Course Description

This elective advanced pharmacy practice experience (APPE) will allow students to explore areas of practice related to pharmacy and/or health care and further expand their understanding of other professional or research opportunities in pharmacy. This elective utilizes abilities from introductory pharmacy practice experiences (IPPEs), APPEs, didactic, and laboratory courses to meet course objectives and goals as developed by the preceptor. This elective APPE is designed to allow students an opportunity to explore either patient care or non-patient care areas of professional pharmacy interest.

The Pharmacist’s Patient Care Process (PPCP)

Students will use the Pharmacist’s Patient Care Process throughout the APPE to collect, assess, plan, implement, and follow up with patients. Collaboration and communication will also be applied as students work with members of pharmacy staff, and other healthcare team members.

Course Learning Objectives (mapped to national outcomes):

At the conclusion of this course, students should be expected to:

Required

EPA 7: Collaborate as a member of an interprofessional team.

EPA 12: Educate patients and professional colleagues regarding the appropriate use of medications.

EPA 13: Use evidence-based information to advance patient care.

Professionalism:

EPA 16: Display characteristics of professionalism and engages in continuous professional development.
Levels of Expectancy*:

<table>
<thead>
<tr>
<th>Knowledge/ Skills/ Attitudes</th>
<th>4 = Student is at APPLY level</th>
<th>3 = Student is at APPE READY level</th>
<th>2 = Student is at REINFORCE Level</th>
<th>1 = Student is at INTRODUCTORY level</th>
<th>N/A Does not apply</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Student has excelled in performing competency in knowledge</td>
<td>Student performed the competency in knowledge at an acceptable level</td>
<td>Student knows how to achieve competency in knowledge, but has not demonstrated it at an acceptable level</td>
<td>Student knows how to achieve competency in knowledge, but rarely demonstrates it</td>
<td>Does not apply</td>
</tr>
<tr>
<td></td>
<td>Student has met expectations and requires minimal to no intervention from preceptor</td>
<td>Student has met expectations but requires occasional intervention from preceptor</td>
<td>Student requires significant intervention from preceptor</td>
<td>Student requires significant intervention from preceptor, and preceptor must often complete for Student</td>
<td></td>
</tr>
</tbody>
</table>

Notes:

*Adapted from the TCEP-approved rubric

Students achieving Levels of Expectancy of 1 and 2 are not making satisfactory progress and need to improve in these areas to levels 3 and 4. Students at a Level of Expectancy of 3 are at satisfactory progress and are passing the objectives. Students achieving level 4 are exceeding expectations and are also passing the objective.

In order to pass this rotation, students must achieve a passing grade (minimum competence of 3 or 4) on 66% (2/3) of the EPAs listed for the rotation. Student must also receive a “yes” on EPA 16.

<td>Yes</td>
</tr>
</tbody>
</table>

*Minimum threshold beginning APPE year with the expectation that all students finish their APPE year obtaining an EPA expectancy level of 3 at least once.

**EPA 12-PCOA 3.9 more appropriate in community settings; EPA 3, 4, 15-PCOA 2.7, 4.3, 4.4 more appropriate in a hospital setting

### Course Meetings & Location

#### Preceptor and Site Information

Found in CORE ELMS or provided by the preceptor (Preceptor and Site Information Form)

In a major disruption (e.g., H1N1 epidemic, subzero weather), be prepared to maintain course progress via other means (e.g., Internet, our Blackboard course shell, etc.) and check your email (especially your UTEP miners account) regularly. In addition, please review Off-Site Virtual Rotation Policy in OEE Handbook.

#### 2022-2023*

<td>July 1, 2022</td>
</tr>
<tr>
<td>2</td>
<td>July 4, 2022</td>
<td>August 12, 2022</td>
</tr>
</tbody>
</table>
### Site Specific Hours

The preceptor should expect a call from the student(s) 2 weeks before to the first day of rotation to discuss where to park, where to meet the first day and any site or rotation specific information, if applicable.

Each experience is a 6-week duration with a minimum of 40 hours per week with a maximum of 50 hours per week (minimum 240 per rotation). Some preceptors may require students to spend more than 40 hours per week at the site to complete the experience successfully. Preceptors may also require students to be present at the site in the evenings, nights, weekends, and holidays. Refer to the rotation calendar with specific times the student is expected to be on site. Students can expect projects outside of normal rotation hours (e.g. readings, projects, etc.). Portions of the rotation may be provided through virtual activities. See Off-Site Virtual Rotation Policy in OEE Handbook.

