Course Information

BED 4343 – Sheltered ESL Instruction

3 Credit Hours

Location: EDU 307

Days and Times: Monday - Friday, 1:00pm – 6:00pm

COURSE DESCRIPTION:

This course covers the principles of second language learning and literacy acquisition and their application to instruction in the various subject areas taught in schools, in particular academic language. It emphasizes functional linguistic approaches to making content area instruction comprehensible and developing the academic language abilities of second language learners. This course integrates English Language Proficiency Standards for English Language Learners (ELLs) in order to provide strategies for language acquisition and academic success in all content areas for students at different levels (beginning, intermediate, advanced, and advanced high) in the domains of listening, speaking, reading and writing.

The course includes daily assessments; discussions based on readings, case studies, and particular scenarios; problem-solving and critical thinking exercises; video analysis; and written assignments involving reflection and analysis.

COURSE PURPOSE:

The purpose of BED 4343 is to prepare all educators with the appropriate pedagogical and professional knowledge that will equip them to adequately and effectively teach English language learners in their classroom.

COURSE OBJECTIVES & LEARNING OUTCOMES:

- Students will develop foundational theoretical understandings in the area of bilingualism and second language development. These include, but are not limited to, the cognitive, linguistic, affective, and sociocultural dimensions of literacy development in ESL with an emphasis on the interrelationships between literacy in the first and second language. *Relevant standards: ESL I, II, III, IV, V; BED II, III; PPR I*
- Students will learn how to design and implement instructional and assessment strategies for literacy and academic development (with a focus on English as a second language and Spanish as the first language) via sheltered instruction (i.e., developing language and literacy via content that is interesting and relevant to the student). *Relevant standards: ESL III, VI; Bilingual Ed III, IV, V, VI; PPR I, II*
- Students will learn how to design curriculum for ESL students that meets the appropriate professional standards. *Relevant standards: ESL IV, BED VI; PPR I*
- Students will enhance their knowledge and use of technology for their own professional development and for enhancing instruction for English language learners.
- Students will familiarize themselves with the ESL, Bilingual Education and PPR standards and will develop some of the skills needed to meet the standards.

ESL, BILINGUAL EDUCATION, AND PPR STANDARDS: This course addresses the preparation of teachers for Bilingual Education and ESL endorsements in Texas. It also addresses preparation of teachers for the Pedagogy and Professional Responsibility examination. The relevant standards may be found at the following websites:

University Policy on Academic Integrity

The University of Texas at El Paso prides itself on its standards of academic excellence. In all matters of intellectual pursuit, UTEP faculty and students must strive to achieve based on the quality of work produced by their individual. In the classroom and in all other academic activities, students are expected to uphold the highest standards of academic integrity. Any form of scholastic dishonesty is an affront to the pursuit of knowledge and jeopardizes the quality of the degree awarded to all graduates of UTEP. It is imperative, therefore, that all faculty insist on adherence to these standards.

Any student who commits an act of scholastic dishonesty is subject to discipline. Scholastic dishonesty includes, but is not limited to cheating, plagiarism, collusion, the submission for credit of any work or materials that are not attributable in whole or in part to another person, taking an examination for another person, any act designed to give unfair advantage to a student or the attempt to commit such acts. Proven violations of the detailed regulations, as printed in the Handbook of Operating Procedures (HOP) and available in the Office of the Dean of Students, may result in sanctions ranging from disciplinary probation, to failing grades on the work in question, to failing grades in the course, to suspension or dismissal among others.

**PLEASE TURN OFF YOUR CELL PHONES WHILE IN CLASS (unless instructed to use them for an activity)!
NO TEXTING WHILE IN CLASS! (you may do so during breaks)**

Course Requirements and Points Distribution

Points Grade Scale

280 – 252 points = A = “Excellent”

251 – 224 points = B = “Good”

223 – 196 points = C = “Average”

195 – 168 = D = “Below Average”

167 points and below = F = “Fail”: The student did not successfully complete any course requirements, or did so at a quality that is unacceptable at this level of education.

***Attendance/Participation**: All students are responsible for attending class regularly and on time. Because classroom discussion and participation in presentations and activities are essential to learning from this course, all students will be graded on their prompt arrival to class, attendance, and participation in class. Class activities will include participation in whole class and small group discussions, having an active role in Blackboard discussions (if applicable), and respectfully and insightfully responding to and engaging in discussion with the instructor and other students.

