### **Course Description**

The course will focus on the study and performance of solo repertoire of different style periods and technical exercises such as scales, arpeggios and etudes. The meetings will be 50 minutes in length, once a week.

### **Course Goal**

Achieve the highest level of performance of the selected repertoire and technical studies assigned for the semester. Through commitment to the instrument, discipline, daily practice, and hard work, develop adequate practicing habits to improve week after week and complete the assigned repertoire.

### **Objectives**

- To master all major and minor scales hands together, 4 octaves in sixteenth notes, at a minimum of 90 for the quarter note.
- To improve technical skills, finger dexterity, coordination, memorization techniques, and musicality through the study and performance of assigned repertoire. Every week the student should demonstrate that he/she has incorporated many of the musical and technique aspects worked and discussed in class.
- To incorporate all elements of music (theory, history, performance practice, and analysis) into the study of repertoire and sight-reading.
- To improve sight reading skills by practicing sight-reading daily (a minimum of 5 pages, every day, every week, all semester long!).
- To think critically and constantly reflect on performance goals, constructive criticism in lessons, and achievements.
- To develop the sense of curiosity to acquire knowledge of composers' lives and works to gain insight on the repertoire and composers studied during the semester.
- To perform publicly in different settings to gain experience as a performer.

## Attendance

- All lessons will be conducted under guidelines outlined by UTEP for health and safety to deal with the situation related to the COVID-19 pandemic. The instructor will be available for lessons remotely, via video conference. Should conditions allow, lessons may be given face-to-face, as long as university-mandated policies are followed.
- Attendance is necessary to do well in the class and improve week after week. Only 1 unexcused absence is allowed during the semester. The final grade will be dropped by 5 points for every unexcused absence thereafter. PLEASE, be on time at your assigned lesson time and plan to warm up at least 30 minutes before your lesson.
- It is required to be present in ALL weekly lessons, master classes, departmental recitals, guest artists, and keyboard faculty recitals (most or all will be conducted online this semester).
- Notification of excused absences should be, if possible, given to the instructor in advance. Proper documentation is necessary for excused absences.
- Attendance is required for all examinations. No make-ups will be given unless the instructor is notified in advance, with proper documentation.
- **Attendance to final jury is mandatory.** An absence at the final examination will result in failing the class.
