Academic Integrity:
As an entity of The University of Texas at El Paso, the Department of Electrical and Computer
Engineering is committed to the development of its students and to the promotion of personal integrity and
self-responsibility. The assumption that a student’s work is a fair representation of the student’s ability to
perform forms the basis for departmental and institutional quality. All students within the Department are
expected to observe appropriate standards of conduct. Acts of scholastic dishonesty such as cheating, plagia-
rism, collusion, the submission for credit of any work or materials that are attributable in the whole or in part
to another person, taking an examination for another person, any act designed to give unfair advantage to a
student, or the attempt to commit such acts will not be tolerated. Any case involving academic dishonesty
will be referred to the Office of Student Conduct and Conflict Resolution. The Dean will assign a Student
Judicial Affairs Coordinator who will investigate the charge and alert the student as to its disposition. Con-
sequences of academic dishonesty may be as severe as dismissal from the University. See the details of
Academic Integrity and formal definitions of Scholastic Dishonesty at http://sa.utep.edu/osccr/academic-in-
tegrity for more information.

American Disabilities Act:
If you feel you may have a disability that requires accommodations, contact the Center for Accom-
modations and Support Services, CASS, at 747-5148, or go to Room 106 Union East. More information is
available at http://sa.utep.edu/cass.
