UTEP Syllabus – Fall 2023 Digital Photography – COMM 3316 – CRN 11153 & 11181 v1

COURSE CONTENT/DESCRIPTION:

COMM 3316 – Digital Photography

Use of digital photography for effective communication including journalistic story-telling and design in advertising, newspapers, and magazines, in both traditional and web-based media platforms.

Prerequisites: COMM 2373 and COMM 2344, each with grades of "C" or better, and departmental approval.

LEARNING OBJECTIVES & OUTCOMES:

- Proficiency in use of aperture, shutter speed, ISO and quality in the camera.
- Proficiency in the use of lens focal length.
- Proficiency in the use of selective focus and the rule of thirds.
- Competence in editing photographs using Photoshop.
- Competence in printmaking.
- Knowledge of the historical progression of photography.
- Making in-class presentations according to established guidelines.
- Meeting deadlines.

I begin each class/semester using a Teacher-centered teaching approach and transition into a more Student-centered teaching approach, shifting the focus of activity from the teacher to the learners. By offering "open lab" hours beginning mid-semester, this allows students to use class time to work on assignments and provides opportunities for me to offer more individualized or small group one-on-one critiques and evaluations. I can then focus on specific questions and not tie up class time covering questions that may not apply to all students; for example I can repeat basic concepts and ideas for those who need that while allowing me to move into more complex topics for those who are already at a more intermediate or advanced level with the course subject matter. This time also allows me to give specific feedback on the progress of the assignments before they are due, because at the end of the semester, it's too late to correct or fix any problems that may have arisen.

PHOTO ASSIGNMENTS*: Specific details will be given later & **subject to change.**

*Any assignment you submit may be used in this class or any future class for critique, discussion, or as an example to help discuss and clarify assignment requirements!

ANYTHING submitted after “DEAD DAY” WILL be penalized two full letter grades!

Attendance: (15%) 150 points

Exams/Quizzes: (15%) 150 points

Lab practicum exercise assignment: (15%) 150 points

Assignments: (55%) 550 points

900 – 1,000	A
800 – 899	B
700 – 799	C
600 – 699	D
0 – 599	F

I = Incomplete:

Because this is a case by case situation, based on the reason for receiving an Incomplete (I) your final grade will require additional coursework. If this option is taken, it will be totally up to the individual to stay on top of completing what needs to be completed. . I will NOT process ANY previous "Incompletes" during the final 3-4 weeks of the current semester; in other words, your "crisis" to complete your incomplete does NOT become my crisis as time draws near to the deadline. The exact details will be discussed and agreed upon if we need to cross this bridge.

Concerning grades, I DO NOT email grades or scores.

A final word about grades...if you are concerned about your grade, DO NOT wait until the last week of the semester and express concern. At that point your "crisis" does not become my crisis. As for asking about extra credit, if I give ANY extra credit, it will ONLY make-up for a missed day or two. Extra credit will NOT replace missing assignments or low exam grades.

Assignments: (55%)

These are graded as pass (90) or fail (0), provided they meet the assignment descriptions & course expectations. Weight distribution will be evenly distributed over the number of assignments assigned to calculate an assignment average. Any assignment you submit may be viewed in this class for group critique or used as an example in any future classes.

You may be required to submit weekly progress reports/assignments and used for class critiques.

By submitting your assignments (final projects or progress assignments) you understand and are giving your consent/permission that they may be “shared” (viewed/listened to/etc.) in a classroom environment for evaluation or critique during the current or future semesters.

Exams/Quizzes/Tests: (15%)

Exams/Quizzes/Tests will cover class lecture and the textbook. They may be a mix of multiple choice, True/False, fill in the blank, and on occasion short answer

UTEP Syllabus – Fall 2023

Digital Photography – COMM 3316 – CRN 11153 & 11181 v1

Lab practicum exercise assignment: (15%)

This practicum will test your ability to apply what you have learned this semester through an exercise assignment that will be given at the end of the semester. Unlike the assignments where you basically have a week, you will have a limited time frame of only a couple hours to complete your task to simulate a real-life "crunch" deadline scenario.

Attendance/Class Participation: (15%) 150 points

Class participation is primarily based on your attendance and submission of progress assignments as requested. Un announced pop-quizzes may be given if overall attendance begins to drop and those scores will be averaged into your attendance score.

Drop policy: It is the responsibility of students to drop themselves if they desire to receive a "W" in the course (check the official university calendar found under the calendar link on Bb and below). If a student's name remains on the final roster, a letter grade must be assigned based on the work received by the instructor for the semester. I DO NOT drop anyone for missed classes or lack of attending class.

Students, who are not progressing satisfactory and wish to drop the class, must follow the official college guidelines in obtaining a "W" for their final grade. If you end up taking an Incomplete (I) for the class, it is YOUR RESPONSIBILITY to prepare all the proper paperwork as well as complete the material required and file any remaining paperwork. I will not track you down and finish what you did not complete. If you fail to take care of the proper material, an Incomplete (I) will eventually default to the grade earned based on the work completed to that point.

Drop policy:

IT IS YOUR RESPONSIBILITY TO DROP THE CLASS BY THE DROP DATE in order to receive a "W" in the course. If a student's name remains on the final roster, a letter grade must be assigned based on the work received by the instructor for the semester. I will NOT drop you AFTER the drop date; the only exception will require both department chair and dean to approve your request.

If you are on the roster at the end of the semester, you will receive the grade you have earned!

Rules, Class Policy, Etc.

Attendance:

You are expected to be in class every session just like with any other class or your job. If you miss class, it's your responsibility to reach out to a fellow classmate to find out what was covered. It's not my responsibility to repeat class lectures for repeatedly missing class. I will happily repeat material as needed to ensure comprehension but not for lack of attendance.

LATE WORK POLICY:

Once a due date is set, anything submitted AFTER the due date, will be accepted at my discretion. If accepted, it will be subject to a late penalty of 10-20% grade reduction, NO EXCEPTIONS!

Plagiarism:

All students are expected to turn in original work. Writing assignments are part of the final grade criteria. Plagiarism and other forms of cheating are unprofessional and will not be tolerated. Evidence of such activity will be turned over to administration for review to appropriate office(s).
