Course Overview

Introduction to Engineering Leadership will prepare you for the next four years in the Engineering Leadership Program! You will receive the opportunity to make connections with other students and with E-Lead faculty. This class will provide you with the knowledge of what is yet to come in your other E-Lead courses, as well as the opportunity to discover who you are and how to utilize those skills in your academic career and even further into industry. You will become proficient in the areas of graphics design and will be able to implement them throughout you project based assignments. Welcome to the class and to Engineering Leadership!