### Online Assessment Requirements:

This course requires the use of CORE ELMS® and Blackboard. Students are responsible for ensuring they have access to CORE ELMS® and the appropriate Blackboard course before the beginning of the APPE. If you are having issues with CORE ELMS, please contact the course coordinator to resolve this issue. Assessments (e.g., assignments, quizzes, and exams) may be disseminated before the due date. This requires students to download the assessment using an internet connection. It is the Student’s responsibility to maintain access to a reliable internet connection (with the rare exception of when UTEP’s systems are down).
Methods of Instruction/Learning

The learning outcomes in this course may be achieved via:

1. **Outside Preparation** – this will include outside topic review from class lecture, tertiary and primary literature material
2. **Preceptor and learner lead discussions** – allows learners to review and reinforce topics
3. **Case Discussions and presentation/SOAP Notes/Clinical Notes/Drug Information/Documentation** – provides practice opportunities for course ability outcomes and allows students to practice evaluating and assessing patient cases, make therapeutic recommendations and document patient interactions.
4. **Applicable pharmacy-practice activities** - provides practice opportunities to apply practice skills in real-world scenarios
5. **Exams/Quizzes** – allows students to demonstrate the course ability outcomes and instructors to provide necessary feedback
6. **Case reports and presentations**
7. **Other duties as assigned by the preceptors** — apply practice skills in real life scenarios (templates of rubrics are available as supplemental documents)
   - Case reports and presentations
   - Research project
   - Drug monograph
   - Formal consult
   - In-service/presentation
   - DUE – develop student’s written and verbal skills
   - Other activities as assigned by the preceptor

* Not all methods are required and should be discussed with the preceptor at the beginning of the rotation.

* Refer to preceptor-specific course calendar or requirements. Learning methods should be discussed at the beginning of the rotation

Required Course Technology/Tools/Needs

Drug Information Resource:
- Access to drug resources through the UTEP library
- Students must have a drug information resource (e.g. Lexi-Comp®, Micromedex®, etc) of the Student’s choice and preceptor’s preferred reference(s) with them at all times

**Calculator:**

SoP Syllabi Template Updated by SoP Curric Ctte: 8-19-19 / 7-23-2020 / 7.29.2021 jms-jjs-mlc
• Students are expected to bring a scientific calculator.

**Recommended Resources**

• Primary literature, tertiary literature within community practice as outlined by preceptor.

There may be other site-specific needs. The Student should check with the preceptor to verify any other needs.

**Technical Assistance**

If you are off campus, you may need to set up a Virtual Private Network (VPN) on your computer to access UTEP resources for this class (i.e. Library). The link below provides information to set up a VPN connection depending on your operating system. You can contact the Help Desk for assistance (See Technical Assistance information). [http://admin.utep.edu/Default.aspx?tabid=58534](http://admin.utep.edu/Default.aspx?tabid=58534)

If you are experiencing technical problems, please contact the UTEP Helpdesk M - F: 8AM – 5PM. Calling within UTEP: 915.747.4357. Calling outside UTEP: 915.747.5257. For more information, please visit [http://helpdesk.utep.edu](http://helpdesk.utep.edu).

**Attendance**

It is mandatory that students demonstrate their commitment to the profession and respect for faculty, preceptors, and colleagues by attending the experience, arriving on time, and being prepared for the day’s activities. The course’s schedule will be determined and finalized by the preceptor. Attendance will be monitored and assessed under professionalism. Due to the short nature of the experience, any unexcused absences will result in an incomplete and/or a failing grade and the Student will be reported to the Assistant Dean of Experiential Education for unprofessional behavior. For excused absences, the Student will need to work with the course coordinator and site preceptor to make up the missed time and may result in an incomplete. Please refer to the Student and Office of Experiential Handbooks for more information.

**Conduct**

1. Students are expected to abide by all site-specific requirements, state and federal laws and School of Pharmacy regulations during the rotation.

2. Students must always wear required name badge(s) that distinguishes them as a Pharmacist Intern.

3. Students must always carry a pharmacist-intern card and have a copy uploaded into CORE ELMS®.
4. Students must maintain the professional and ethical standards. Failure of professional and ethical standards may result in rotation failure or referral to OEE, Progression Committee, and/or UTEP Office of Student Conflict and Conflict Resolution (OSCCR).

Rotation Attendance Policy

It is mandatory that students demonstrate their commitment to the profession and respect for faculty, preceptors, and colleagues by attending the experience, arriving on time, and being prepared for the day’s activities. Course/rotation schedule will be determined and finalized by the preceptor. Attendance will be monitored and assessed under professionalism.

1. Students are expected to complete the rotation during the assigned dates and times to accumulate the minimum required number of hours and associated activities and assignments.

2. Regular and prompt attendance is required of all students.

3. Students are expected to be present for all scheduled days of the rotation, as determined and discussed with the preceptor. Students must be present on the first day of the rotation to be oriented with any other students present. Additionally, students may not speed up completion of a rotation to gain free time at the end of the rotation.

4. Students are required to participate in all orientation activities prior to the start of the P4 year. Exceptions are rare and may be granted for students with extenuating circumstances. Students should, in these cases, make every effort to connect with the orientation meeting.

5. It is the responsibility of the Student to inform each preceptor/site and clinical coordinator of any absences no later than 2 weeks in advance, if possible. Failure to attend experiential education activities may result in course failure.

For more details, review the UTEP SOP OEE Handbook.

Expectations of Students During Course

Professionalism and Professional Conduct

Students must present themselves in a professional and courteous manner. This behavior includes, but is not limited to, not engaging in disruptive behavior, being appropriately dressed, and using professional language and behavior. The Student must uphold the UTEP policies and procedures that are outlined in the
UTEP HOP, including, but not limited to: academic misconduct, substance abuse, and sexual misconduct. Additionally, the Student must meet the requirements of the Professional Expectations and contract, as laid out in the OEE handbook.