(Points procedure on not attending class)

*Because every day is essential in this quick, intensive course, you are not allowed to miss a class session. If you anticipate missing a class, please drop the class.

(Points procedure on arriving late to class)

*You have ONE FREE late arrival, including the first day of class. **If you arrive to class more than 15 minutes late, 5 points will be deducted from your point total.**

1) **Daily Reading Quizzes** [9 quizzes X 10 points each = **90 points**]: You will take a quiz every day of the course based on the readings for the day. These quizzes are simply an accountability system created to make sure you that you read the textbook. The vast majority of the quizzes are created to test what you remember from the reading. They are not created to test your conceptual UNDERSTANDING of the material you read. The conceptual understandings will be developed through further discussion of the readings in class and through small and large group activities, as well as end-of-class informal assessments via small group discussions with the professor who will prompt you on the material read for the day. You will not be allowed to make up any missed quizzes.

2) **Scenario Solutions Quiz**: [9 quizzes x 10pts. each = **90 points**]: This quiz will be given at the end of each class session, and will be done in a small group. The quiz will consist of one question, with four multiple choice answers. As a group, you will discuss, debate, dialogue, and problem-solve to determine the best answer to your question. Then you will choose the answer as a group, but you will also need to give a well-thought out rationale for choosing the answer you chose, and then a rationale for each answer you did not choose. That is, your group will need to construct responses telling me WHY you chose the answer you did as a group and WHY you believe it is the answer, and then tell me WHY you DID NOT choose the other answers and WHY you believe they ARE NOT the answers. Each group will then present their questions and answers, and their rationale for their chosen right answer, and the rationale for why they did not choose the other answers. You will be allowed to use your ELPS manuals to help with the wording and appropriate application of your rationale based on what is recommended in the ELPS accommodations and

*Note: In order to ensure that each member of the group is participating, I will do two things:

- I. Come around and randomly ask individuals to explain to me what your group is doing, which may include providing a rationale for a response, to explain a question, etc.
- II. Ask all group members to e-mail me after class on Blackboard to inform me that a certain group member or members are not participating; then I will speak with that individual in private to discuss the situation.

How your quiz will be scored – Even if you get the correct answer, you still have to “earn” a perfect score of “10” with the quality of your rationale responses. So, if your rationale are weak, you may earn 8-9 points, even with the chosen correct answer. If you do not get the answer correct, depending on the **QUALITY** of your reasons and rationale, you can earn **up to and ONLY** “7” points. But these points are not guaranteed. You may earn as low as 0 points, depending on the quality of your work. So, it is in your group’s best interest to do your best in thinking deeply about and/or arriving at the right answer.

You will have exactly 15 minutes to complete each Scenario Solutions Quiz (this will be timed by your professor). After all papers are handed in, approximately three (3) minutes will be used to discuss the quiz.

Following are the guidelines for doing your group quiz:

- a) Study the question. Study the answers.

- b) Highlight, underline, and use any other strategies in determining key terms, phrases, or clues in each question
- c) Write rough notes on your own paper that reflect your thinking
- d) Then, as a group, you will draft your final thoughts and rationale for each of the responses, especially the correct response. There will be designated spaces next to each response for you to draft each thought and rationale
- e) As a group, you will turn in that one sheet with the question, responses, and rationale provided
- f) We will then discuss the question and answers as a whole class
- g) You will get your score on the quiz the next class session

6) Final Examination [100 points]: This will be a cumulative exam using multiple-choice and problem-based, short-answer written responses that assesses your ability to use information and apply it in a classroom or school setting, with an emphasis on learning academic language.

Students with Disabilities

If you have or suspect a disability and need accommodations you should contact Disabled Student Services Office (DSSO) at 747-5148 or at dss@utep.edu or go by Room 106 Union East Building. If you have or believe you have a disability, you may wish to self-identify. You can do so by providing documentation to the Office of disabled Student Services located in Union E Room 106. Students who have been designated as disabled must reactivate their standing with the Office of Disabled Student Services on a yearly basis. Failure to report to this office will place a student on the inactive list and nullify benefits received. If you have a condition which may affect your ability to exit safely from the premises in an emergency or which may cause an emergency during class, you are encouraged to discuss this in confidence with the instructor and/or the director of Disabled Student Services.

Help With Writing

If you would like or need help with your writing assignments, you may find assistance at the University Writing Center, located in the Library. Call them at 747-5112 for details.

*Please note that this syllabus is subject to change and/or adjustments.
