- I will check my **Blackboard course email** at least once a day and will get back to you within 24 hours.
- I will provide graded feedback on your performance within 7 days of the due date.
- I will keep you informed about your graded progress in the class at all times and will make time to discuss your needs.
- I will leave myself open to suggestions about improvement of the class and class related activities.
- I will do all I can to ensure your learning and success in this class.
- The course calendar is a living document and may be adjusted due to events occurring during the class timeframe. If any changes in the course are to be implemented, I will ensure that the class is notified via announcements in a timely manner.

What Faculty expect of their Students:

- At the beginning of each course, students should review the syllabus, calendar, and other items located in Blackboard. Students will be expected to sign a syllabus form that acknowledges their understanding of the course expectations.
- This course is over a 15-week period and consist of different credit levels (1 credit, 2 credits, 3 credits). For academic success, we recommend that students plan to study a minimum of 6 hours per credit hour each week of the course (including lectures, readings, research, student lessons, and assignments).
- This course is designed to ensure that students have access to all the information needed to complete their course work. If you have a question, before contacting the faculty, please take a few moments and try the “Ask a Question” discussion board, to find the answer to your question within the course. Then, if you still have a question about the course, please post it to the “Ask a Question “Discussion board. Please indicate in the subject line what topic your question relates to. Then, other students who may have a similar question will be able to find it.
- All written assignments are to be written in **APA 6th edition style**. Refer to the APA manual and/or Purdue OWL website for guidance. To get started, go to: <http://owl.english.purdue.edu/owl/resource/560/01/>. Posts made to the discussion board should contain citations from the course content or your research, within the body of the discussion post (unless clearly stated otherwise). Include a reference list, if the reference is not a part of the course.
- All students are to review the rules of netiquette and follow in their interaction with fellow students and faculty.

COURSE POLICIES:

Academic Regulations: Review in UT El Paso Undergraduate Student Catalog and the **School of Music Student Handbook** for the following policies: *Religious Observance, Ethical and Responsible Use of Social Media, Policy on Academic Integrity, Progression Policy, and Effective Teaching Practice Policy, Statement on Disability.*

Attendance: Required

Blackboard:

- Students are required to subscribe to and access the course Blackboard site. Blackboard is the main source of communication between faculty and students. Students are encouraged to access this site daily. Course syllabus, calendar, topical outline of scheduled lectures, and assigned readings are posted on this site. Grades will be made available ONLY through this site. **Email messages will be sent through the Blackboard course site—link labeled “Course Messages”. Please check this email (at minimum) every day for any communication.**

Communication:

- Communication is the responsibility of both students and faculty. The faculty will keep students informed of progress in theory. Students with questions or concerns should:
-First go to the appropriate faculty member.
-If not resolved, then follow the appropriate chain of command in the sequence as identified below:
 - Course faculty*
 - Chair of the Music Department*
 - Dean of Liberal Arts*

Grievances:

- Challenges to grades may be pursued only on the basis of malice, bias, arbitrary or capricious grade determination or impermissible discrimination. In no event shall a challenge be pursued only on the basis of the standards employed in setting grades, so long as those standards are employed impartially. Grievances MUST be in WRITING and filed through the course faculty member, the Chair of the Music Department, and the Dean of Liberal Arts. If the student is not satisfied with the outcome after using the chain of command, the student may consult with and/or file a challenge with the Chairperson of the University Student Welfare and Grievance Committee.

Policy on Scholastic Dishonesty:

- Students are expected to be above reproach in all scholastic activities. Students who engage in scholastic dishonesty are subject to disciplinary penalties, including the possibility of failure in the course and dismissal from the School of Nursing and/or university. Scholastic dishonesty includes but is not limited to reproducing test or quiz materials from memory, copy/paste or Xerox, cheating, plagiarism, collusion, the submission for credit or any work or materials that are attributable in whole or in part to another person, taking an examination for another person, and any act designed to give unfair advantage to a student or the attempt to commit such acts. - Since scholastic dishonesty harms the individual, all students, and the integrity of the School of Nursing and the university, policies on scholastic dishonesty will be strictly enforced. See detailed procedure in the Handbook of Operating Procedures (HOP) available in the Office of the Dean of Students.
- Use a consistent citation method for your written work. The APA Style of citation is preferred for your final paper (see Guidelines on citing according to the APA citation style on Blackboard).

Possible activities available to assist the student in attaining the SOS objectives include stress and/or anger management counseling sessions. Inappropriate behaviors may result in an administrative withdrawal from the course and/or dismissal from the program.

