Fall 2023
GENDER AND SEXUALITY IN ASIA
ASIA 3350, CRN 15786
ANTH 4370, CRN 12577
SOCI 3341, CRN 12583
WS 3390, CRN 13082

Mode of delivery: Hybrid, Tue and Thu, 1.30 to 2.50 p.m.
  Tue: In person, 203 Education Building
  Thu: Online synchronous, via Zoom

Instructor: Pratyusha Basu
Associate Professor of Geography
Department of Sociology and Anthropology
and Director, Asian Studies Program

Email: pbasu@utep.edu

Office Hours: By appointment

COURSE DESCRIPTION
This course will introduce the diverse ways in which gender and sexuality are socially constructed and performatively recognized in the societies and cultures that comprise the countries of Asia. In the process, it will approach gender and sexuality as intersectional experiences through tracing how these identities play out across class positions, religious and ethnic belongings, and generational differences. Meanings and practices of inhabiting gendered and sexualized bodies and contexts are being challenged and expanded in Asia as well as across the world. In turn, this has given rise to movements seeking social legitimacy and political rights for the diversity of gendered and sexual ways of being. Thus, Asia is not an exotic space of difference, but a location whose gender and sexual identities connect to and inform wider global contestations and transformations. This course seeks to provide a critical analysis of society and culture, and encourage the conduct of interdisciplinary research. Students in this course will have an opportunity to focus on particular countries and regions within Asia, and to pursue themes related to Asia that are of interest to them.

Course Objectives:
- Introduce various places, identities, and practices that comprise Asia,
- Delve into social and cultural constructions of gender and sexuality in Asia,
- Understand how inequalities shape gender and sexuality in Asia,
- Inspire the ability to think beyond boundaries with critical empathy, and
- Understand the ways in which regional thinking enables the construction of more complex designs for research.
ASSIGNMENTS AND GRADING

This course is structured around readings from academic books and journals that will form the basis for assignments and class discussions. It is being offered in a hybrid format, with in-class meetings every Tue (203 Education Building) and online synchronous class meetings every Thu (via Zoom) from 1.30 to 2.50 p.m. The class will be a mix of lectures and discussions. Students are expected to actively participate by completing all reading assignments, submitting written exercises, and engaging in thoughtful discussion of the assigned readings in weekly discussions. This course requires that all students take an active role in their own learning, as well as interact with each other through in-class and virtual class sessions to produce a collaborative and supportive learning environment. All students are expected to participate in a manner that demonstrates adequate reflection and understanding of the subject matter, respect for your colleagues in the class, and a willingness to learn and grow. Everyone should feel comfortable sharing their thoughts freely during the class meetings and in the online discussion forums.

The foundation of this course is its weekly assignments, and an intensive and substantial level of engagement with pertinent class lectures and readings is expected. Lectures and readings will be available via Blackboard and will be discussed in class. All assignments should be submitted via Blackboard, and due dates, maximum points, as well as grading rubrics will also be available on Blackboard. Please adhere to the due dates for assignments or let me know of any issues with submitting them. Late submission of assignments may result in the assignment not being graded. Finally, all assignments have to be submitted in order to obtain a final grade for this class.

Class Participation (20%)

Class participation will be counted based on any one of the following: completion of in-class assignment, contribution during online class via audio or chat, or response to discussion board question.

Weekly Assignments (40%)

Each week, students will be expected to complete an assignment based on the lectures and readings for that week. The assignment will consist of short answer questions and short essays. Assignments will become available every Friday and will be due the following Monday. The aim here is to ensure that students read and reflect on course materials in a timely fashion.

Project Presentation (30%)

This project will require students to discuss around 2-3 aspects of gender and sexuality in any one country of Asia. Students will be expected to find at least five academic references (journal articles, books, book chapters) for the chosen country and analyze the theories, methods, and findings of these references. The presentation will be in the form of a PowerPoint file (consisting of 10-20 slides) and can be presented in class or submitted as a video recording. The chosen country and references have to be discussed with the instructor before they are used for the presentation.

Final Assignment (10%)

This will consist of an overview essay of 3-5 pages which will draw from 5 class readings that can be grouped around a theme associated with gender and sexuality in Asia. The themes and
associated class readings will be provided by the instructor, or can be chosen by the student. Theme and readings have to be discussed with the instructor before they are used for the essay.

