

Class Reference Number (CRN): 16874

Instructor: Methaq S. Abed, Ph.D., P.E.

Office: Engineering Annex, A104

Office Hours: 11:00 to 12:00 pm MTWR, and another time by appointment.

Email: msabed@utep.edu

Class Meeting Schedule: 3:00 - 4:20 pm TR

Class Location: Liberal Art Building 323

Prerequisites: Mechanics of Materials

Text Book: Mechanics Dynamics by R. C. Hibbeler, 14th edition

Course Objective:

At the end of this class the typical students should be well prepared in the following areas:

- Determine the kinematic quantities (position, displacement, velocity, and acceleration) of a particle traveling along straight and curved paths.
- Apply the equation of motion using the rectangular coordinates, or the normal and tangential coordinates.
- Apply the principle of work and energy to a particle or system of particles.
- Calculate the linear momentum of a particle and the linear impulse of a force.
- Determine the mass moment of inertia of a rigid body or a system of rigid bodies.
- Apply the three equations of motion for a rigid body in planar motion.
- Analyze the planar kinetics of a rigid body undergoing rotational motion.
- Analyze the planar kinetics of a rigid body undergoing general plane motion.
- Define the various ways a force and couple do work.
- Apply the principle of work and energy to a rigid body.
- Determine the potential energy of conservative forces.

Topics covered

1. Kinematics of a Particle (Chapter 12)
2. Kinematics of a Particle: Force and Acceleration (Chapter 13)
3. Kinematics of a Particle: Work and Energy (Chapter 14)
4. Kinematics of a Particle: Impulse and Momentum (Chapter 15)
5. Planar Kinematics of a Rigid Body (Chapter 16)
6. Planar Kinematics of a Rigid Body: Force and Acceleration (Chapter 17)
7. Planar Kinematics of a Rigid Body : Work and Energy (Chapter 18)

This course satisfies the fundamental dynamics components of the general engineering program.

GRADING PLAN

The final grade for the course will be based on the break given below:

- Exams 60%
- Homework 10%
- Quizzes 10%

Final Exam 20% [**Note: If a student's overall grade before final exam is above 88 (grade of A), then he/she will be exempt from the final exam.**]

There will be 3 in-class exams. All exams must be taken at the scheduled time and date set by the instructor unless prior arrangements are made. ***No makeup exam will be given under any circumstances.*** *If you miss any of the tests for emergency reasons, evidence should be submitted by email to the instructor, and the exams' average will be calculated based on the average of two tests.*

**Homework:**

All students are required to register for the course through MasteringEngineering.

<http://www.pearsonmylabandmastering.com/northamerica/masteringengineering/students/get-registered/index.html>

Course ID: MEABED68234

Homework will be assigned through Mastering Engineering. Late homework will be penalized by 50% deduction per day after the deadline. You have 6 trials to submit the correct answer.

Grading Scale

Your final grade will be calculated based on the points you have accumulated as follows:

- A ≥ 88.5
- B ≥ 78.5 but < 88.5
- C ≥ 68.5 but < 78.5
- D ≥ 58.5 but < 68.5
- F < 58.5

ACES & Tutoring Center

- Students are reminded of the tutoring services available in the ACES and the library. These services are provided to you by the University. Check the schedules and make use of the services.

Allowed Calculators

The following will be the only calculators allowed in exams:

- Casio: All fx-115 models. Any Casio calculator must contain fx-115 in its model name.
- Hewlett Packard: The HP 33s and HP 35s models, but no others.
- Texas Instruments: All TI-30X and TI-36X models. Any Texas Instruments calculator must contain either TI-30X or TI-36X in its model name.

**COURSE TOPICS AND SCHEDULE**

Lecture No.	Date	Topics	Reading	Notes
L1	08/28 T	Syllabus and Introduction to Rectilinear Kinematics	12.1	
L2	08/30 R	Rectilinear Kinematics: Continuous Motion	12.1-12.2	
L3	09/04 T	Continuous Motion and Erratic Motion	12.3	
L4	09/06 R	Erratic Motion	12.3	
L5	09/11 T	Curvilinear Motion	12.4-12.5	
L6	09/13 R	Curvilinear Motion	12.5	
L7	09/18 T	Curvilinear Motion	12.5	
L8	09/20 R	Projectile	12.6	
L9	09/25 T	Absolute Dependent Motion Analysis of Two Particles	12.9	
L10	09/27 R	Exam #1 Review		
L11	10/02T	Exam #1		
L12	10/04 R	Equations of Motion	13.1-13.3	
L13	10/9 T	Equations of Motion: Rectangular Coordinates	13.4	
L14	10/11 R	Equations of Motion: Normal and Tangential Coordinates	13.5	
L15	10/16 T	The Principle of work and Energy & System of Particles	14.1	