Retention: Students Opting for Success (SOS):

ONLINE POLICIES - *This class is not an online course however this information is helpful.*

Being Successful in an Online Class

Online learning is not a spectator sport. It is everyone's responsibility to participate as fully as they can, so everyone can get the most from the experience. Here are some simple rules to follow to ensure your participation and engagement in the learning process:

- Ask questions: If you don't know the answer, someone else will. The discussion board is the area for asking questions related to content OR any problems (related to the class) you are having. Make sure that you have clearly indicated the subject of your message.
- Reach out to others: Offer a fact, article, link, or other item that can help others learn something you can share.
- Be appropriate: The online classroom is not the place for insulting or insensitive comments, attacks, or venting. Inappropriate behavior can be subject to disciplinary action, as well.
- Be diplomatic: When sending messages on emotionally charged topics, I recommend that you write the message and then walk away for at least an hour before re-reading the message and then sending it. Re-reading emotionally charged messages ensures that they are constructive instead of destructive. Think of the person at the other end.
- Stay focused: Stay on topic to increase the efficiency of your learning.

Effective Electronic Communication Guidelines

Keep your messages concise and clearly written. Most ideas can be stated in a couple of paragraphs, although sometimes a longer message may be needed to develop your thoughts adequately. Keep in mind that people are more apt to read and digest shorter messages than long ones.

1. Be respectful of other's ideas, opinions, and beliefs. It's fine to disagree with someone, but please respect his or her right to think differently.
2. Avoid posting simple two or three-word statements such as "I agree" or "Good point". If you think someone has made an especially strong point and you want to say so, and then explain why by adding a few sentences describing your response or adding to the original point.
3. A message that demonstrates substance contributes to the understanding and application of ideas by doing one or more of the following:
 - a. **Reflection about meaning:** Describe thoughtfully what something means or new insights it provides, or raise a question as a seed for clarification or further discussion.
 - b. **Analysis:** Discusses relevant themes, concepts, main ideas, components, or relationships among ideas. Or, identifies hidden assumptions or fallacies in reasoning.
 - c. **Elaboration:** Builds on ideas of others or ideas found in the readings by adding details, examples, a different viewpoint, or other relevant information.
 - d. **Application:** Provides examples of how principles or concepts can be applied to actual classroom situations, or discuss the implications of theory for practice.
 - e. **Synthesis:** Integrate multiple views to provide a summary, a new perspective, or a creative refashioning of ideas.
 - f. **Evaluation:** Assesses the accuracy, reasonableness, or quality of ideas.

Netiquette

- At this point in the course, it is also important to share a word of caution, so we can become wiser about interpersonal distance learning communications. As you may know, when communicating electronically, many of the feelings or impressions that are transmitted via body language in face-to-face communications are lost. Consequently, interpreting emotions and innuendoes is far more difficult. Only what is written, or drawn, carries the message. Often excitement can easily be misinterpreted as anger or an insult. It is important that everyone keep this in mind when communicating electronically. Words in print may appear harmless; however, they can emotionally injure the person reading them. More information can be found at <http://www.albion.com/netiquette>.

Social Media:

- Student enrolled in the UTEP SoM must practice and behave in a manner that protects voice students by exercising reasonable judgment when using social media technologies whether in their personal life or in their professional life. Inappropriate use of Electronic/Social Media can lead to disciplinary action including but not limited to formal reprimand,

suspension or dismissal from the program which is contingent upon the nature of the infraction. Student enrolled in the UTEP SoM can also be held personally liable. Such violations may result in civil and criminal penalties including fines or possible jail time in accordance with state and federal laws. <http://admin.utep.edu/Portals/1805/PDF/UTEP%20Social%20Media%20Standards.pdf>

COVID-19 PRECAUTION STATEMENT

Please stay home if you have been diagnosed with COVID-19 or are experiencing COVID-19 symptoms. If you are feeling unwell, please let me know as soon as possible, so that we can work on appropriate accommodations. If you have tested positive for COVID-19, you are encouraged to report your results to covidaction@utep.edu, so that the Dean of Students Office can provide you with support and help with communication with your professors. The Student Health Center is equipped to provide COVID-19 testing.

The Center for Disease Control and Prevention recommends that people in areas of substantial or high COVID-19 transmission wear face masks when indoors in groups of people. The best way that Miners can take care of Miners is to get the vaccine. If you still need the vaccine, it is widely available in the El Paso area, and will be available at no charge on campus during the first week of classes. For more information about the current rates, testing, and vaccinations, please visit epstrong.org.
