

THE UNIVERSITY OF TEXAS AT EL PASO
COLLEGE OF SCIENCE
DEPARTMENT OF MATHEMATICS

Course Number: 1320, CRN 34241
Credit Hours: 3
Term: Summer II, 2019
Course Meeting Time: None – course is entirely online via WebAssign
Prerequisite Courses: M0311 or TSI score between 350 – 390 or placement by previous Accuplacer scores
Instructor: Nada Al-Hanna
Office Location: Bell Hall 325
Contact Info: (915) 747-8898
E-mail: nfalhanna@utep.edu
Office Hours: TBA
Textbook, Materials: Finite Mathematics & Applied Calculus, Waner and Constenoble, 7th Edition.

Required Technology: MS Excel and a WebAssign account.

WebAssign: WebAssign is an online Course Management System of Cengage, the publisher of our text. **You must have reliable internet in order to take an online course.** You will use the instructions below to access and register for WebAssign. **You will have a one week free trial so that you may access your course work immediately.**

Instructions to access and register for WebAssign:

To enter your course on webassign, on July 9, go to www.webassign.net and follow these steps:

- 1) Click on “Enter class key”
- 2) Enter the class key **TBA** as shown below:
- 3) Verify the section number and instructor name, then enter your information. Please make sure that you use your miners email and that you remember the password that you create.
- 4) The next time you log in, you just click on “log In” and enter your miners email that you used and the password that you created.

You will be given a one week grace period during which you will be able to log in without an access code. You will need to purchase an access code to log in as soon as possible and definitely before this period end. If you purchased a new book from the UTEP bookstore, the code should have come with it.

Course Information: Math 1320 is a pre-calculus course for liberal arts, business and other non-science majors. The topics covered include:

- Linear, quadratic, exponential, and logarithmic functions
- Systems of linear equations
- Matrix algebra
- The mathematics of finance
- The algebra of sets

- Probability

Students will learn mathematical concepts and methods used in management, social science, and business. Students will develop the view that mathematics is an evolving discipline that is interrelated with human culture. Students will also understand the connections of mathematics to other disciplines.

Daily Activities:

Daily activities (30%) are: Assigned Readings & Practice Problems (10%) and Homework (20%). You will be responsible to access WebAssign to review the lessons in the e-text, watch all the videos, tutorials, and PowerPoints given in the daily activities, ask questions about the lessons and submit each assignment on time.

All daily activities are due at 11:59PM. Due dates are listed next to each assignment on Webassign and it is on **Course Schedule.**

Assessment: Your overall grade will consist of the weighted average of your scores on **daily activities, three exams, and the Comprehensive final exam.** **The final exam both counts as 25% of your grade and if it benefits you, the score you receive on the final exam, will replace your lowest exam score. The final exam is required. All Exams will be password protected as they are timed at 120 minutes each. Type the password **ready** when you are ready to begin each exam.**

Please see the **Course Schedule** for both the due dates and the availability dates for exams.

If a student receives a grade of “D” or “F”, then they can take a comprehensive TestOut exam on August 7th at 9:00 am in Library room 204A. A grade of 70% or better on the comprehensive TestOut exam, will replace a failing course grade with a grade of “C”. (A grade change form will be signed and submitted by the coordinator for Math 1320, Ms. Tuesday Jhonson).

Grading Policy:

The usual grading scale will be used for this course (90%-100% is an A, 80%-89% is a B, etc.)

Three exams	45% (15% each)
Daily activities	30%
Comprehensive final exam	25%
Total	100%

Make-up Policy:

A make-up exam will only be given in extraordinary circumstances (severe illness, death in immediate family), and with appropriate documentation (e.g. doctor’s note).

Attendance Policy:

If you do not submit any assignments onto WebAssign by 11:59 PM on Wednesday July 10, then you will be dropped from this class for lack of effort on Thursday, July 11. You are expected to work toward completion of the course assignments **daily**. There will be no set times that you must be on line, however, **if you do not**

submit an assignment onto WebAssign for 3 consecutive days, then you will be dropped from this class for lack of effort. You are expected to log into webassign and work on the course assignments **daily**. Also, you must, **daily**, both read any announcements that are posted on your webassign homepage and check your miner's email for any webassign notification emails and other emails that I may send **you**.