**Grading scale (based on weighted total percentage points)**
A = 90% plus
B = 80-89.9%
C = 70-79.9%
D = 60-69.9%
F = 59.9% and below

**Note:** Grading scale may vary depending on discretion of the instructor. All assignments have to be completed to receive a grade for this class.

**COURSE READINGS**
Course Materials (e.g. books, book chapters, journal articles, videos) will be listed on Blackboard, and will be available either on Blackboard (as pdf files) or through the UTEP Library website. Please contact Dr. Basu in case of any difficulties in obtaining access to readings.

**COURSE SCHEDULE (Subject to Change)**
This calendar provides an overview of the course. More details, including readings and assignments, will be available after the first week of classes.

**NOTE:**
- **Meeting times:** In-class meetings every Tue (203 Education Building) and online synchronous class meetings every Thu (via Zoom) from 1.30 to 2.50 p.m.
- **Due dates:** All weekly assignments will be due on Monday.

SUPPLEMENTARY INFORMATION

- This course is being offered in a hybrid format, and class meetings will be held in person on Tuesdays in 203 Education Building and online on Thursdays via Zoom, from 1.30 to 2.50 p.m.
- Class readings and lectures will be available via Blackboard.
- Weekly assignments for the course will be due on Mondays. Assignments have to be submitted via Blackboard.
- The foundation of this course is its assignments, so it is important that you attentively and carefully devote time to reading and completing assignments in a timely manner. The course expects an intensive and substantial level of engagement with the reading material and a reflection of this engagement in the assignments, research papers, and exams.
- Students are expected to actively participate by completing all reading and viewing assignments, submitting written exercises, and engaging in thoughtful discussion in class and on the discussion board. All students are expected to participate in a manner that demonstrates adequate reflection and understanding of the subject matter, respect for your colleagues in the class, and a willingness to learn and grow. Class meetings and discussion forums are expected to be safe environments and any material posted on them can only be used for class purposes.
- All assignments should be submitted via Blackboard, and due dates, maximum points, as well as grading rubrics will also be available on Blackboard. Please adhere to the due dates for assignments or let me know of any issues with submitting them. Late submission of assignments may result in the assignment not being graded. Finally, all assignments have to be submitted in order to obtain a final grade for this class.
- Office hours for the class will be conducted via Zoom. Students will preferably first contact the instructor via email and then set up a specific meeting time as required.

TECHNOLOGY REQUIREMENTS

Course content is partly delivered via the Internet through the Blackboard learning management system. Ensure your UTEP e-mail account is working and that you have access to the Web and a stable web browser. Mozilla Firefox and Google Chrome are the best browsers for Blackboard; other browsers may cause complications. When having technical difficulties, update your browser, clear your cache, or try switching to another browser.

You will need to have access to a computer/laptop, a webcam, and a microphone. You will need to download or update the following software: Microsoft Office, Adobe Acrobat Reader, Windows Media Player, QuickTime, and Java. Check that your computer hardware and software are up-to-date and able to access all parts of the course.

If you do not have a word-processing software, you can download Word and other Microsoft Office programs (including Excel, PowerPoint, Outlook and more) for free via UTEP’s Microsoft Office Portal. Click the following link for more information about Microsoft Office 365 and follow the instructions.
IMPORTANT: If you encounter technical difficulties beyond your scope of troubleshooting, please contact the UTEP Help Desk as they are trained specifically in assisting with technological needs of students. Note that for technological issues, the Help Desk is much better equipped than I am to assist you. However, you can also let me know in case this interferes with your ability to attend class, or submit assignments in a timely fashion.

Course Communication: How we will stay in contact with each other

Since this is an online class, we will not be in the same place as each other. I will not be visiting campus or available in my office over the Spring semester. However, there are a number of ways we can keep communication channels open:

- **Office Hours:** I will have virtual office hours by appointment for your questions and comments about the course via Zoom.
- **Email:** UTEP e-mail is the best way to contact me. I will make every attempt to respond to your e-mail within 24 hours of receipt. When e-mailing me, be sure to email from your UTEP student account and please put the course name in the subject line. In the body of your e-mail, clearly state your question. At the end of your e-mail, be sure to put your first and last name.
- **Discussion Board:** If you have a question that you believe other students may also have, you can also post it in the Help Board of the discussion boards inside of Blackboard. Please respond to other students’ questions if you have a helpful response.
- **Announcements:** Check the Blackboard announcements frequently for any updates, deadlines, or other important messages.

