COMMUNICATION PLAN

• Please do not hesitate to contact me with any questions or concerns you may have. Communication should be through email to recallaway@utep.edu from your @miners.utep.edu account. Please do not send messages within the course in Blackboard. During the week before 8pm, you should expect a response from me within three hours. After 8pm, you should expect a response by 10am the following morning. Responses may take longer during the weekend.

• Most important course information is provided to you in this document. When necessary I will also communicate important information to you through course announcements. All information related to due dates for assignments are in the course organizer found at the end of this document.

• Do not look for emails or announcements as reminders of due dates for course work.

• You will interact regularly with your peers through discussion board posts.

• Times for all deadlines are 11:59pm Mountain Time, or local time for El Paso, Texas.

• I will update and/or post grades for all assignments as soon as possible after they close.

• It is very important that you are organized and pay close attention to the due dates in the course organizer. It is also imperative that you not wait until work is “due” to “do” it. This actually increases the likelihood that work will not be submitted on time. It is also important to remember that work must be submitted before 11:59pm. Any submissions after the 11:59.00p deadline will be considered late and likely will not be graded.

• ASSIGNMENTS ARE OPEN AND AVAILABLE IMMEDIATELY. You are allowed to work ahead, especially because make-up work and extensions of deadlines will not be allowed.

ONLINE “NETIQUETTE”:

• Always consider your audience. Remember that your peers and instructor will read any posts.

• Respect and courtesy must be provided to peers and the instructor at all times. No harassment or inappropriate postings will be tolerated.

• When reacting to posts, address the ideas, not the person. Post only what anyone would comfortably state in a face-to-face classroom setting.

• Blackboard is not a public internet venue; all postings to it should be considered private and confidential. Whatever is posted in these online spaces is intended for classmates and professor only. Please do not copy documents and paste them to a publicly accessible website, blog, or other space. If you wish to do so, you have the ethical obligation to first request permission from the author(s).
ACADEMIC INTEGRITY

The University of Texas at El Paso prides itself on its standards of academic excellence. In all matters of intellectual pursuit, UTEP faculty and students must strive to achieve excellence based on the quality of work produced by the individual. In the classroom and in all other academic activities, students are expected to uphold the highest standards of academic integrity.

Any form of academic dishonesty is an affront to the pursuit of knowledge and jeopardizes the quality of the degree awarded to all graduates of UTEP. It is imperative, therefore, that the members of this academic community understand the regulations pertaining to academic integrity and that all faculty members insist on adherence to these standards.

Any student who commits an act of academic dishonesty is subject to discipline. Academic dishonesty includes, but is not limited to, cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, and any act designed to give unfair advantage to a student or the attempt to commit such acts. Proven violations of the detailed regulations, as printed in the Handbook of Operating Procedures (HOP), and available in the Office of the Dean of Students and on the homepage of the Dean of Students at www.utep.edu/dos, may result in sanctions ranging from disciplinary probation, to a failing grade on the work in question, to a failing grade in the course, to suspension or dismissal, among others. The University will neither protect nor defend you nor assume any responsibility for student violations of fair use laws. Violations of copyright laws could subject you to federal and state civil penalties and criminal liability, as well as disciplinary action under University policies.

ADA COMPLIANCE:

The Americans with Disabilities Act requires that reasonable accommodations be provided for students with physical, sensory, cognitive, systemic, learning, and psychiatric disabilities.