L16	10/18 R	The Principle of work and Energy & System of Particles	14.1-14.3	
L17	10/23 T	Exam #2 Review		
L18	10/ 25 R	Exam #2		
L19	10/30 T	The principle of Linear Impulse and Momentum	15.1	
L20	11/01 R	Conservation of Linear Momentum for systems of Particles	15.2-15.3	Deadline for dropping classes is Nov.2nd
L21	11/06 T	Angular Momentum, Moment of A Force and principle of Angular Impulse and momentum	15.5-15.7	
L22	11/08 R	Planar Rigid Body Motion	16.1-16.3	
L23	11/13 T	Absolute Motion Analysis	16.4	
	11/15 R	Moment Of Inertia	17.1	
	11/20 T	Planar Kinetic Equations of Motion: Translation	17.2-17.3	
	11/22 R	Thanksgiving Holiday		
L24	11/27 T	Planar Kinetic Equations of Motion: Translation	18.1-18.4	
L25	11/29 R	Exam #3 Review		
L 26	12/04 T	Exam #3		
L26	12/06 R			
		Final Exam		

Note: The above schedule is tentative and is subjected to change.

**Academic Honesty**

During exams and quizzes, you are not allowed to use any form of wifi enabled electronic device, including cell phones or other electronic communication devices or methods (wrist watches, earbuds, etc.). No wrist watch or other electronic device may be worn.

No electronic version of the book, loose paper print-outs of the book or extra sheets of paper of any kind are allowed unless explicitly mentioned in writing by the instructor. As a part of the zero-tolerance policy, if you have a cellphone or other electronic device capable of communication on your person; or if any proctor sees or hears any electronic device during the exam or if you share your work with someone else, you will be reported to the proper authorities and you may receive a zero on the exam and an F in the class. Other actions including suspension may also be pursued.

If anyone leaves the exam room during an exam they must be accompanied by a proctor. This includes restroom breaks. University approved recording devices may also be located at various locations in the room and may be out of sight of the students. These recordings will be managed according to the UTEP approved regulations for such media.

If you are suspected of scholastic dishonesty you may not be directly confronted about your conduct by the instructor or proctor. You will however, be reported to the Office of Student Conduct and Conflict Resolution (OSCCR) and your exam will not be admissible. Your grade in the class may not be available until OSCCR makes a final ruling, this may adversely impact your ability to enroll in other classes.

If you arrive more than 15 minutes late to an exam, you will not be allowed to take the examination.

There will be no makeup exams administered. If you have a university approved excuse, your instructor will have a process for determining how to handle the missing grade outlined in the syllabus. However, no makeup exams will be given.

If you miss more than one exam, the instructor may choose to administratively drop you from the class. This may adversely impact a visa and financial aid.

Any food or drink brought into the examination room is subject to careful inspection by a proctor.

Departmental policy allows for the use of assigned seats. All students must present their UTEP issued ID prior to and during every exam and may be required to sign in. Not having a UTEP issued ID when asked will result in forfeiture of the exam.

Scholastic dishonesty on homework, lab assignments and all other class assignments will be held to the same standards and requirements of academic honesty as quizzes and exams.

**Class Attendance Policy**

Attendance is mandatory. Anyone with 5 or more absences will be dropped from the class. A drop for not attending will count toward the State Allowed Six Drop Limit. If you are failing the class at the time of the drop you may also be given a WF designation. Be advised that a drop could adversely impact visa status, financial aid and other programs.

As per UTEP rules, you may be asked to show a UTEP ID at any time during class. Anyone who is present and not registered in the class will be subject to disciplinary action unless the instructor gives prior approval.

Excused Absence for Exams

The UTEP catalog allows Exam Absence to be excused ONLY for University-Recognized Activities and very specific other situations. Medical absence is NOT allowed in the UTEP catalog. For consistency with the catalog, students will NOT be excused from exams due to illness.

Harassment Policy

The department has a zero-tolerance policy for harassment. Engagement in any behavior considered harassment will be reported to the proper authorities. In addition to generally understood forms of harassment, the department also treats the following behavior as harassment:

- Repeated emails and/or calls regarding subjects that have already been addressed. Once a decision has been made or a question answered, a student who continues to ask the same question will be given a warning by the recipient of the email/call. If the student continues, the behavior will be reported. Questions that seek understanding of course material are not harassment; but repeated questions about a grade or an administrative decision are.
- Grades are NOT negotiable, ever. If you believe a grading mistake has been made, you must follow the process described in the UTEP catalog. Any request for a grade elevation that is NOT based on a mistake is considered harassment and will be reported immediately.
- Remaining in an office after the occupant requests you leave is considered harassment and potentially threatening. You will be reported immediately without warning and depending on the severity, may be reported to law enforcement.
- Similar behavior towards department staff, and student advisors will also be treated as harassment, including persistent phone calls, emails, and badgering. Department staff and student advisors are there to help students, and should be treated with due respect.
