COURSE DESCRIPTION (3 credit hours)

This course is an introduction to education for emergent bilingual students, specifically ELs (English learners who are proficient in a language other than English and are learning English in school). This course focuses on the theory and practice of bilingual education and of the instruction of English as a second language. Included are the identification of program models in bilingual/ESL education; their historical, legislative, and philosophical foundations; instructional frameworks for various programs; and, in particular, the implementation of bilingual instruction with US-Mexico border populations. *At its core, this course is about advancing social justice and educational equity in the ways we use and teach language in schools.*

PREREQUISITE

Admission to Teacher Education is required before taking this course, and this course is required before taking other BED courses on all education degree plans.

PURPOSE OF THE COURSE

This course is designed to prepare future educators with the foundational knowledge (history), conceptual understandings (philosophy), and current mandates and program model information (law and pedagogy) regarding the education of ELs in the United States and, specifically, in the state of Texas. All educators—general education, elementary, middle school, secondary, literacy education, special education, gifted education, bilingual education, ESL education, counselors, and administrators—share the responsibility for the schooling of bilingual students.

COURSE ALIGNMENT WITH COLLEGE MISSION AND VISION

This course aligns with the University's and College of Education's mission and vision in addressing the preparation of educators with a special emphasis on and support for student learning and development within linguistically and culturally diverse border region settings. It provides students with opportunities to apply knowledge of bilingual/EL education as they

University of Texas at El Paso

POLICIES AND PROCEDURES

Inclusiveness and equity

Learning happens only when we feel respected as a whole human being. My top priority is to cultivate relationships of trust and respect and a sense that we see each other as whole, complex human beings. That you experience this in our classroom is important for the sake of your learning in our course *and* for the sake of your future students' learning, so that you know how to cultivate such relationships with them. To that end, I want you to know that all of you is welcome in our classroom space—all the parts of you as a person are welcome in our discussions, our activities, our assignments, and in our assessments. We are all complex people with a variety of perspectives, experiences, challenges, and resources—our gender identities, our sexual orientations, our religions, our races, our ethnicities, our economic statuses, our

College of Education, Teacher Education
University of Texas at El Paso
BED 4340 (19036)

immigration statuses, our parenthoods, our veteran statuses, our ages, our languages, our abilities and disabilities. All the parts of you are welcome in our learning community to the extent that you feel comfortable bringing them in. I strive to show respect for the variety and wholeness in each of you, and I expect that each of you show respect for each other, as well. If you feel marginalized in our class, and you feel comfortable discussing it, I would like to know so that I can support you, protect you, and make changes that feel more inclusive and equitable. You can also talk with our Department Chair, Dr. Alyse Hachey, 915-747-7573 or ahachey@[utep.edu](mailto:ahachey@utep.edu), and/or you can report a complaint of discrimination to the University's Equal Opportunity Office, Kelly Hall, Third Floor, 915-747-5662 or eoaa@utep.edu.

Food insecurity, mental health, and access to support services

Learning happens only when our bodies and minds are well—and all of us occasionally face challenges to wellness that interfere with our learning. I want you to be aware of a variety of support services on campus that can help you navigate these challenges and obstacles. **The UTEP Food Pantry** is available to help address students' basic food needs, as well as needs for personal hygiene items and access to additional support programs for students and their families. It is located at Memorial Gym Room 105, hours and more information posted online at <https://www.utep.edu/student-affairs/foodpantry/>. **The office of Counseling and Psychological Services** offers mental health counseling, crisis counseling, and many workshops on wellness topics—all of which are free to UTEP students. Their hours and services are posted online at <https://www.utep.edu/student-affairs/counsel/resources/services-students.html>. Additional support services and resources are listed at <https://www.utep.edu/student-affairs/resources/index.html>. If you are facing an obstacle to your learning, I encourage you to check out these resources or let me know and I will be happy to help you find the supports you need. You are not alone.

Academic citations

Please provide APA-style in-text and bibliographic citations for all your written work. Help with APA style academic citations is available on our Bb site.

Language policy for this course

This course is designed to develop your knowledge of and appreciation for bilingualism in your future students, in yourselves, and in our community. You are encouraged to use and develop your own biliteracy skills in this course. *You may submit any formal assignment in English or in Spanish.* For discussion and other group work, including whole-class, the most important criterion is that everyone has an opportunity to understand and to be understood—thus, any discussion group may use any variety/ies of Spanish, English, both, or any other language, as long as the members of the group agree.

Changes to the syllabus

I strive to respond in my teaching to the shifting conditions of our class community: current events, our discussions, our interests, our extant experiences, and needs for growth. Some changes may be made to the syllabus along the way. I will always notify you or ask you to participate in the decision to make changes. If there are significant changes, the updated syllabus will be made available on Blackboard.

