COURSE DESCRIPTION:

This course focuses on understanding and appreciating film as a unique medium for communication and artistic expression. It will introduce students to a broad range of films, and cover film concepts, theory, and genre.

COURSE OBJECTIVES:

I. Students will be able to differentiate genres by examining films.

II. Students will be able to recognize different shot types, and filming techniques.

III. Students will interpret underlying meaning in a film sequence by examining the mise-en-scène.

ATTENDANCE:

Attendance is Mandatory. Your attendance and participation are integral to the class curriculum. It is imperative that you attend class regularly and on time. Everyone is allowed one emergency absence. Just email me before the class stating you will be using your freebie absence, and you will be excused for the day. After that any unexcused absence acquired will affect your attendance grade. An unexcused absence is any absence without valid documentation explaining the reason for missing class. An excused absence will have valid documentation explaining why the student was absent. It is under the discretion of the instructor if an absence can be considered excused. It is the student’s responsibility to inform the instructor if they arrived late to class after roll call. If a student
leaves during class the student will be considered absent. Since this course only meets once a week, if you miss more than 4 classes you should drop the course. **DO NOT SCHEDULE APPOINTMENTS DURING CLASS.**

**GRADING:**

If you come to class regularly and on time, take your assignments and screenings seriously, and participate in the class discussions, (i.e. asking questions, and sharing your opinions) you can expect to do well in this class.

Late work is accepted up to 3 days late with 10 points deducted per day. This means if the assignment is 1 day late the highest grade a student can receive is a 90, 2 days late is an 80, and 3 days late is a 70. This **DOES NOT** mean you will receive that grade, rather, it is the highest grade you can receive on the assignment. After the third day you will receive a 0 on the assignment.

If you are not present for your part of the group presentation you will receive a 0. There is no way to make up that grade.

It is important to contact me if you are having any issues completing an assignment. Having a problem with your computer is not an excuse for not turning in an assignment. The university offers many options for students who do not have access to a computer. Technology support has loaner computers, there are computer labs throughout campus, and the library also has computers for students to use.

If you feel that you are unable to complete the course successfully, please contact the Registrar’s Office to initiate the drop process. If you do not, you are at risk of receiving an “F” for the course.

Grading Scale: 100
100 – 90 = A
89 – 80 = B
79 – 70 = C
69 – 60 = D
59 and below = F

Academic dishonesty includes, but is not limited to, cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, and any act designed to give unfair advantage to a student or the attempt to commit such acts. Proven violations of the detailed regulations, as printed in the *Handbook of Operating Procedures (HOP)*, and available in the Office of the Dean of Students and on the homepage of the Dean of Students at www.utep.edu/dos, may result in sanctions ranging from disciplinary probation, to a failing grade on the work in question, to a failing grade in the course, to suspension or dismissal, among others.
