COURSE/INSTRUCTOR POLICIES
1. Attendance
   A. Regular attendance and active participation in this NCBE are vital to success. Therefore, satisfactory attendance is a course requirement. Satisfactory and unsatisfactory attendance are defined as follows:
   - **Students are allowed only ONE absence** from this four-week class.
• Students must be present in the classroom throughout the entire class period. Excessive tardiness or leaving the classroom early will be considered unsatisfactory attendance.
• Students must come to class prepared to work and to turn in required assignments. In class, students are expected to be alert, attentive, and focused on the subject at hand. If a student's preparation is unsatisfactory, his/her attendance will be considered unsatisfactory.

B. Any student who has more than one day of unsatisfactory attendance not excused by University policy will be dropped from or fail this NCBE, at the instructor's discretion.

C. The official drop deadline, February 2, is the last day to drop the NCBE with an automatic W. Students who drop or are dropped from or who fail NCBE E021 will also be dropped from the 12-week ENGL 0312 course.

D. **PLEASE NOTE:** Students who are on scholarship, who are receiving financial aid, or who have been placed on academic probation must be aware of the requirements necessary to remain in good standing with respect to their particular situations. It is the student’s responsibility to satisfy the course requirements necessary to remain in good standing. The instructor will not make any special provisions.

2. **Computers**
   A. Students must get an Aplia account and spend at least 8 hours a week outside of class time completing Aplia Individual Study Path and other posted weekly Aplia assignments. Most successful students spend even more time.
   B. Students must get and use a UTEP e-mail account. Students may contact the Help Desk at 747-5257 or 747-HELP for help with technical problems.

3. **Scholastic Dishonesty** [From the Handbook of Operating Procedures: Student Affairs]
   A. It is the official policy of the University that all suspected cases or acts of alleged scholastic dishonesty must be referred to the Dean of Students for investigation and appropriate disposition. It is contrary to University policy for a faculty member to assign a disciplinary grade such as an "F" or zero to an assignment, test, examination, or other course work as a sanction for admitted or suspected scholastic dishonesty in lieu of normally charging the student through the Dean of Students. Similarly, students are prohibited from proposing and/or entering into an arrangement with a faculty member to receive a grade of "F" or any reduced grade in lieu of being charged with scholastic dishonesty. Any student who commits an act of scholastic dishonesty is subject to discipline.
   B. Scholastic dishonesty includes, but is not limited to cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, any act designed to give unfair advantage to a student or the attempt to commit such acts.

4. **Student Conduct** [From the Handbook of Operating Procedures: Student Affairs]

Each student is responsible for notice of and compliance with the provisions of the Regents Rules and Regulations, which are available for inspection electronically at <http://www.utsystem.edu/bor/rules.htm>.

5. **Copyright and Fair Use**
The University requires all members of its community to follow copyright and fair use requirements. You are individually and solely responsible for violations of copyright and fair use laws. The University will neither protect nor defend you nor assume any responsibility for student violations of fair use laws. Violations of copyright laws could subject you to federal and state civil penalties and criminal liability, as well as disciplinary action under University policies.

6. Etiquette

A. Classroom Etiquette

• **No texting or other cell phone use is allowed during class.**

• Clean up your area before you leave the classroom. Throw away trash and push in your chair.

B. Online “Netiquette”

• Always consider audience when posting online. Remember that members of the class and the instructor will be reading any postings.
• Show respect and courtesy to classmates and instructors at all times. No harassment or inappropriate postings will be tolerated.
• When responding to someone else’s message, address the ideas, not the person. Post only what anyone would state comfortably in a face-to-face situation.

DISABILITY STATEMENT

The Americans with Disabilities Act requires that reasonable accommodations be provided for students with physical, sensory, cognitive, systemic, learning, and psychiatric disabilities. If a student suspects that he/she has a disability and needs an accommodation, he/she should contact the Center for Accommodations and Support Services (CASS) at 747-5148 or <cass@utep.edu>. CASS is located in Room 106, Union East Building. Students are responsible for presenting to the instructor any CASS accommodation letters and instructions.
Technology and NCBE E021

This course uses technology. It is strongly recommended that students are comfortable using a computer. If students do not have access to the Internet from home, they must make adequate time arrangements to use computers on campus or elsewhere to complete the many hours required online to complete this course satisfactorily.

When home access is not possible, students can use the computer labs on campus in order to complete the work for this course.

The Developmental English and Math Computer Lab, located at Education 314A, is a small lab available for students to complete their Aplia assignments, check their e-mail, use the Internet, and/or consult with a tutor. Developmental English Computer Lab Fall 2016 hours. (These will be posted in the classroom.)

In addition, many other computer labs are available for student use on campus, including the Education Technology Lab (Education Building, room 401), LACIT (Liberal Arts Center for Instructional Technology: Liberal Arts Building, room 405), and CLC (Collaborative Learning Center: Library, 2nd floor). Some of these labs hold weekend hours and are available during the evening, but schedules do vary. **Not having access to a computer will not be an excuse for incomplete or late assignments.**

Technology problems also are not an excuse for work that is late or missing. Students need to get into the habit of completing assignments for this course well before the due date to allow time for dealing with technology problems. Expect that at some time the network will be down, computers will not work, or some other small catastrophe will occur. If students are prepared ahead of time, they can go to plan B.
