Office Hrs: By Appointment.  
purchasing one of the Lifetime of Edition option.  
Required: Basic Scientific Calculator (a calculator without graphing, derivative or integration capabilities)

Course Objectives (Learning Outcomes): The student will solve different types of Calculus exercises, using  
standard methods, proofs, connections with practical situations and/or  
using the technology (graphing calculator or PC graphing software).  
The expected student-learning outcome from this course is that students  
learn the material well enough to pass Calculus II and to succeed in all  
math courses that require Calculus II as a prerequisite.

Course Activities/Assignments: You will find all assignments on http://webassign.net/. Please use  
MICROSOFT EDGE, since WebAssign works best with this browser.  
You will have course videos with quizzes as well as homework via  
WebAssign. There will be 3 exams and one comprehensive final. There  
will be no extra credit or curves on exams. There is also no replacement  
of any exam with the final exam score. Everyone must take the final,  
regardless of current standing in the course. As our course is offered  
online, the exams will be taken online as well. Your exams will be  
offered on specific dates and will have a time limit.  
Once you log on, the time runs regardless.
Your grade will be calculated as follows:

- 80 – 89 = B
- 70 – 79 = C
- 60 – 69 = D
- 0 – 59 = F.

**The Drop Date for this semester is Friday April 1st. No drops will be approved after this date.**

Make-up Policy:

Every Midterm exam can be retaken and the lowest of the actual test and the retake will be dropped. No make-ups other than the retake. No extensions for midterms. No make-up, extension or retake for the final exam.

There is a 50% penalty for any extension of a quiz or homework. A maximum of 2 extensions per student will be allowed during the entire semester. No extensions will be approved after April 20th.

Attendance Policy:

This is an online course and as such you do not have any strict attendance guidelines. You are expected to work toward completion of the course several times per week; daily is best. There will be no set times that you must be online, but lack of effort can and will get you dropped from the course. You may always work ahead, but deadlines are strict; plan accordingly. Any student who misses three or more assignments, will be dropped from the class for lack of effort.

Academic Integrity Policy:

Each student is responsible for notice of and compliance with the provisions of the Regents’ Rules and Regulations, which are available for inspection electronically at [http://www.utsystem.edu/bor/rules/homepage.htm](http://www.utsystem.edu/bor/rules/homepage.htm).

All students are expected and required to obey the law, to comply with the Regents’ Rules and Regulations, with System and University rules, with directives issued by an administrative official in the course of his or her authorized duties, and to observe standards of conduct appropriate for the University. A student who enrolls at the University is charged with the obligation to conduct himself/herself in a manner compatible with the University's function as an educational institution.

Any student who engages in conduct that is prohibited by Regents’ Rules and Regulations, U. T. System or University rules, specific instructions issued by an administrative official or by federal, state, or local laws is subject to discipline, whether such conduct takes place on or off campus or whether civil or criminal penalties are also imposed for such conduct.
Civility Statement: Please refrain from distractions while engaging in this Calculus class. Shut down YouTube, silence your phone, and walk away from the video games. Give all your focus to learning this material.

Military Statement: If you are a military student with the potential of being called to military service and/or training during the course of the semester, you must contact me as soon as possible before you leave. Thank you for your service.
