This is a zero credit hour course, and, therefore, will not count toward completion of the BSEE degree.

Prerequisite: None.

Students completing RSRC 4033 will:
1. Complete tasks, as directed, to further the research initiatives designated.
2. Provide an oral presentation on accomplishments and contributions toward the research goals.

Course Grading:
Course is graded P/F.

Academic Integrity:
As an entity of The University of Texas at El Paso, the Department of Electrical and Computer Engineering is committed to the development of its students and to the promotion of personal integrity and self-responsibility. The assumption that a student’s work is a fair representation of the student’s ability to perform forms the basis for departmental and institutional quality. All students within the Department are expected to observe appropriate standards of conduct. Acts of scholastic dishonesty such as cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in the whole or in part to another person, taking an examination for another person, any act designed to give unfair advantage to a student, or the attempt to commit such acts will not be tolerated. Any case involving academic dishonesty will be referred to the Office of Student Conduct and Conflict Resolution. The Dean will assign a Student Judicial Affairs Coordinator who will investigate the charge and alert the student as to its disposition. Consequences of academic dishonesty may be as severe as dismissal from the University. See the details of Academic Integrity and formal definitions of Scholastic Dishonesty at http://sa.utep.edu/osccr/academic-integrity for more information.

American Disabilities Act:
If you feel you may have a disability that requires accommodations, contact the Center for Accommodations and Support Services, CASS, at 747-5148, or go to Room 106 Union East. More information is available at http://sa.utep.edu/cass.
