

REEF Polling by i>clicker – Syllabus

REEF Polling by i>clicker

I will be using REEF Polling by i>clicker in class this term. REEF Polling helps me to understand what you know, gives everyone a chance to participate in class, and allows you to review the material after class. I will not use REEF Polling to keep track of attendance. Participation with REEF Polling will account for 15% of your final grade.

You will need to create a REEF Polling student account to vote in class using your laptop, smart phone, or tablet connected to the university's Wi-Fi (UTEPSECURE) or to your mobile data plan.

Creating Your REEF Polling Account through Blackboard

Sign in to Blackboard and click my course [BIOL_1306_21534.201720: Organismal Biology]. Search for the REEF Polling icon, this should be on the Home Page. Click this link to launch a special instance of REEF, then log in or create a new REEF account if you don't already have one. You should **use your university email address** (username@miners.utep.edu) when creating your account. If you need to change your email address or password, edit your REEF account profile. Signing into REEF through the link in Blackboard will automatically add you to my course. When asked to register a remote device, choose not at this time.

Note: You will not need to purchase a subscription to use REEF Polling this semester because it is provided to you for free.

Creating Your REEF Polling Account (if not using Blackboard)

Students who do not have an existing REEF account, need to go to <http://reef-education.com> or using your smartphone download the REEF Polling app from the App Store or Google Play to sign up for a REEF Polling account. iPad users need to change the search to iPhone App. You should **use your university email address** (username@miners.utep.edu) when creating your account. If you need to change your email address, or password, edit your account profile. Do **not** create and use more than one REEF Polling account as you will only receive credit from a single account. When asked to register a remote device, choose not at this time.

Note: You will not need to purchase a subscription to use REEF Polling this semester because it is provided to you for free.

Add This Course to Your REEF Polling Account (everyone must do this)

Search with the following information to find this course and add it to your REEF Polling account:

Institution: **UTEP**

Course: [BIOL 1306 CRN 21534 SPRING2017]

Cheating

I consider submitting votes for a fellow student to be cheating and a violation of the University Honor Code. If you are caught voting for another student or have votes in a class that you did not attend, you will forfeit all REEF Polling point and may face additional disciplinary action.
