Course Description

This survey course introduces students to dance as a socially and politically relevant art form in its multiple articulations. While this class values dance as a form of self-expression and self-fulfillment, we will focus more specifically on how dance intervenes as a form of historical commentary and social connector. We'll explore various dance forms across geographical areas and eras from an intersectional perspective, while familiarizing with the vocabulary of Dance Studies and methods of dance-making.

This on-line course is structured in 4 weeks, and each week is composed of 2 modules. Each module has assigned videos and readings, activities, and assessments, as listed on the course calendar and as structured on Blackboard. You don't need to buy any textbook, all materials are uploaded by the instructor. You are required to have access to a computer (with video camera), Blackboard, and to check your UTEP email account *frequently*.

This on-line course encourages an open, interactive, and energetic environment in which participants, while working with commitment and rigor, feel free to respectfully express curiosities, doubts, and questions. Also, sometimes, you'll be asked to move and record yourself, according to your possibilities, capabilities, and will. Always feel free to contact your instructors for any inquiry, thought, or information.

Learning Goals

- Demonstrated capacity to engage with dance from a social and political standpoint
 - Demonstrated capacity to recognize and connect the different elements that constitute a dance (bodies, movement quality, how bodies relate to each other, context, props, relationship with the audience, etc.)
 - To articulate a dance studies terminology explored in class and through assigned materials
 - To creatively, critically, and collaboratively respond to assignments
- (additional goals are listed for each learning module)

After reading all the course's policies on the syllabus, look carefully at the **coursemap** and mark down all the **deadlines**.

Grading

Quizzes (15 points)

For each module you will have a quiz on the readings and videos assigned. You also have a quiz (#0) on the class syllabus. See the detailed breakdown of deadlines on our course map.

Quiz 1: 0 pt.

Quiz 2: 5 pt.

Quiz 3: 5 pt.

Quiz 4: 5 pt.

Discussion Board (DB) Posts (65 points)

We'll use the Discussion Boards (DB) on Blackboard extensively. I highly value this tool to make our course more interactive, collaborative, and conversational, and to foster critical and personal thinking. You'll be asked to post comments and/or videos and to respond to your peers. In fact, in my dance classes, physical practice, words, and learning-by-watching have the same intellectual and cultural value.

The DB is divided per weeks and has threads for each module. You'll find guidelines and instructions for completing the assignment in each thread. Note that "DB 1.1 means DB week 1 module 1, "DB 2.2" means BD of week 2 module 2, etc.

For the movement assignments: you'll never be graded for the technical quality of the dancing but for the commitment to the topic and assignment. Feel free to edit the videos if you want/can—just make sure you share *your* best work! For the written assignments: I won't grade the grammar, but I cannot give a good grade if the writing is so bad that I cannot understand what you want to say, so always proofread!!! Always dedicate enough time to the assignments and activities: don't rush!!! Details on coursemap and on the Discussion Board

DB 1.1: 5 pt.

DB 1.2 :10 pt.

DB 2.2: 10 pt.

DB 3.1: 10 pt.

DB 3.2: 10 pt.

DB 4.1: 10 pt.

DB 4.2: 10 pt.

See the deadlines for each post on the coursemap.

All the materials—written, audio and visual—shared within this course remain within this course. You can share on your social media your own materials if the only person that appears is you. If you want to share content that includes or is co-authored with other classmates, you need to write them *and* the instructor to discuss the authorization.

Participation (10 points)

The participation grade rewards punctuality, the necessary politeness and thoughtfulness in feedback and posts, and the capacity to create a conversation with your peers and nurture it throughout the course. Please plan ahead and give yourself plenty of time to turn in assignments by the due date. Please see course calendar below and our course map for a list of deadlines.

Final reflection, DUE July 5 (10 points)

How to succeed in this course

- Follow Instructions: There are thorough instructions for each assignment, from content to format. FOLLOW THEM. Something is not clear? E-mail the instructor!
- Do your absolute best not to miss the deadlines, as indicated on the course map. (All deadlines are by 11.59 pm of the due day).
- Assignment Submissions: You are responsible for making sure your assignments go through and upload properly to Blackboard by the due date and time. ALWAYS go back and double check that your submission went through—it is YOUR RESPONSIBILITY. If you are experiencing technical difficulties contact UTEP's helpdesk or Blackboard Help.
- Announcements and e-mails: Since this is an online course, announcements are the main form of communication that I have with you as a class. Check them often and read them thoroughly. If there are any specifications, changes or alterations to assignments, dates or anything else regarding the class, they will be posted. You are responsible for the information shared there. Check your e-mail account (the one through which you're enrolled at UTEP which needs to be your miners.utep.edu account) at least once a day.
- If you have questions: ASK! The best way to get a hold of me is via email (please don't use blackboard to send me a message). Unless I announce otherwise, I should be able to get back to you within 48 hours. If you haven't heard from me after 48 hours from sending me a message, email me again, and contact our TA. If you have a question, please make sure you follow these guidelines:
 - 1) First, make sure that you have read thoroughly your syllabus and the instructions for the assignment or assessment you have a question about. Minimize the probability of asking something that is clearly stated somewhere.
 - 2) If you don't find your answer by reading, formulate the question with as much detail as you can: What assignment do you have a question about (including what kind and from what module), what is unclear to you in the instructions, and how I can help you.

Netiquette

- Always consider audience. Remember that members of the class and the instructor will be reading all postings.
 - Respect and courtesy must be provided to classmates and to instructor at all times. No harassment or inappropriate postings will be tolerated.
 - When reacting to someone else's message, address the ideas, not the person. Post only what anyone would comfortably state in a face to face situation.
 - Blackboard is not a public internet venue; all postings to it should be considered private and confidential. Whatever is posted on in these online spaces is intended for classmates and professor only. *Please do not copy documents and paste them to a publicly accessible website, blog, or other space. If students wish to do so, they have the ethical obligation to first request the permission of the writer(s).*
- Read this UTEP Netiquette document: <https://www.utep.edu/extendeduniversity/cid/Files/docs/faculty-resources/student-orientation/NetiquetteGuideforOnlineCourses.pdf>

Because this is an online course, attendance is determined by class participation in online assignments, activities, and discussions. Students must be prepared to participate in online individual/group discussions and complete the course modules in order to understand and incorporate the information into their assignments and exams.

Technology Requirements

Course content is delivered via the Internet through the Blackboard learning management system (LMS). Ensure your UTEP e-mail account is working and that you have access to the Web. You may use any of the primary Web browsers—Explorer, Google Chrome, Firefox, Safari, etc. When having technical difficulties, try switching to another browser.

You will need to have or have access to a computer/laptop, printer, scanner, a webcam, and a microphone, or device (like a phone) that allows you to enter Blackboard, check the emails, record and watch audio-visual materials. Sometimes, if a video doesn't work or a page doesn't open, it's because you need to download or update Microsoft Office, Adobe, Flashplayer, Windows Media Player, QuickTime, and Java or so. Also check that your computer hardware and software are up-to-date and able to access all parts of the course. If you encounter technical difficulties of any kind, contact the Help Desk at <https://www.utep.edu/technologysupport/>

If you cannot have access to technological means for whatever reasons, contact me ASAP and I will negotiate an accommodation.

Technical Support. If you do not know how to use Blackboard – contact Tech Support immediately. Do not wait until you do not understand until you are having problems. You can go in person to Room 300 at the UTEP Library, or contact the Help Desk via email at helpdesk@utep.edu, or by phone 747-5257. Hours are M-F 7a-8p, Sat 9a-10p and Sun 12-4p.