Academic Integrity Policy:

The University policy is that all suspected cases or acts of alleged scholastic dishonesty must be referred to the Dean of Students for investigation and appropriate disposition. Any student who commits an act of scholastic dishonesty is subject to discipline. Scholastic dishonesty includes, but is not limited to cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, any act designed to give unfair advantage to a student or the attempt to commit such acts. Each student is responsible for notice of and compliance with the provisions of the Regents'

Rules and Regulations, which are available for inspection electronically at

<http://www.utsystem.edu/bor/rules/homepage.htm>

All students are expected and required to obey the law, to comply with the Regents' Rules and Regulations, with System and University rules, with directives issued by an administrative official in the course of his or her authorized duties, and to observe standards of conduct appropriate for the University. A student who enrolls at the University is charged with the obligation to conduct himself/herself in a manner compatible with the University's function as an educational institution.

Any student who engages in conduct that is prohibited by Regents' Rules and Regulations, U. T. System or University rules, specific instructions issued by an administrative official or by federal, state, or local laws is subject to discipline, whether such conduct takes place on or off campus or whether civil or criminal penalties are also imposed for such conduct.

Disability Statement:

If a student has or suspects she/he has a disability and needs an accommodation, he/she should contact The Center for Accommodations and Support services (CASS) at 747-5148 or at <cass@utep.edu> or go to Room 106 Union East Building. The student is responsible for presenting to the instructor any CASS accommodation letters and instructions.

Military Statement:

If you are a military student with the potential of being called to military service and/or training during the semester, please contact me by the end of the first week of class

- Course Schedule:** See last page.
- Technology:** A TI-83 or TI-84 (or similar) graphing calculator is recommended.
- Drop Deadlines:** The last day to drop the course without a "W" is July 11th. The last day to drop the course with a "W" is July 26th. Students who decide to drop the course must process a drop form, in person, at the Registrar's Office, by July 26th. Please note that the College of Science will remain aligned with the University and **will not approve any drop requests after that date.**
- Tutoring:** The MaRCS tutoring center offers free tutoring and is located at the UTEP library. There are several useful features of WebAssign designed to give extra help. Please also make use of the instructor's office hours.
- Websites:** [WebAssign](#)
[UTEP Math 1320 website](#)
[Instructor website](#)

Class Procedures

We will use WebAssign exclusively for this course. Blackboard will only be used for additional resources.

- 1) On the first day of class July 9th, you must use the provided **WebAssign** class key to create your account on Webassign and start working on your assignments (Please see Attendance Policy)
- 2) **The first assignment you should complete is called Entering Math Answers in Enhanced WebAssign. In fact, you won't be able to access any other assignments until you score 100% on this one (it is very easy, it's just showing you how to enter things into WebAssign).**
- 3) Once you complete that first assignment, I strongly suggest that you follow this order on all sections: first complete the Assigned Reading & Practice assignment, and then do the Homework assignment. The Assigned Reading & Practice assignment is to help you get ready for the Homework assignment.
- 4) For Assigned Readings & Practice Problems - you have unlimited submissions per question, you can save your work as you go without using a submission, you will have a 5% bonus if you submit your assignment 24 hours before the due date and you will have access to Tools such as read about it, watch it, master it and practice another version. For homework you will have 5 submissions per question, you will earn 5% for early submission BUT you will NOT have access to tools; likewise, for exams you will not have access to tools.
- 5) Semester Exams: Each of the 3 semester exams are timed exams. Once you click on the exam, you will have 2 hours to finish approximately 15 questions. Once you start the exam, the timer begins and keeps going even if you log out, so be sure that you have an uninterrupted two hours before you click on the exam. **Type the password ready when you are ready to begin each exam.**
- 6) Final Exam: The final exam is a timed exam. Once you click on the final exam you will have 2 hours and 45 minutes to finish 20 questions. Once you start the exam, the timer begins and keeps going even if you log out, so be sure that you have an uninterrupted two hours and 45 minutes before you click on the exam. **Type the password ready when you are ready to begin each exam.**
- 7) **Try to keep up with the calendar.** We cover two sections per day. Each section consists of the two assignments I mentioned earlier (Assigned Readings & Practice, and Homework). There are **no extensions** on Exams without a documented reason, so you need to keep up on the work so that you'll be ready for the exams when they are available. Please see the **Course Schedule** for both the due dates and the availability dates for exams.
- 8) **You can get extensions for the Daily Activities Assignments.** For the Assigned Readings & Practice and homework assignments, you can get the extensions automatically **with a penalty of 15%**. Once the assignment due date has passed, click on Past Assignments and then click on Ask for Extension. **You can do this up to one day after**

