Course Description

Basic Drawing II is a studio course designed to serve the needs of beginning studio-based art majors. The course expands upon basic skills taught in Drawing I and introduces new materials and avenues of expression with a special emphasis on color, design and utilizing a variety of media. Lectures, demonstrations, critiques and slide presentations are interwoven within class work time. Students will be given specific drawing assignments for both in class and out of class work. The class environment will encourage the development of critical skills, with frequent critiques and interchange of ideas.

The majority of class time will be spent working on drawings, with demonstrations and lectures given to provide examples relative to course work. Critiques involving the entire class, or one-on-one critiques with the instructor, will be held regularly for comparative evaluation and critical feedback.

This course requires additional time be spent outside of class for completion of all assignments.

Course Prerequisite Information

The prerequisite for Basic Drawing II is ARTF 1302 Basic Drawing I. It is strongly suggested that students also complete ARTF 1301 Basic Design I prior to taking Basic Drawing II and take ARTF 1303 Basic Design II concurrently with Basic Drawing II.
Course Goals and Objectives
The goals and objectives of Basic Drawing II include:
- further development of drawing skills necessary to render three-dimensional forms and space in a convincing illusionistic manner.
- experience in handling varied drawing media.
- development of successful compositions.
- exposure to art historical precedents and contemporary artists.
- consideration and development of personal imagery.
- development of improved planning skills and creative thinking.
- continued growth in the ability to think and speak critically about artworks.
- continued development of work ethic and commitment needed to succeed in achieving the above stated goals.

Course Outcomes
Students who successfully complete this class:
- will be competent in using line and value to render forms based on observation of the visual world.
- will have experience and competency in handling various drawing media, including color media.
- will be familiar with color terminology and have the skills to use color to build form.
- will be able to develop pictorial space.
- will have a greater understanding of the contemporary art world.
- will have greater confidence in their ability to plan and commit to an idea.
- will have the ability to critically assess their own and other’s work.

Course Requirements
Basic Drawing II (CRN: 20718) is a studio course that meets in-person Mondays & Wednesdays from 3:00pm to 5:50pm. As this is not an online course, you must be present in class, face-to-face, for a total of 6 hours each week. You will use Blackboard to submit your assignments, as well as to check for important announcements, deadlines, and updates. You will submit your drawings on Blackboard in the form of a .jpg image file, but also present the work in person for Critique Day. Assignments are always due both in-person and online on Critique Day. Lectures, demos, and crits will be interwoven during class time. Halfway through each class, we will have a 15-minute break. At the beginning of each class, you will be expected to arrive on time, be prepared with the proper materials, and work through the entire class period.

For Critique Days, be prepared to share your thoughts with your classmates. You will bring your drawing(s) to class (I will remind you the week before) and you will hang them up on the walls. Then we will gather around for the critique. Critiques are not a roasting session, but rather a discussion on what makes a work effective as well as what things could be improved. It’s a chance to show off your skills, but also a chance to learn how you can do better. Be tactful with your criticism and speak up. Participation during critiques will count towards your grade.
Course Evaluation and Grading

Midterm Portfolio: 45%
Final Portfolio + Final Project: 55%

Each graded assignment will be submitted both in-person for Critique Day and virtually via Blackboard every week. Each time we have Critique, please remember that you must also submit an image of the drawing on Blackboard. When photographing your artwork be sure to include the visible edges of the paper. Please label your files as follows:

LastnameFirstname_Assignment#.jpg
Example: OlagueMarianna_Assignment1.jpg

- Each day your work is late, reduces it by ten points. For example, you receive a “95” on an assignment. 1 day late becomes an “85”, 2 days late becomes a “75”, and so on.
- If you do not turn in your work at all, you will receive a 0, which significantly lowers your grade. Better to be late than receive a 0 on an assignment.
- If you cannot meet the assignment deadline because of a documented serious illness, death in the immediate family, or a University sanctioned event with prior approval, please contact me ASAP mtolague@utep.edu
- Work that is done without input from the instructor and is unassigned, will not be accepted.

