This course examines the rich, diverse, and unique history of the state of Texas. It begins with a review of Native American history, Spanish colonization, and Mexican independence. Then, it delves into the complexities of Texas independence, statehood, the United States Civil War, and Reconstruction. The curriculum continues by examining what happened in Texas during the Gilded Age, the Progressive Era, as well as during the Great Depression and Second World War. Moving into the second half of the twentieth century, this course will review statewide trends, patterns, and turning points in relation to industrial development, the Civil Rights Movement, and political tensions. This course will offer students a new understanding of the Texas historical narrative and increase their awareness of this state’s diverse social and cultural landscape.

Students are expected to take notes in this class. Note taking and attendance will help you succeed in this class. Regular attendance is also necessary because a significant part of this class involves group work and in class assignments. Makeup exams will only be available to those who have valid documentation for missing a regular exam. **Students will be dropped for excessive absences.**

2. **Laptop computers** may be used for note taking only. Laptop computers may not be used for checking e mail, surfing the internet, or visiting web sites (Absolutely No Facebook). The use of cell phones or other electronic devices for text messaging is strictly prohibited. **During examinations and/or quizzes absolutely no electronic devices may be used.** Violators will be immediately reported to the Dean’s Office or the Office of Student Conduct and Conflict Resolution.

3. **Classroom conduct:** Students must conduct themselves in a manner appropriate to a university classroom. Any behavior that is distracting to other students or to the instructor is strictly out of order. This includes arriving late to class and leaving early except in the case of extreme emergencies. Disruptive students will be reported to the Office of Student Conduct and Conflict Resolution (OSCCR) and the Deans Office. Regents Rules and Regulations for classroom conduct are available for inspection electronically at http://www.utsystem.edu/bor/rules.htm.

7. **Scantron Cards and Bluebooks required.** There are four exams for this class, including a final. Students must bring one bluebook for each exam. In addition, students must bring scantrons for various workshops and quizzes. Be smart and be prepared. Get your scantrons and bluebooks early and have them ready.

8. **Students are required to read before class.** Students are required to read chapters before class in order to effectively participate in class discussions. Success in workshops and quizzes depends upon student knowledge of the readings. Our weekly reading schedule is listed in the syllabus calendar below.

**COURSEWORK AND GRADING**

**Essay:** Each student will submit one research essay (1500-2000 words minimum: 6-8 pages). You must start working on this immediately because there are deadlines for each stage of the writing process (see Blackboard for essay schedule). These papers must be computer-generated, double-spaced, with one-inch margins and 12 pt. font (Times New Roman). This essay is worth 150 points. Students must submit these papers by the end of the class period on the assigned due date. Late papers will only be accepted for up to 24 hours after class, though they will be penalized (-25 points). All late papers must be submitted as hard copies within a week of the original submission. Moreover, they must include a printout of the email submission, as that will serve as the paper’s time/date stamp. This essay is 15% of the student’s total grade. See Blackboard for further Instructions.

**Book Review:** You will write a 2-3-page book review on a book that will be assigned to you by the instructor. Here you will choose one book from a list of books. All additional instructions will be provided on Blackboard and explained in class. The book review is worth 100 points, or 10% of your grade.

**Exams:** There will be four exams, including a final exam. These will require scantrons and Blue Books. Exam essay questions will be based on a central question that will be provided to you prior to the exam. Student answers should be based on specific examples provided in lectures and course readings. Each exam represents 10% (or 100 points) of the student’s total grade. All examinations must be completed at the time scheduled unless the student can present a verifiable and acceptable excuse, which is a school related activity. Make-up exams must be scheduled within one week of the original exam.

**Quizzes and In Class Assignments:** Students will work in small groups in class and complete 24 short quizzes and workshop assignments based on class readings. This is why it is very important that students read all class readings before class. Each workshop and quiz is worth 15 points, and these will count for 36% of your final grade. There are a total of 24 workshops and quizzes. **Missed workshops and quizzes cannot be made up.** Please bring scantron cards for all quizzes. Some workshops will also require scantron cards. Be prepared.
