Title of Course: TED 6397 - CRN 14533 – Doctoral Proposal Writing Seminar	Instructor Information: Name: Pei-Ling Hsu
Semester: 2020 Fall, Online	Email: phsu3@utep.edu
Credits: 3	Website: http://peilinghsu.utep.edu Office hours: by appointments

Course Description: Preparation of dissertation proposal. Student must successfully complete the course prior to scheduling the proposal hearing. Students may repeat this course if they cannot complete it the first time. If students are unsuccessful the second time, then the Probation/Dismissal Procedure will be initiated.

Pre-requisites

Students have formed a Dissertation Committee and successfully defended their Portfolios.

Grade for TED 6397

TED 6397 is a required milestone course for all TLC students and is graded on a scale of Successful (S)/Unsatisfactory (U). Students in this milestone course cannot receive the grade of “I”.

- Satisfactory (S): A student successfully defends his/her dissertation proposal by the end of the Semester
- Under Construction/Unsatisfactory (U): A student does not successfully defend his/her dissertation proposal by the end of the Semester

This course is designed to support students’ writing for their dissertation proposals. However, the grade is solely dependent on whether students defend their dissertation proposals to their dissertation committee successfully by the end of the semester. Neither the S or U grade is calculated as part of the GPA. The grade (S or U) will be assigned by the course instructor, in consultation with the dissertation chair. TED 6397 falls under the Graduate School’s policy of “continuous enrollment,” meaning that the course must be repeated in the following semester if a grade of “U” is assigned. For each assignment, a 2-1-0 range score will be given in Blackboard to reflect students’ work progress: “0” (Does not Meet Standards), “1” (Meets Standards), “2” (Exceeds Standards). Rubrics to evaluate assignments can be found in Appendix 1, 2, and 3 at the end of the syllabus.

TLC Interim Policy in the PhD Program in Teaching, Learning, and Culture

As an interim policy, students who received a “U” in TED 6397 may take an Dissertation I (TED 6398) or Independent Study (TED 6395) with their dissertation chair that must culminate with a proposal hearing before the final day of class for that semester. If students are unsuccessful the second time (in TED 6397, TED 6398, or TED 6395), then the Probation/Dismissal Procedure will be initiated.