**NETIQUETTE**

As we know, sometimes communication online can be challenging. It’s possible to miscommunicate what we mean or to misunderstand what our classmates mean given the lack of body language and immediate feedback. Therefore, please keep these netiquette (network etiquette) guidelines in mind. Failure to observe them may result in disciplinary action.

- Always consider audience. This is a college-level course; therefore, all communication should reflect polite consideration of others’ ideas.
- Respect and courtesy must be provided to classmates and to the instructor at all times. No harassment or inappropriate postings will be tolerated.
- When reacting to someone else’s message, address the ideas, not the person. Post only what anyone would comfortably state in a face-to-face situation.
- Blackboard is not a public internet venue; all postings to it should be considered private and confidential. Whatever is posted on in these online spaces is intended for classmates and professor only. Please do not copy documents and paste them to a publicly accessible website, blog, or other space.

Course Policies: What do you need to do to be successful in the course

ATTENDANCE AND PARTICIPATION
This class requires that you participate in in-class meetings on Tuesdays and scheduled Zoom sessions on Thursdays, 1.30 to 2.50 p.m.

Attendance in the course is determined by participation in the learning activities of the course. Your participation in the course is important not only for your learning and success but also to create a community of learners. Participation is determined by completion of the following activities:

- Reading/Viewing all course materials to ensure understanding of assignment requirements
- Participating in scheduled in-class and Blackboard Collaborate sessions
- Participating in engaging discussion with your peers in class and on the discussion boards
- Other activities that may be indicated

Since these activities are designed to contribute to your learning each week, they cannot be made up after their due date has passed.

**ZOOM SESSIONS**
These sessions will include lectures and participation in discussion with your classmates.

Students are expected to, at least occasionally, participate in these sessions with a webcam and microphone. The sessions will be recorded and provided so that they can be reviewed by classmates at a later time. Students should not record the sessions and post them to any sites outside of Blackboard.

**ILLNESS PRECAUTIONS**

Please stay home if you have symptoms of a communicable illness. If you are feeling unwell, please let me know as soon as possible, so that we can work on appropriate accommodations.

**ABSENCES AND/OR COURSE DROP POLICY**

If you are unable to attend class, please let me know as soon as possible so that accommodations can be made when appropriate.

I will not drop you from the course. However, if you feel that you are unable to complete the course successfully, please let me know and then contact the Registrar’s Office to initiate the drop process. If you do not, you are at risk of receiving an “F” for the course.

**DEADLINES, LATE WORK, AND ABSENCE POLICY**

**Weekly Assignments**
- Assignments will be due on Mondays at midnight (11:59 PM). No late work will be accepted if the reason is not considered excusable.
- Deadlines for in-class assignment and discussion boards will be announced in class.

**MAKE-UP WORK**

Make-up work will be given only in the case of a documented emergency. Note that make-up work may be in a different format than the original work, may require more intensive preparation, and may be graded with penalty points. If you miss an assignment and the reason is
not considered excusable, you will receive a zero. It is therefore important to reach out to me—in advance if at all possible—and explain with proper documentation why you missed a given course requirement. Once a deadline has been established for make-up work, no further extensions or exceptions will be granted.

**ALTERNATIVE MEANS OF SUBMITTING WORK IN CASE OF TECHNICAL ISSUES**

I strongly suggest that you submit your work with plenty of time to spare in the event that you have a technical issue with the course website, network, and/or your computer. I also suggest you save all your work (assignments, exams, and essays) in a separate Word document as a back-up. This way, you will have evidence that you completed the work and will not lose credit. If you are experiencing difficulties submitting your work through the course website, please contact the UTEP Help Desk. You can email me your back-up document as a last resort.

**INCOMPLETE GRADE POLICY**

Incomplete grades may be requested only in exceptional circumstances after you have completed at least half of the course requirements. Talk to me immediately if you believe an incomplete is warranted. If granted, we will establish a contract of work to be completed with deadlines.