**Procedure for resolving rotation concerns**

1. The student should try to resolve the issue/concern directly with the primary preceptor.
2. If the issue/concern is not resolved, the student should contact the Course Coordinator.
3. If the issue/concern is not resolved, the student should contact the Assistant Dean of Experiential Education (OEE).
4. If the issue/concern is not resolved, the student may contact the Associate Dean for Academic Affairs.
5. If the issue/concern is not resolved, the student may contact the Dean of the School of Pharmacy.

Questions related to the APPE course, in general, should be directed to the Course Coordinator, whereas content/topic specific questions should be directed to the preceptor. If there is any question about who to contact, please contact the preceptor first. For issues related to the preceptor contact the Course Coordinator.

**Cell Phone Policy**

All cell phones must be turned on to silent while at the education site unless otherwise instructed by the preceptor. If a student forgets to turn the ringer off, he/she may be subject to disciplinary action. Any unauthorized use of electronic devices (e.g. social media, sports, excessive texting) while engaged in rotational activities will be automatically removed from the site for the day and the Assistant Dean of OEE will be notified. This will result in an unexcused absence and professional misconduct. Refer to unexcused absence language.

**Food/Beverage Policy**

Students must not eat or drink in the pharmacy area unless allowed to do so by the site preceptor.

**Dress Policy**

Students are expected to dress professionally *at all times* (e.g. tie [male], no excessive jewelry, closed toed shoes, skirts/dresses below the knee, no excessive perfume or cologne, well-groomed). Additionally, some sites may have specific dress requirements the Student must follow (e.g. scrubs). It is the Student’s responsibility to contact the preceptor in advance to verify any site-specific requirements. Pharmacy intern name badge must be *worn at all times* during IPPE/APPE rotations.
Evaluation and Grading Policy

a. The Non-Patient Care Elective APPE is graded on a pass or fail scale. There will be two summative assessments during the APPE – a midpoint and a final evaluation. All assessments will be administered via CORE ELMS®, unless noted otherwise. Grades will be based on student’s pharmacy practice skills, values, knowledge and attitudes. Skills are assessed by direct observation of Entrustable Professional Activities (EPAs) and required assignments. The preceptor will also provide feedback on student performance on an informal on-going basis. All assessments will be administered via CORE ELMS®, unless noted otherwise.

<table>
<thead>
<tr>
<th>Course requirements</th>
<th>Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>Receive a minimum level of expectancy with a level of 3 on 2 out of 3 (≥75%) EPAs (preceptor)</td>
<td>Completed at passing level</td>
</tr>
<tr>
<td>Receive a passing final professional assessment (preceptor)</td>
<td>Completed at passing level</td>
</tr>
<tr>
<td>Upload and receive preceptor confirmation of minimum experiential rotation hours into CORE ELMS® (minimum 240 hours)</td>
<td>Completed</td>
</tr>
<tr>
<td>Complete one (1) miscellaneous activity (research project, DUE, etc.) and document in CORE ELMS</td>
<td>Completed</td>
</tr>
<tr>
<td>Complete one (1) reflection on how area relates to pharmacy patient care and practice and document in CORE ELMS</td>
<td>Completed</td>
</tr>
<tr>
<td>Midterm evaluation (completed by preceptor)</td>
<td>Completed</td>
</tr>
<tr>
<td>Complete APPE with unexcused absences</td>
<td>Completed</td>
</tr>
<tr>
<td>Complete preceptor evaluation in CORE ELMS (completed by student)</td>
<td>Completed</td>
</tr>
</tbody>
</table>

b. Failure to complete and turn in all assignments will result in a failure of the APPE.  

c. All students finish their APPE year obtaining an EPA expectancy level of 3 at least once per EPA.  
d. A passing level on the professional assessment is a “yes” response to EPA 16 on the final evaluation.  
e. Hours must be recorded on a daily or weekly basis (verify with your preceptor the preferred method). Students will be required to record time taken for lunch, which will not count for hours unless worked during that time.

Requirement Due Dates

All requirements must be submitted through CORE ELMS by the end of the last day of the rotation unless noted elsewhere. Students are responsible for following up with preceptor on any outstanding items. If the Student has difficulty working with the preceptor, the Student should reach out to the course
coordinator. Any outstanding requirements, either on the student or preceptor end, not completed one week after the end of the rotation will result in course/rotation failure.

It is the responsibility of the Student to monitor his/her progress during the course and see that he/she is maintaining the required competency level. Students should seek advice and assistance from the preceptor and/or course coordinator as soon as he/she encounters any difficulty in the course. If Student does not pass, they may be eligible for remediation.

Other Assignments:

Since experiences may vary widely with each elective, there are no particular assignments, but each site/preceptor may have their own assignments (e.g., presentations, written assignments, patient counseling exercises)

*Preceptor assignments: The preceptor will provide any assessment criteria in advance.

Remediation Policy

Students must participate in all assignments to be eligible for remediation. Other important factors are also considered. See Student Handbook for details.
