## **American Indian History**

**HIST 3323. CRN 27163**

**Scott Comar, Ph.D.**

**MW 3:00-4:20pm**

**Liberal Arts Bldg. Rm. 122**

This course offers an overview of the American Indian experience from the pre-Columbian period to the present. It examines how European contact, conquest, and colonization impacted Indigenous peoples, as well as how United States expansion into North America significantly reshaped Native lifeways and cultures. Topics under review in this course include Indigenous-colonial contact relations, land dispossession, self-determination and sovereignty, and resistance and resiliency in the face of national assimilationist policies. This course also introduces students to American Indian history as a field of study, examining some of its basic literature, as well as some of the methods that historians use when approaching this rich and diverse topic.

## **COURSEWORK AND GRADING**

**Essay:** Each student will submit one research essay (1500-2000 words minimum: 6-8 pages). CMS style is required. You must start working on this immediately because there are deadlines for each stage of the writing process (see Blackboard for essay schedule). These papers must be computer-generated, double-spaced, with one-inch margins and 12 pt. font (Times New Roman). This essay is worth 150 points. Students must submit these papers by the end of the class period on the assigned due date. Late papers will only be accepted for up to 24 hours after class, though they will be penalized (-25 points). All late papers must be submitted by email within 24 hours and must also be submitted as hard copies within a week of the original submission. Moreover, they must include a print out of the email submission, as that will serve as the paper's time/date stamp. This essay is 15% of the student's total grade. **See Blackboard for further instructions.**

**Book Review:** You will write a 2-3 page book review on a book that will be assigned to you by the instructor. Here you will choose one book from a list of books. All additional instructions will be provided on Blackboard and explained in class. The book review is worth 100 points, or 10% of your grade.

**Exams:** There will be four exams, including a final exam. These will require scantrons and Blue Books. Exam essay questions will be based on a central question that will be provided to you prior to the exam. Student answers should be based on specific examples provided in lectures and course readings. Each exam represents 10% (or 100 points) of the student's total grade. All examinations must be completed at the time scheduled unless the student can present a verifiable and acceptable excuse, which is a school related activity. Make-up exams must be scheduled within one week of the original exam.

**Quizzes and In Class Assignments:** Students will work in small groups in class and complete 24 short quizzes and workshop assignments based on class readings. This is why it is very important that students read all class readings before class. Each workshop and quiz is worth 15 points, and these will count for 36% of your final grade. There are a total of 24 workshops and quizzes. Workshop 12 is an Outside Activity Report. More info will be provided on Blackboard. **Missed workshops and quizzes cannot be made up.** Please bring scantron cards for all quizzes. Some workshops will also require scantron cards. Be prepared.