I strongly suggest that you submit your work on Blackboard with plenty of time to spare in the event that you have a technical issue with Blackboard, Wi-Fi, or with your computer. You may also try emailing me your homework if you encounter problems submitting on Blackboard. If worse comes to worst, contact the Help Desk and be sure to bring your drawings to class in-person the next time I see you.

Other factors considered in grading are:
- following instructions
- completion of assignments on time while demonstrating a comprehension & application of techniques presented in the course
- participation during critiques & discussions
- work ethic, avoid cell phone use & professional commitment
- progress & growth during the course of the semester
- condition of work i.e., clean, smudge free and unwrinkled
- attendance record
A **90-100** represents outstanding work and is reflective of works and performance of exceptional ability and absolute quality.

**B 80-89** stands for above average performance, going beyond expectation.

**C 70-79** is for average and adequate work that fulfills requirements and expectations (the majority of students start at this level). This is the minimum grade required to continue on to the next art foundation course. Students will not receive a grade of “C” for just showing up to class or for turning work in on time.

**D 60-69** represents less than average performance and is considered underachieved. Credit given.

**F 60 & below** is for unacceptable performance. The student will receive no credit.

### Course Policies

- Students are allowed 3 unexcused absences during the semester. **If you are absent, it is your responsibility to notify me.** Contact me via email ASAP to find out any pertinent information and assignments you may have missed. Students with more than 3 unexcused absences should consider dropping this course and retaking it at a time when the student can commit the proper attention to the course.

- **Scheduled appointments, transportation problems, and job demands are not excused absences.**

- Excused absences are defined as documented serious illness, death in the immediate family, University sanctioned events with prior approval, testing positive for Covid-19 or having COVID-19 related symptoms.

- **After 3 unexcused absences, your final course grade will be lowered one letter grade per additional absence.** For example, a final grade of “A” becomes a “B” with 4 absences, a “C” with 5 absences, a “D” with 6 absences. After 5 absences you should consider dropping the course.

- Coming to class without the necessary materials or attending class and not working is considered absent.

- **Arriving to class late (after roll is taken) or leaving early counts as ½ an absence. That is, 2 tardies = 1 unexcused absence.** Leaving any time before the designated ending of class is counted as leaving early.

- Returning late from break will be recorded as ½ an absence.

- **No texting or social media during class time.** If student is found violating this policy a verbal warning will be given at first, if found violating policy a second time a ½ absence will be recorded for the day.

- Music is not allowed during any instruction, lecture, or during critique. Students may listen to music at a low volume with headphones (one earbud only) during any other class time as long as it does not disturb other students. **Do not stream video content such as YouTube, Twitch, Netflix, etc. while you work.**

- If you wish to listen to music please use a playlist or music app that does not require your attention. If student is found violating this policy a verbal warning will be given at first, if found violating policy a second time a ½ absence will be recorded for the day.
Incompletes, Withdrawals, Pass/Fail
Incompletes or “I” grades will be considered for students completing satisfactory or better work and having serious legitimate situations beyond their control requiring additional time to complete the course requirements. All “I” grades are at the discretion of the instructor and the approval of the Departmental Chair.

Students hold the full responsibility for withdrawing from this course if that procedure is elected. Withdrawals must be completed on or before the final drop date to drop a course with a W (see calendar at the end of the syllabus). Withdrawals made prior to the census day will not count toward the 6 course drop limit. Students missing this deadline will be issued a grade for their performance in the course. This is a grade-based course and is not available for audit or pass/fail options.

Lockers
Art students are allowed the use of lockers in the DoART department only. If students wish to use a locker they must:
• place lock on available locker
• write locker number down and proceed to art office
• sign out locker in DoART office located on the 3rd floor of Fox Fine Arts Building
• Lockers are free, and available on a first come first reserved basis.

The Center for Disease Control and Prevention recommends that people in areas of substantial or high COVID-19 transmission wear face masks when indoors in groups of people. The best way that Miners can take care of Miners is to get the vaccine.