**ACCOMMODATIONS POLICY**

The University is committed to providing reasonable accommodations and auxiliary services to students, staff, faculty, job applicants, applicants for admissions, and other beneficiaries of University programs, services and activities with documented disabilities in order to provide them with equal opportunities to participate in programs, services, and activities in compliance with sections 503 and 504 of the Rehabilitation Act of 1973, as amended, and the Americans with Disabilities Act (ADA) of 1990 and the Americans with Disabilities Act Amendments Act (ADAAA) of 2008. Reasonable accommodations will be made unless it is determined that doing so would cause undue hardship on the University. Students requesting an accommodation based on a disability must register with the UTEP Center for Accommodations and Support Services (CASS). Contact the Center for Accommodations and Support Services at 915-747-5148, or email them at cass@utep.edu, or apply for accommodations online via the CASS portal.

**SCHOLASTIC INTEGRITY**

Academic dishonesty is prohibited and is considered a violation of the UTEP Handbook of Operating Procedures. It includes, but is not limited to, cheating, plagiarism, and collusion. Cheating may involve copying from or providing information to another student, possessing unauthorized materials during a test, or falsifying research data on laboratory reports. Plagiarism occurs when someone intentionally or knowingly represents the words or ideas of another as one's own. Collusion involves collaborating with another person to commit any academically dishonest act. Any act of academic dishonesty attempted by a UTEP student is unacceptable and will not be tolerated. All suspected violations of academic integrity at The University of Texas at El Paso must be reported to the Office of Student Conduct and Conflict Resolution (OSCCR) for possible disciplinary action. To learn more, please visit HOOP: Student Conduct and Discipline.
GUIDANCE ON ARTIFICIAL INTELLIGENCE
The use of generative AI tools such as Chat GPT is not permitted in this course.

CLASS RECORDINGS
The use of recordings will enable you to have access to class lectures, group discussions, and so on in the event you miss a synchronous or in-person class meeting due to illness or other extenuating circumstance. Our use of such technology is governed by the Federal Educational Rights and Privacy Act (FERPA) and UTEP’s acceptable-use policy. A recording of class sessions will be kept and stored by UTEP, in accordance with FERPA and UTEP policies. Your instructor will not share the recordings of your class activities outside of course participants, which include your fellow students, teaching assistants, or graduate assistants, and any guest faculty or community-based learning partners with whom we may engage during a class session. You may not share recordings outside of this course. Doing so may result in disciplinary action.

PLAGIARISM DETECTING SOFTWARE
Some of your course work and assessments may submitted to SafeAssign, a plagiarism detecting software. SafeAssign is used review assignment submissions for originality and will help you learn how to properly attribute sources rather than paraphrase.

COPYRIGHT STATEMENT FOR COURSE MATERIALS
All materials used in this course are protected by copyright law. The course materials are only for the use of students currently enrolled in this course and only for the purpose of this course. They may not be further disseminated.

Course Resources: Where you can go for assistance

UTEP provides a variety of student services and support:

Technology Resources
- **Help Desk**: Students experiencing technological challenges (email, Blackboard, software, etc.) can submit a ticket to the UTEP Helpdesk for assistance. Contact the Helpdesk via phone, email, chat, website, or in person if on campus.

Academic Resources
- **UTEP Library**: Access a wide range of resources including online, full-text access to thousands of journals and eBooks plus reference service and librarian assistance for enrolled students.
- **University Writing Center (UWC)**: Submit papers here for assistance with writing style and formatting, ask a tutor for help and explore other writing resources.
- **RefWorks**: A bibliographic citation tool; check out the RefWorks tutorial and Fact Sheet and Quick-Start Guide.
• **The Miner Learning Center**: Join peer-led study sessions in person or online to review content and discover study strategies in core curriculum courses.

• **UTEP Edge**: UTEP’s cross-campus framework for student success and empowerment – develops students’ assets through high-impact experiences made possible by the expertise and dedication of faculty, staff, alumni, and community partners.

Individual Resources

• **Military Student Success Center**: Assists personnel in any branch of service to reach their educational goals.

• **Center for Accommodations and Support Services**: Assists students with ADA-related accommodations for coursework, housing, and internships.

• **Counseling and Psychological Services**: Provides a variety of counseling services including individual, couples, and group sessions as well as career and disability assessments.

• **Student Success Help Desk (SSHD)**: Students experiencing challenges or obstacles to academic success including registration, financial, food, housing, and transposition resources my submit a ticket request assistance to [studentsuccess@utep.edu](mailto:studentsuccess@utep.edu)

• **UTEP Food Pantry**: Non-perishable food items are available to students who are currently enrolled in classes. Bring a Miner Gold Card to Memorial Gym, Room 105, Monday through Friday, 10 a.m. to 2 p.m.
