT
Define strategy and understand its importance	Readings: textbook chapter 1	Exam Discussion board
Understand the concept of competitive advantage	Reading: textbook chapter 1	Exam Discussion board
Understand the impact of the external environment on profitability	Readings: textbook chapter 2	Exam Discussion board

LEARNING OBJECTIVE	ACTIVITIES	ASSESSMENT
Understand the development and redeployment resources and capabilities as the source of competitive advantage	Readings: textbook chapters 3-5	Exam Discussion board Final project

In addition, the College of Business Administration has established two learning objectives for its BBA program assessed via this course. They are the following:

A1: Students will understand essential knowledge of strategic management.

D2: BBA students will prepare and make a persuasive, professional speech on a current business topic.

## LEARNING METHOD

To achieve the course learning objectives goals you are expected to read all materials, engage with the class through the response system and discussion boards, and collaborate with your team on a final project. I believe that learning occurs most effectively when you are actively engaged in the process. Therefore, if you want to learn and do well in the course you have to *prepare* and *participate*.

## COMMUNICATION

I will use Blackboard to communicate with you regularly. During office hours I am available in person or via Zoom.

- When registering for the course use your name as listed on Goldmine, UTEP ID and UTEP email address.
  - If you need to change your email address, or password, edit your account profile. Do not create and use more than one account, as you will only receive credit from a single account.
- The software's geolocation feature is more accurate with Wi-Fi. For additional tips see <https://macmillan.force.com/iclicker/s/article/Attendance-Geolocation-Tips>
- For help with the classroom response system contact technology support at [helpdesk@utep.edu](mailto:helpdesk@utep.edu) or 915-747-4357 (HELP).

(3) Exams (15% each)

There are three in-class exams. You are not allowed to access any materials during the exams. You will need to use [Respondus Lockdown browser](#). The exams contain multiple-choice questions. *The questions can be based on the textbook, all other course materials, and class discussions.* Dates: February 13, March 22 and April 19.

(4) BBA Video (5%)

Attendance to all sessions is required to earn credit. The group grade will be weighted by individual attendance to assign individual grades. Dates: April 24, April 26 and May 1 during class.

Originality:

- Using AI-based content generating tools such as ChatGPT is forbidden as it constitutes academic dishonesty.
- Submissions will be checked through SafeAssign.
- Note that no portion of the paper should be copied from any authorized source without properly citing it.
- If you literally copy a fragment from an authorized source, make sure to use quotation marks. However, doing so comes at the expense of analysis (refer to the grading rubric for the weight assigned to analysis).

Group work:

I expect teams to have some healthy task conflict and solve it in a constructive manner.

However, *in extreme cases of free-riding or team conflict I reserve the right to remove a student from a team.* In such cases, an alternative assignment will be considered depending upon the specific circumstances of each case.

(6) Group evaluation (5%)

This component will be based on your peers' confidential evaluation of your contribution to the in-class group project. Note the following:

- The group evaluation form is available in Appendix C.
- You should not assess yourself in the form.
- Forms using a scale different from the one listed in it will not be considered.
- Such forms, incomplete forms, and those not submitted will be considered equivalent to granting the maximum grade to all your team members.

Professional and respectful conduct is expected of students. Therefore, I reserve the right to give zero credit for anything I perceive to be offensive, demeaning to others, stalking, or inconsistent with the maturity that I should expect from an advanced undergraduate student. Recognize that there will often be records of these statements. In addition, note that given the nature of the delivery of this course, the meaning of comments can be misconstrued. We should all be extra careful for this reason. Finally, [Texas Senate Bill 212](https://www.utep.edu/titleix/sb-212.html) requires all employees of Texas universities to “report incidents of sexual harassment, sexual assault, dating violence, or stalking allegedly committed by or against a student or employee, to a Title IX Coordinator or Deputy Title IX Coordinator. Scholastic dishonesty includes but is not limited to cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, any act designed to give unfair advantage to a student or the attempt to commit such acts." (UTEP's Handbook of Operating Procedures Section 1.2.2.1) Suspected cases of academic misconduct will be reported to the Office of the Dean of Students.

It is important to follow all instructions that you receive as part of the diagnosis, including isolation and staying at home until a negative test is produced.

If you experience COVID-19 symptoms, please follow the isolation protocol by staying at home and getting tested as soon as possible. If the test is negative but you are still seeking accommodations, please contact the Dean of Students Office for guidance in a timely manner. I will work with the Dean of Students Office to determine the extent of any such accommodations.

The university strongly encourage you to think and act proactively in all matters related to COVID-19 and your academic endeavors. The Center for Disease Control and Prevention has recommended that people in areas of substantial or high COVID-19 transmission wear face masks when indoors in groups of people. The best way that Miners can take care of miners is to get the vaccine. If you still need the vaccine, it is widely available in the El Paso area, and will be available at no charge on campus during the first week of classes. For more information about the current rates, testing, and vaccinations, please visit [epstrong.org](http://epstrong.org).
