ACADEMIC DISHONESTY:

Students are not allowed to submit assignments that they submitted for another class. Regardless of whether they authored them or not, students are not allowed to repurpose their own assignments. In these cases, students will receive a zero on the assignment and will not get the opportunity to resubmit.

Academic dishonesty includes cheating on an exam, turning in someone else's assignment from a previous class, or plagiarism: "(1) use by paraphrase or direct quotation of the published or unpublished work of another person without fully and properly crediting the author with citations or biographical reference; (2) unacknowledged use of work/materials prepared by another person or agency engaged in the selling of term papers or other academic materials; (3) unacknowledged use of original work/material that has been produced through collaboration with others without release in writing from collaborators."

I take cases of alleged academic dishonesty seriously. For students who are found to have allegedly engaged in any form of academic dishonesty, the case will be referred to the Office of Student Conduct and Conflict Resolution (OSCCR). While the case is being investigated by OSCCR, an "I" (Incomplete) will be assigned until the case is resolved. If the student is found by OSCCR to have engaged in misconduct, sanctions may include a failing grade on the assignment or exam in question, a failing grade in the course, suspension, or dismissal from the University.
