POLICIES AND PROCEDURES

Inclusiveness and equity

Learning happens only when we feel respected as a whole human being. My top priority is to cultivate relationships of trust and respect and a sense that we see each other as whole, complex human beings. That you experience this in our classroom is important for the sake of your learning in our course *and* for the sake of your future students' learning, so that you know how to cultivate such relationships with them. To that end, I want you to know that all of you is welcome in our classroom space—all the parts of you as a person are welcome in our discussions, our activities, our assignments, and in our assessments. We are all complex people with a variety of perspectives, experiences, challenges, and resources—our gender identities, our sexual orientations, our religions, our races, our ethnicities, our economic statuses, our immigration statuses, our parenthoods, our veteran statuses, our ages, our languages, our abilities and disabilities. All the parts of you are welcome in our learning community to the extent that you feel comfortable bringing them in. I strive to show respect for the variety and wholeness in each of you, and I expect that each of you show respect for each other, as well. If you feel marginalized in our class, and you feel comfortable discussing it, I would like to know so that I can support you, protect you, and make changes that feel more inclusive and equitable. You can also talk with our Department Chair, Dr. Alyse Hachey, 915-747-7573 or ahachey@utep.edu, and/or you can report a complaint of discrimination to the University's Equal Opportunity Office, Kelly Hall, Third Floor, 915-747-5662 or eoaa@utep.edu.

Food insecurity, mental health, and access to support services

Learning happens only when our bodies and minds are well—and all of us occasionally face challenges to wellness that interfere with our learning. I want you to be aware of a variety of support services on campus that can help you navigate these challenges and obstacles. **The UTEP Food Pantry** is available to help address students' basic food needs, as well as needs for personal hygiene items and access to additional support programs for students and their families. It is located at Memorial Gym Room 105, hours and more information posted online at <https://www.utep.edu/student-affairs/foodpantry/>. The office of **Counseling and Psychological Services** offers mental health counseling, crisis counseling, and many workshops on wellness topics—all of which are free to UTEP students. Their hours and services are posted online at <https://www.utep.edu/student-affairs/counsel/resources/services-students.html>. Additional support services and resources are

**College of Education, Teacher Education

listed at <https://www.utep.edu/student-affairs/resources/index.html>. If you are facing an obstacle to your learning, I encourage you to check out these resources or let me know and I will be happy to help you find the supports you need. You are not alone.

Language policy for this course

This course is designed to develop your knowledge of and appreciation for bilingualism in your future students, in yourselves, and in our community. You are encouraged to use and develop your own biliteracy skills in this course. *You may submit any formal assignment in English or in Spanish.* For discussion and other group work, including whole-class, the most important criterion is that everyone has an opportunity to understand and to be understood—thus, any discussion group may use any variety(ies) of Spanish, English, both, or any other language, as long as the members of the group agree.

Changes to the syllabus

I strive to respond in my teaching to the shifting conditions of our class community: current events, our discussions, our interests, our extant experiences, and needs for growth. Some changes may be made to the syllabus along the way. I will always notify you or ask you to participate in the decision to make changes. If there are significant changes, the updated syllabus will be made available on Blackboard.

Technical Requirements and Assistance (Hardware/Software):

- 1. ATLAS Lab:** Please review both the Getting Started and the Technical Requirements links on the left side navigation within the course. Students who are not familiar with the online format for the Blackboard program may obtain assistance from the ATLAS Lab located in the Undergraduate Learning Center (UGLC), Room 202. Time Management:

The rule of thumb for time planning for a course is approximately three (3) hours for every credit hour taken. This is a standard figure recommended across the board by American universities. For a 3-credit course, course you should expect to spend: 3 hours of class time + 9 hours of study and prep time = 12 hours per week.

Virtual Classroom Policies

- 1. Responses:** All responses in discussions, reflections, and writing assignments must be well thought out and appropriate for each topic that is discussed. All writing needs to be organized, clear, grammatically correct, and must include correct forms for citations and references.
- 2. Group Participation:** Students are responsible for working with their groups and maintaining a high level of professionalism and respect for one another as we engage in discussions and group work.

ASSIGNMENTS AND EVALUATIONS*

You are assigned to interview immigrant parents (2-1) in regard to the experiences with their children attending school, their academic and personal struggles. A question should address the parents' experiences with their children's teachers. Questions will be designed in class (see due dates in the calendar). Additionally, you will write 2 pages reflection paper including key terms learned throughout the course.

6. Readings notes and participation: 12 points (12 x 1) for taking notes regarding the assigned readings (a minimum of one page each week per reading), and your participation in the virtual class which includes discussions (from posted videos), lesson plans created and analyzed in your groups, as well as your engagement through the presentations and group work. **One point will be deducted for missing discussions and not presenting the notes of the day.**

Additional Course policies

1. Full attendance & participation is required. Since this is an online course, participating, discussing, and submitting the assigned assignments of each week would count as your attendance and participation. Virtual absences exceeding 2 class meetings may result in a loss of 10 credit points. With 3 absences, the professor reserves the right to drop a student from the class. Please, notify me if you have an emergency. It is the student's responsibility to call attention to their presence in the class if they come in after the attendance is taken.
2. You are responsible to make up any missed work.
3. I expect active participation in class discussions and activities. I expect you to read every reading assigned.
4. Confidentiality: The privacy and identity of children and their families should be protected in all written materials. Therefore, in the written reports, please change the name of the participants.

Students with Disabilities:

If you have or believe you have a disability, you may wish to self-identify. You can do so by providing documentation to the Office of disabled Student Services located in Union E Room 203. Students who have been designated as disabled must reactivate their standing with the Office of Disabled Student Services on a yearly basis. Failure to report to this office will place a student on the inactive list and nullify benefits received. If you have a condition which may affect your ability to exit safely from the premises in an emergency or which may cause an emergency during class, you are encouraged to discuss this in confidence with the instructor and/or the director of Disabled Student Services. You may call 747-5148 for general information about the Americans with Disabilities Act (ADA).
