Course Management System

Backboard Ultra is the online course management system we will use throughout the semester. In Blackboard you can view the syllabus, course calendar, and other supplemental material related to the course. You can also send e-mails to your classmates or instructional team. You must check Blackboard daily for course announcements, assignments, and updates.

Blackboard is accessible from your page on my.utep.edu, using your UTEP email user id and your Goldmine password. The UTEP Blackboard App is great for course announcements, emails, and discussions. However, a desktop or laptop computer is recommended for downloading and/or reading course materials, uploading documents or submitting assignments. Call the Help Desk, 747-5257 (off campus), if you need help with access.

Should Blackboard go down for maintenance or other LMS interruptions, email your instructor for assistance.

Technical Requirements

You must have a computer with internet access. This course cannot be completed without access to a computer or the Internet. Inability to complete an assignment due to the limitations of the Blackboard application, ALEKS, or the Respondus Lockdown Browser and Monitoring Feature on phones or tablets is not an acceptable reason to miss an assignment or not follow deadlines or direction. A web browser that supports Blackboard, ALEKS, and Respondus Lockdown Browser with Monitoring is required. You must also have access to a webcam and microphone for use during class, exams, the final exam, and online tutoring.

Netiquette Guidelines

- Be respectful of other’s ideas, opinions, and beliefs. It’s fine to disagree with someone, but please respect their right to think differently. Do not attack or insult your classmates, tutors, or instructor.
- When responding to posts, be sure to address the idea and not the person. You should never use insults or resort to name-calling, as neither are appropriate in an academic setting. With that said, keep in mind that interacting online doesn’t allow for the use of facial expressions and other non-verbal cues to convey meaning; be cautious of the tone used in your posts and don’t assume an emoticon (=center) will convey your tone or intent.
- All inappropriate posts/emails will be reported to UTEP’s Office of Student Conduct & Conflict Resolution office for review.

CLASS RECORDINGS

The use of recordings will enable you to have access to class lectures, group discussions, and so on. In the event you miss a synchronous or in-person class meeting due to illness or other extenuating circumstance, our use of technology is governed by the Federal Educational Rights and Privacy Act (FERPA) and UTEP’s acceptable-use policy. A recording of class sessions will be kept and stored by UTEP, in accordance with FERPA and UTEP policies. Your instructor will not share the recordings of your class activities outside of course participants, which include your fellow students, teaching assistants, or graduate assistants, and any guest faculty or community-based learning partners with whom we may engage during a class session. You may not share recordings outside of this course. Doing so may result in disciplinary action.

COURSE COMMUNICATION: HOW WE WILL STAY IN CONTACT WITH EACH OTHER

Because this is an online class, we won’t see each other in the ways you may be accustomed to: during class time, small group meetings, and office hours. However, there are a number of ways we can keep the communication channels open:

- Office Hours: We will not be able to meet on campus, but I will still have office hours for your questions and comments about the course. My office hours will be held on Blackboard Collaborate using a link I will provide for you during the first week of class.
- Email: UTEP e-mail is the best way to contact me. I will make every attempt to respond to your e-mail within 24-48 hours of receipt. When e-mailing me, be sure to email from your UTEP student account and please put the course number in the subject line. In the body of your e-mail, clearly state your question. At the end of your e-mail, be sure to put your first and last name, and your university identification number.
- Discussion Board: If you have a question that you believe other students may also have, please post it in the Help Board of the discussion boards inside of Blackboard. Please respond to other students’ questions if you have a helpful response.
- Announcements: Check the Blackboard announcements frequently for any updates, deadlines, or other important messages.
