Final Exam: 50 MC Questions. Closed Book.

The ability to remember material and to respond under pressure is an important skill. There will be three examinations this semester. Each exam is worth a maximum of 50 points. The exams will consist of multiple-choice or true/false questions. The exams will be online via Blackboard.

Class Assessment:

Exam I:	150 Points	Week 5 (Monday, 7:00 a.m. – Saturday, 11:59 p.m.)
Exam II:	150 Points	Week 10 (Monday, 7:00 a.m. – Saturday, 11:59 p.m.)
Exam III:	150 Points	Week 17 (Monday, 7:00 a.m. – Friday (5/12), 11:59 p.m.)
Video Quizzes	100 Points	Due dates will not be extended
Ethics Assignment	100 Points	(On Blackboard. Due 5/4 @ 11:59 p.m. The due date will not be extended). <i>Failure to complete the ethics assignment will result in an “F” for the course.</i>
MindTap Assignments:	200 Points	Due dates will not be extended.
Attendance/Participation:	150 Points	Via In-Class Quizzes.
Total:	<u>1000 Points</u> =====	

All grades are final and will not be changed unless due to instructor error. There is no “curving” of grades.

Your final grade will be calculated by dividing your total points into 1000 (e.g., 900/1000 = 90% or “A”). Letter grades will be based as follows: A = 90% or higher; B = 80% - 89%; C = 70% - 79%; D = 60% - 69%; F = 59% and below.

Exams will be based on Textbooks, Class Lectures and Discussions, Court Cases, Videos, and Flowcharts. Exams must be taken when scheduled (there are no exceptions). Exams will consist of **50** TF and MC questions. The student will be allowed **50 minutes** to complete the exams.

Technical problems such as internet issues, dropped connection issues, login issues, computer crashes, etc. will not be considered valid excuses for missing an exam or a graded assignment.

I strongly suggest that you DO NOT use a wireless connection when taking any of the graded assignments. I also suggest that you use the on-campus computers when possible.

LATE SUBMISSIONS WILL NOT RECEIVE CREDIT.

NOTE: The foregoing attendance grade will NOT apply if the class is taken online. Instead, each exam will count as 200 points instead of 150 points.

CLASS POLICIES AND DECORUM

I AM ASSUMING THAT YOU ARE TAKING THIS COURSE TO LEARN BUSINESS LAW. THESE CLASS POLICIES ARE DESIGNED TO HELP YOU REACH THAT GOAL.

Some of the following policies regarding attendance, tardiness, use of cell phones, Covid-19, etc. will not apply if the class is taken online.

1. Preparation: Students are expected to have read the chapters, the court cases, and the assigned material prior to each class meeting.

The ability to make oral presentations and to respond to questions and comments from clients, customers, colleagues, employers, employees, shareholders, and the general public are important skills for a business manager. Managers who can communicate orally in a clear, concise, and interesting manner are more valuable to their firms. Therefore, I may, from time to time, call on individual students to answer questions regarding the material covered in class.

2. Attendance and Participation: The student is expected to attend class and participate in class discussions. There are no excused absences other than for university-recognized activities, religious holy days, and military leave.

When, in the judgment of the instructor, a student has excessive tardiness, excessive absences, or has not participated or attended the class to such a degree as to impair his or her status relative to credit for the course, the instructor can drop the student from the class with a grade of W before the course drop deadline and with a grade of F after the course drop deadline.

Please refer to the Academic Regulations of the University's Academic Catalog:

<http://catalog.utep.edu/policies-regulations/attendance-grading/>

Absences due to illness will be handled on a case-by-case basis and any excused absences or makeup work will be at the discretion of the instructor. You may be required to provide documented evidence from a U.S. medical provider or U.S. testing facility. If you are experiencing COVID-19 symptoms, I strongly suggest that you contact covidaction@utep.edu and report your symptoms and follow the recommended protocol.

Note: Students with CASS absence accommodation are eligible for an additional three days above the norm.

3. Laptops, Tablets, or other electronic devices: You must use a computer with access to a web browser for all the online assignments. However, you may NOT use your laptop or tablet in class other than for class-related activities.

4. Cell Phones: Use of cell phones or similar devices is strictly prohibited in class other than for class-related activities. If you use your cell phone or a similar device in class, you will be asked to leave the classroom. Continued violations of this policy will result in the student being dropped from the course.

Do not download the textbook to your phone; you will not be allowed to use your phone in class.

5. Blackboard: We will use Blackboard in this course and for various matters. Please log in to Blackboard regularly for announcements, to look up your grades, and for class handouts and assignments.