COURSE ASSIGNMENTS AND GRADING

Weekly reading quizzes (WRQs)

[140 points, 14 quizzes at 10 points each]

All assigned readings are required, essential, and MUST be completed every week. You will take a quiz *for each of the chapters* you read every week. You can find your weekly quizzes in each weekly module on Bb. The quizzes are due every **Wednesday before 11:59 p.m., but you can take them at the beginning of the week.** Once you begin the quiz, you will have 15 minutes to complete it.

The quizzes are created to help you develop awareness of how well and in-depth you are reading. They will focus on the **key terms and guiding questions** appearing at the beginning of each chapter (and occasionally important terms appearing in the chapter but not listed at the beginning). **You will not be allowed to make up any missed quizzes, so please make sure you take your quizzes in the timeframe provided.**

Scenario Solution (SS)

[50 points, 10 SS at 5 points each]

In this activity, you are presented with a scenario, one question about that scenario, and four multiple choice answers. **Questions are similar to those appearing on the TExES Bilingual Education Supplemental (164) certification exam.** I strongly recommend browsing the “TExES/Scenario solutions resources” folder on Bb as a way of being prepared for the scenario solutions. As a group, you will discuss, debate, dialogue, and problem-solve to determine the best answer to your question. Then you will choose the answer as a group, but you will also need to give a well-thought-out rationale for choosing the answer you did, and then a rationale for each answer you did not choose. That is, your group will need to construct responses telling me **WHY** you chose the answer you did as a group and **WHY** you believe it is the answer, and then tell me **WHY** you **DID NOT** choose the other answers and **WHY** you believe they **ARE NOT** the answers. You are also required to **connect your rationales to concepts from that week.** You will receive credit for the correct answer, the quality of your rationales, and the connections you make to that week’s content. **You will not be allowed to make up any missed scenario solutions.**

College of Education, Teacher Education
University of Texas at El Paso
BED 4340 (19036)

(You can fill it out in the word document, print it and scan it, or print it and take a picture of it and upload it)

You will be assigned to a group to work on this activity. You will submit this assignment as a group. Scenario solutions are due every **Sunday before 11:59 p.m., but you can submit them at any time during the week**. You will receive 3 points for turning in the assignment completed and with rationale for every answer. You will receive 2 additional points if your answer is correct. (Total: 5 points for every SS)

Participating in your group: Each person's contributions to the group SS dialogue are important. I will observe group discussions for evidence of participation from all group members, and I will periodically ask all group members to rate each other's participation. If you find that someone is consistently participating less than others in the group, I ask that you let me know by email, and I will then check with all group members.

Following are suggested guidelines for doing your group scenario solution:

- ✚ Study the question. Study the answers.
- ✚ Highlight, underline, and use any other strategies in determining key terms, phrases, or clues in each question.
- ✚ Write rough notes on your own paper that reflect your thinking.
- ✚ Then, as a group, you will draft your final thoughts and rationale for each of the responses, especially the correct response. There will be designated spaces next to each response for you to draft each thought and rationale.
- ✚ As a group, you will turn in that one sheet with the question, responses, and rationale provided.

Photovoice project: Your life as a lingual student

[50 points: Flipgrid 1 at 25 points; Flipgrid 2 at 25 points]

The first order of business for any teacher must be knowing their students: listening to their voices and learning who they are. In this first assignment of our class, I am asking you to talk to me—and others—about who you are. Specifically, because our class focuses on language in education, I am asking you to tell us about your life as a lingual student—as a student who uses language in learning. You will do this using a process called “photovoice” where you take photos, narrate them, and organize them into a story that you feel tells us about YOU and about language in your learning life—and that you can use to influence policy and educational decisions that affect you.

You will take photos that speak to a question about what it is like to be you, using language in learning. You will share a small selection of these photos with your classmates, where you will discuss the photos together, identify themes, and develop narrative captions for the photos. You

**College of Education, Teacher Education
University of Texas at El Paso
BED 4340 (19036)**

will be graded on submission of the photos and the commentary on your classmates' photos that you provide on Flipgrid.

Additional details and guidelines can be found in Bb under Syllabus & Course Content, Assignments, Photovoice Project. You can also find them under Week 2 and Week 3.

