Dear students:

Welcome to my studio. My goal as your piano teacher is to free your potentials as musicians and to serve as your mentor. It is very important that you achieve the highest level of performance, but that you also fully function as a person who lives in a society and interacts with other people. I'll encourage you to be part of your culture and society, attend concerts, art expositions, movies, read, listen, watch, breath, exercise...live! Remember: playing the piano twenty-four hours a day WILL NOT makes you a good musician. To be a musician you must be disciplined but also, curious, have passion, drive, fire, and love for life, arts and humanity. Said that, I require that you practice a minimum of four hours daily.
