Evaluations

Homework and In Class Assignments: There will be both individual and team assignments/homework. You must turn in the assignments on the dates and times specified in the instructions. Homework will be announced in class and /or will be Published on Blackboard Learn, and it will have to be submitted via Blackboard (NOT E-MAIL). To be fair to all students, requests for deadline extensions and “extra credit” assignments will be declined. **Late assignments will not be received**

Case Studies: Case studies will be assigned throughout the semester. You will work with your assigned team, and you must turn in the assignments at the dates and times specified in the instructions. Please note that claims of technical problems or other last-minute excuses will not be accepted.

Tests/Exams: Exams will be on during regular class meeting time. Exam dates are given in the course schedule. No additional time will be given for those students starting late.

Class Participation: Class Participation will be an important component to each student's final grade. All students are expected to be prepared for class and participate in class discussions and assignments. Student participation is greatly encouraged, whether is in the form of questions, answers, assignments, opinions, or ideas. The instructor welcomes all forms of meaningful participation. Therefore, students who are present and active in class in a meaningful way will receive the full credit allocated to participation.

Each class will begin with a current event discussion. All students must be prepared to present and to discuss current events that are pertinent to the class.

Team Contract, Self and Team Assessments: An important part of the class will be to work in teams. Therefore, you will start by setting the ground rules for your team by creating a contract that all team members will have to sign. During the semester, each team assignment must be signed by participating team members (by adding your names). Please do not add the name of any team member that did not participate in the assignment. It is not fair that you do the work and someone else gets the credit.

At the end of the semester, you will self-assess, and evaluate your teammates. If you fail to do the team assessment, you will lose that portion of your grade regardless of how your teammates evaluated your performance.

Grading: Your final grade will be based on homework assignments and exams according to the following weights:

	Percentage
Case Studies	25%
Quizzes	45%
Homework and in Class Assignments	20%
Participation	5%
Team Contract, Self and Team Assessments	5%
Total	100

I reserve the right to alter these percentages up or down depending on the performance of the class as a whole.

Final grades will be assigned as follows:

90 and above: A
80 and below 90: B
70 and below 80: C
60 and below 70: D
Below 60: F

Due Dates

Course Expectations:

Students are expected to interact in a professional, non-adversarial manner and produce work of utmost academic rigor. There are no shortcuts, easy solutions, and magic involved in any of this work. Do not assume that there will be second chances, retries, do-overs, extra credit work, etc. Be sure to put all your effort in doing things right the first time around. I am quite aware of the fact that this is a learning process, and I will do my best to help you along the way. Nonetheless, the major

effort should be your effort and not mine or that of your classmates. Independent thinking and strong work ethic are two valued assets of successful businesspeople. Developing and/or enhancing these skills will have a major payoff throughout your careers.

Class Policies:

- **Read the assigned material prior to class.**
- **Arrive on time** (5 minutes early or earlier take your seat quickly and quietly. Be ready to answer the first participation question. Late arrivals will not be tolerated. If you consistently arrive late, we will submit an administrative withdrawal from the course on your behalf. Needless to say, consistent late arrivals will have a detrimental effect on the participation grade that you receive in the course.
- Laptops, tablets, and mobile phones are allowed in class as long as they are used for class-related activities. That is, surfing the Web aimlessly, responding to e-mail, texting not related to class, updating your Facebook site are not acceptable uses. Please do not put me in the position of having to ask you to turn off your laptop, phone, or other mobile device. After the first incident of portable equipment misuse, you will not be allowed to use it in the classroom for the remainder of the course.
- If you must leave early, please let me know beforehand.
- The instructor reserves the right to ask any students disrupting the normal flow of course activities to leave the classroom. Also, during exams you are to sit quietly before you receive the exams materials, during the exam, and after you finish the exam. Please respect the right of your fellow students for peace and quiet during exams.
- Make up exams are only possible with an approved medical excuse. You must show the instructor a note from your physician justifying your absence from an exam. The bottom line is that make-up exams can only be provided for documented medical excuses.
- The instructor will not accept any late assignments. The grade for late assignments will be 0 (zero). Pleading your case and/or begging for mercy will not be tolerated. All assignments must be turned in or completed on time.
- If you have a disability or feel you might have a disability and need assistance, contact the Center for Accommodation and Support Services at 747-5148 or go to Room 106 Union East or send them a message (cass@utep.edu).
- All faculty and staff at The University of Texas at El Paso are fully committed to your success. If you face a difficult personal situation, there are experts at UTEP that can help you. Please contact Counseling and Psychological services in Room 202 Union West or send them a message

(caps@utep.edu).