Discussions

[140 points, 14 discussions at 10 points each]

For this online course, students will be required to participate in discussions. You will engage in a discussion with your classmates through a Bb Discussion forum or Flipgrid. The discussions will be open all week. The topic will consist of the content you read for that specific week. Your initial post of **200 words** will be worth **5 points - due every Wednesday by 11:59 p.m.** You will reply to **two** of your classmates. Each reply of **100 words** will be worth **2.5 points each – due every Friday at 11:59 p.m.**

In your post and your replies, make sure you refer to the readings of that week and of previous readings. Demonstrate that you know the content for that week. You don't need to be experts in the topic, but you do need to be familiar with it. *Please refer to the Netiquette section of this syllabus when participating in the discussion boards.*

Service-Learning Project (SLP) Virtual tutoring

[400 points: Tutoring Log 100 points, 4 assignments 50 points each (200 points), Reflective essay 100 points]

In this project that involves both service and learning, you will tutor an English learner student for a minimum of 10 hours over the course of the semester (these hours will count toward your field experience requirements). **All interaction will be virtual.**

The goals of the assignment are for you to:

- (1) build pedagogical and professional skills and knowledge and to integrate and apply what we discuss in class to a real-life teaching situation, and
- (2) serve the needs of an English learner in our community—in particular to be an additional teaching support in their lives during COVID-19 and distance learning.

This assignment is designed to help you understand the more complex, interpersonal, human dimensions of what is covered in the textbook by working directly with an EL student, and to develop your ability to use reflection and analysis to make connections between pedagogical concepts and your own practices and experiences (connecting stuff in class to real life).

**College of Education, Teacher Education
University of Texas at El Paso
BED 4340 (19036)**

The SLP project is divided into 3 parts as shown next:

10+ hours of tutoring logged [5 points per hour plus 5 points for each reflection; 100 points total]: You will submit evidence of each tutoring session along with a brief reflection using the Educator Preparation Online Portal (EPOP) and verified by both your classroom teacher and by me. You are expected to complete these hours virtually, unless you would like to and feel comfortable doing them in person and your assigned classroom teacher agrees. It may be helpful (but not required) for you to meet your classroom teacher and English learner student(s) in person once in the beginning in order to get to know each other.

4 activity designs + reflections and peer feedback [50 points each]: In most of your tutoring hours, you will focus on needs and activities as identified by the classroom teacher. However, within the 10+ hours, you are also required to design 4 specific activities to do with your student, implement them with the student, and then write a reflection about how they went and how you would improve them. These activities and reflections will be due in Weeks 7, 9, 10, and 12. For the final of these four activities, you will provide (and receive) peer feedback on it before submitting.

Reflective essay [100 points]. Developing your awareness and skills as a reflective practitioner is essential preparation for teaching. Reflection means thinking about what happened during virtual tutoring, how it compares to your objectives as an educator, how it relates to theory and your knowledge (in this case, to our course content), and how you might change something in the future. The objective of this essay is for you to reflect on your tutoring experience and connect them to the concepts, terms, and ideas covered in this course. It should be about 1,000 words long and **must connect at least 10 key terms from the course.**

We will match you with a PDNPER school district (Clint ISD, Tornillo ISD, or San Elizario ISD). They will provide an orientation to work in their district, procedures for a background check and getting district credentials (for email and logging in to district platforms), and they will match you with a campus contact, who will then match you with an English learner student. This assignment is done individually and graded individually.

Additional guidelines for the SLP log and activities can be found on Bb under Syllabus & Course Content, Assignments, and Service-Learning Project.

IMPORTANT: Your 10 Virtual Tutoring Hours Log and Reflective Essay Via EPOP

Per State of Texas law- TAC§228.35(b)(1), candidates seeking teacher certification must complete a minimum of 30 clock-hours of field-based experience (FBE) prior to clinical student teaching or internship (in our case, the Student Teaching Residency). This course requires **10** hours of FBE. In addition to turning in your fieldwork hours and related assignments

**College of Education, Teacher Education
University of Texas at El Paso
BED 4340 (19036)**

as work in this course, you are required to document each observation in the Educator Preparation Online Portal (EPOP), located at <https://coe.utep.edu/epop/>. Documentation includes *both* a log of the time spent observing and a final reflection paper.

Follow these instructions after each observation:

1. Navigate to <https://coe.utep.edu/epop/>
2. Go to “Student Login” and select “Field-based Experience”
3. Select “New Observation”
4. Enter the information pertaining to your most recent observation
5. An email will be sent to your cooperating teacher, so s/he can verify the information you provided.

You must submit a “New Observation” every time you go to a campus to complete field-based experience hours.

For each course, upload a final reflection paper that addresses the prompts provided by your instructor.

Once you have obtained the minimum number of required FBE hours for a particular course and uploaded your final reflection paper, click “Submit for Verification.” A summary of your observations will be sent to your instructor for confirmation.

It is **your** responsibility to submit your fieldwork hours and final reflection into the EPOP system. Failure to so can impact your ability to do your Student Teaching Residency and become a certified teacher.
