

Weekly Calendar

(subject to change)

The submission deadline for assignments, exams and quizzes is always the date due at 11:59 PM (MST). No late work will be accepted. *** You must submit all of your course assignments in Blackboard by the assigned dates and time. Blackboard should be utilized effectively in order to receive full credit for all class assignments.

The submission deadline for discussion boards is always original post due on open date 11:59 PM (MST) and 2 responses posted at least 12 hours after original post 11:59 PM (MST). I do not want to see your original post and response posts all at the same time, or I will deduct points. I want to see some time between the original post to give everyone a chance to see your post before you post your response.