6. Tardiness: Tardiness (10 minutes after class has started). Do not come to class if you are tardy.

7. Leaving Early: Please let me know if you plan to leave class early.

8. Textbooks Required: The textbooks are required.

9. Makeup Exams: There are **no** makeup exams or makeups on any of the graded assignments. The final is mandatory; there are **NO** makeups for the final and a student may **NOT** take the final earlier than when it is scheduled.

Technical problems such as internet issues, dropped connection issues, login issues, computer crashes, etc. will not be considered valid excuses for missing an exam or a graded assignment.

Please refer to the Academic Regulations of the University's Academic Catalog:

<http://catalog.utep.edu/policies-regulations/attendance-grading/>

The student is expected to take the exams when scheduled.

10. Incomplete Grades: I do not give incomplete grades. You must seek approval from the Departmental Office before you can get an Incomplete.

11. Eating in Class: Eating in class will not be tolerated. Eat before or after class but not during class.

12. Reading or viewing material other than class-related material: Reading or viewing material other than class-related material is strictly prohibited and will not be tolerated. You will be asked to leave the classroom if you engage in this conduct. Continued violation of this policy will result in the student being dropped from the course.

13. Extra Credit, dropping the lowest grade, and substituting a higher grade for a lower grade: There is no extra credit, I don't drop the lowest grade, and I don't substitute grades.

14. Withdrawing from the class: It is the student's responsibility to drop the class by the deadline set by the registrar's office.

15. Students with Special Needs: The Center for Accommodation and Support Services (CASS): The Center for Accommodation and Support Services (CASS) provides a program of support to students with physical or mental impairments, as well as those who become temporarily disabled due to an injury or recent surgery, and to women with "at risk" pregnancies. The department provides the following services to eligible students registered with CASS: note-taking, sign language interpreter and reader and/or scribe services, priority registration, use of adaptive technology, diagnostic testing for learning disabilities, alternative test format and location, and advocacy.

To register to receive services, students need to schedule an intake interview with the director of CASS and provide medical and/or diagnostic documentation verifying a disability. The documentation must clearly state symptoms and limitations that adversely affect academic performance. All information provided to CASS is treated as highly confidential and is not disclosed without written consent or a compelling need to know.

If students have or suspect a hearing loss and/or a learning disability that is adversely affecting academic performance in math and/or foreign language requirements for a degree, they should contact CASS immediately to discuss available options. Students should be aware that faculty are not obligated to provide accommodations without proper notification from CASS. Therefore, if you feel that you may have a disability that requires accommodation, students should contact CASS at (915) 747-5148 or e-mail at cass@utep.edu. You can also visit CASS' website at <https://www.utep.edu/student-affairs/cass/> or the CASS office located in Room 106, East Union Building.

IT IS YOUR RESPONSIBILITY TO ADVISE ME IF YOU ARE REGISTERED WITH CASS AND TO PROVIDE ME WITH ALL THE NECESSARY DOCUMENTATION REGARDING YOUR DISABILITY AND REQUIRED ACCOMMODATION. FAILURE TO NOTIFY ME PROMPTLY WILL DELAY OR NULLIFY THE IMPLEMENTATION OF YOUR ACCOMMODATION.

16. Dishonesty and Cheating: Do Not Engage in Academic Misconduct. Students may not cheat on exams, submit written work that is not their own, plagiarize, or keep examinations or scantrons.

Academic Dishonesty: The University of Texas at El Paso prides itself on its standards of academic excellence. In all matters of intellectual pursuit, UTEP faculty and students must strive to achieve based on the quality of the work produced by the individual. In the classroom and all other academic activities, students are expected to uphold the highest standards of academic integrity. Any form of scholastic dishonesty is an affront to the pursuit of knowledge and jeopardizes the quality of the degree awarded to all graduates of UTEP. It is imperative that the members of this academic community understand the regulations pertaining to academic integrity and that all faculty insist on adherence to these standards. Any student who commits an

act of scholastic dishonesty is subject to discipline. Scholastic dishonesty includes, but is not limited to cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, and any act designed to give an unfair advantage to a student or the attempt to commit such acts. Proven violations of the detailed regulations, as printed in the handbook of Operating Procedures and available from the Office of the Dean of Students, may result in sanctions ranging from disciplinary probation, to failing grades on the work in question, to failing grades in the course, to suspension or dismissal, among others.

Course Limitations: It is university policy that no student may repeat any subject that he or she has taken three times. If a student has taken a course and received a C or better, that student will not be allowed to repeat the course for a higher grade. If a student registers for a class the third time there will be additional tuition charges assessed.