the due date, and once you ask for the extension, you get an extra day to finish the assignment. The best thing to do is to get your work done on time. If you rely too much on taking extensions, you will get too far behind and not be prepared for the exams when they come. **No extensions will be given for exams without documentation.**

- 9) It is very important that you follow the calendar for the due dates of the assignments.
Please make sure that you pay close attention to the available and due dates of the exams since you do not have extensions on exams.

I hope this will help you get started in the course. You must create your Webassign account and start working on the course no later than Tuesday, 7/9 - **anyone who has not submit any assignments onto WebAssign by 11:59 PM on Wednesday July 10, will be dropped from this class for lack of effort on Thursday, July 11.**

I will be monitoring who has not registered after the first day of class and sending reminder emails.

Please let me know if you have any questions, and good luck in the course!

Nada Al-Hanna
Lecturer, Department of Mathematics
Coordinator of Math for Social Sciences I
University of Texas at El Paso
Bell Hall 325

Course Schedule:			
(Subject to change)			
Week	Sections Covered	Assignments Due	Events
One (7/9-7/14)	Entering Math Answers in EWA	7/9 at 11:59pm	7/11 – Census Day (Last day to drop w/o a W)
	1.1 Functions from three viewpoints	7/10 at 11:59pm	
	1.2 Functions and Models	7/11 at 11:59pm	
	1.3 Linear Functions and Models	7/11 at 11:59pm	
	1.4 Linear Regression	7/12 at 11:59pm	
	2.1 Quadratic Functions & Models	7/12 at 11:59pm	
	2.2 Exponential Functions & Models	7/13 at 11:59pm	
	2.3 Logarithmic Functions & Models	7/14 at 11:59pm	
	Practice Exam #1	7/14 at 11:59pm	
Two (7/15-7/21)	Exam 1	Exam 1 Available: Monday, 7/15 at 12:00 AM and Due: Monday, 7/15 at 11:59 PM	
	3.1 Simple Interest	7/16 at 11:59pm	
	3.2 Compound Interest	7/17 at 11:59pm	

	3.3 Annuities, Loans, and Bonds	7/18 at 11:59pm	
	4.1 Systems of 2 Eqs./2 unknowns	7/19 at 11:59pm	
	4.2 Using Matrices to Solve Systems	7/20 at 11:59pm	
	4.3 Applications of Systems of Eqns	7/21 at 11:59pm	
	Practice Exam #2	7/21 at 11:59pm	
Three (7/22- 7/28)	Exam 2	Exam 2 Available: Monday, 7/22 at 12:00 AM and Due: Monday, 7/22 at 11:59 PM	7/26 Summer II Drop/Withdrawal Deadline
	7.1 Sets and Set Operations	7/23 at 11:59pm	
	7.2 Cardinality	7/24 at 11:59pm	
	7.3 Decision Algorithms	7/25 at 11:59pm	
	7.4 Permutations & Combinations	7/26 at 11:59pm	
	8.1 Sample Spaces and Events	7/27 at 11:59pm	
	8.2 Relative Frequency	7/28 at 11:59pm	

Four (7/29- 8/4)	8.3 Probability and Probability Models	7/29 at 11:59pm
	8.4 Prob. & Counting Techniques	7/30 at 11:59pm
	8.5 Conditional Probability	7/31 at 11:59pm
	Practice Exam #3	8/1 at 11:59pm
	Exam 3	Exam 3 Available: Friday, 8/2 at 12:00 AM and Due: Friday, 8/2 at 11:59 PM
	Practice Final Exam	8/3 at 11:59 pm
Five (8/5- 8/6)	Final exam	Final Exam Available: Sunday, 8/4 at 12:00 AM and Due: Monday, 8/5 at 11:59 PM