17. Contacting or meeting with the instructor, posting grades, and miscellaneous: Please make an appointment to arrange for a mutually convenient time to meet. Please note: office visits (whether in person, telephonically, or otherwise) are reserved for substantive questions that you cannot answer yourself after a reasonable effort on your part (**see attached Exhibit "A"**). *I will not respond to emails, text messages, or telephone calls if the communication is to ask for extra credit, an extension of time to complete the assignments, to complain about your grade, to know your grade average, etc.*

Your grades will be posted in the Gradebook on Blackboard; do not e-mail or call me asking me for your grades or your grade average. I will not respond; it is up to YOU to look up your grades; I will not do it for you. To protect your privacy, I DO NOT e-mail or give grades over the telephone.

18. Student behavioral problems. Student behavioral problems (e.g., failure to follow directions, failure to follow the class policies and decorum, etc.) will not be tolerated and will result in the student being dropped from the class.

19. Student resources available on campus. Follow this link to access student resources that may be of help: <https://www.utep.edu/resources/students.html>

COVID-19 PRECAUTION STATEMENT

If you have tested positive for COVID-19 or are experiencing COVID-19 symptoms, you are encouraged to report your results to covidaction@utep.edu so that the Dean of Students Office can support you and help with communication with your professors. It is important to follow all instructions that you receive as part of the diagnosis, including isolation and staying at home until a negative test is produced.

If you experience COVID-19 symptoms, please follow the isolation protocol by staying at home and getting tested as soon as possible. If the test is negative but you are still seeking accommodations, please contact the Dean of Students Office for guidance promptly.

Your instructor will work with the Dean of Students Office to determine the extent of any such accommodations.

Please think and act proactively in all matters related to COVID-19 and your academic endeavors. The Centers for Disease Control and Prevention recommends that people in areas of substantial or high COVID-19 transmission wear face masks when indoors in groups of people.

The best way that Miners can take care of Miners is to get the vaccine. If you still need the vaccine, it is widely available in the El Paso area and will be available at no charge on campus. For more information about the current rates, testing, and vaccinations, please visit epstrong.org.

I strongly encourage everyone to get vaccinated and to wear a mask in class. Do so to protect yourselves and to protect others. **Show your civic virtue.** Go, Miners.

UNIVERSITY POLICIES

Notice of Copyright Infringement: Copying a textbook is a violation of U.S. copyright law. Violation of U.S. copyright law can result in civil damages of up to \$100,000 for each work copied. Copying textbooks is not “fair use” under the Copyright Act. The “fair use doctrine” only permits non-commercial copying of part (generally not more than 10%) of a copyrighted work. Please do not bring copied textbooks to this class.

Use of Technology in the Classroom: The University of Texas at El Paso supports the use of technology for learning. We also understand that the use of laptops can be an asset to some students and help them in their note-taking and learning. That being said, we also believe that students should have diverse learning experiences and be adaptable to different styles of learning and note-taking.

Students are expected to follow the rules and guidelines established by instructors for each class that they are taking, and to make a conscious effort to adapt to learning environments that may vary across instructors, classrooms, and disciplines.

Course Repeat Fee: If a student repeats a course for a third time, an additional fee of \$100 per credit hour will be imposed.

Three-time Rule: The University has adopted a policy that limits undergraduate course enrollment. In most instances, a student may enroll in an undergraduate class a maximum of three times, except with the permission of the student’s academic dean. This includes enrollments that result in a grade of “W”, “F”, “D”, or “P”. A student may not enroll in a course in which a grade of “C” or higher has been previously earned. Moreover, a student may not enroll in a course in which he or she has an unresolved grade of “I”. A student may enroll more than three times in a course that is identified as “may be repeated for credit.”

Student Standards of Conduct: Each student is responsible for notice of and compliance with the provisions of the Regents' Rules and Regulations and the rules of the University. Copies of the Regents' Rules and Regulations and all University rules are available for review in the office of: President, Vice President for Student Affairs, Dean of Student Life, Student Activities, and the University Library.

All students are expected and required to obey the law, to comply with the Regents' Rules and Regulations, with System and University rules, with directives issued by an administrative official in the course of his or her authorized duties, and to observe standards of conduct appropriate for the University. A student who enrolls at the University is charged with the obligation to conduct him/herself in a manner compatible with the University's function as an educational institution.

Any student who engages in conduct that is prohibited by Regents' Rules and Regulations, UT System or University rules, specific instructions issued by an administrative official or by federal, state, or local laws is subject to discipline whether such

conduct takes place on or off campus or whether civil or criminal penalties are also imposed for such conduct.

Policy on Disruptive Acts: The obstruction or disruption of any teaching, research, administrative, disciplinary, public service, or other authorized activity on campus or under the authority of the University or on property owned or controlled by the University is prohibited and will subject the student or group of students to disciplinary action.

Disclaimer: The instructor reserves the right to revise this course Syllabus and course outline if necessary. The failure or delay by the instructor in the enforcement of any of the policies in this Syllabus shall not constitute a waiver of those policies. Notice of any changes to this Syllabus or course outline will be posted on Blackboard or announced in class.
