

THE UNIVERSITY OF TEXAS AT EL PASO
COLLEGE OF SCIENCE
DEPARTMENT OF MATHEMATICS

Course Number: 1320, CRN 31664
Course Title: Mathematics for the Social Sciences I
Credit Hours: 3
Term: Summer 2 2015
Course Meeting Time: 11:40 am – 1:50 pm
Prerequisite Courses: M0311 or TSI score between 350 – 390 or placement by previous Accuplacer scores
Instructor: Tuesday J. Johnson
Office Location: Bell Hall 322
Contact Info: E-mail: tuesdayj@math.utep.edu
Website: <http://www.math.utep.edu/Faculty/tuesdayj/>
Office Hours: 11:00 am – 11:30 am
Textbook, Materials: Finite Mathematics & Applied Calculus, Waner and Constenoble, 6th Edition. Note that this book may be purchased as an e-book on the WebAssign site or on [this](#) micro-site.

Required Technology: MS Excel and a WebAssign account.

WebAssign: Go to the WebAssign [website](#) and follow these steps:

- 1) Under Username put your 800 number
- 2) Under Institution put UTEP
- 3) Under Password put your 800 number
- 4) Change your password: Click the tab that says “My Options”. Change your password to something other than your 800 number, and remember it!

You will be given a two-week grace period during which you will be able to log in without an access code. You will need to purchase an access code to log in after this period. If you purchased a new book from the UTEP bookstore, the code should have come with it. Otherwise you'll have to buy one through the WebAssign site.

Course Information: Math 1320 is a pre-calculus course for liberal arts, business and other non-science majors. The topics covered include:

- Linear, quadratic, exponential, and logarithmic functions
- Systems of linear equations
- Matrix algebra
- The mathematics of finance
- The algebra of sets
- Probability

Students will learn mathematical concepts and methods used in management, social science, and business. Students will develop the view that mathematics is an evolving discipline that is interrelated with human culture. Students will also understand the connections of mathematics to other disciplines.

Assignments: There will be an in-class assignment every class period, which we will work on during class time. You are encouraged to work in groups on these assignments. You don't need to turn these in; they are for your own benefit. In addition, homework assignments will be given via WebAssign. You will have an assignment for each section that we discuss. This will make up the bulk of your homework grade. There will also be periodic quizzes that will be either taken directly from the homework assignments or very similar to them. It is definitely to your advantage to attempt all the problems on the homework assignments on your own. The lowest two homework scores will be dropped.

Assessment: Your overall grade will consist of the weighted average of your scores on three exams, homework quizzes, WebAssign homework, and the final exam. If it benefits you, the score you receive on the final exam will replace your lowest exam score.

Grading Policy: The usual grading scale will be used for this course (90%-100% is an A, 80%-89% is a B, etc.)

Three exams	45% (15% each)
Homework (WA/quizzes)	30%
<u>Comprehensive final exam</u>	<u>25%</u>
Total	100%

Make-up Policy: Make-up quizzes will only be given for students attending university sponsored events (such as student athletes traveling to meets), and only with prior notification and appropriate documentation. A make-up exam will only be given in extraordinary circumstances (severe illness, death in immediate family), and with appropriate documentation (e.g. doctor's note).

Attendance Policy: As with every college course, attendance is essential for success. Try not to be absent unless it is absolutely necessary. If possible, it is better to let me know ahead of time when you will be absent. If you are absent, it is your responsibility to find out which assignments you need to make up.

Academic Integrity: We will follow the university's policy in this course, as explained in the Handbook of Operating Procedures. You may find it [here](#). You may be directed to change seats at any time during exams.

Civility: Please do not use cell phones, pagers, iPods, MP3 players, blue tooth devices, etc. during class. Cell phones and pagers should be set to silent or vibrate, and if you absolutely must answer your phone, calls should be taken outside of class. Please do not wear headsets or blue tooth devices during class. Please do not send text messages during class.

Disability Statement: If you have a disability and need classroom accommodations, please contact The Center for Accommodations and Support Services (CASS) at 747-5148, or by email to cass@utep.edu, or visit their office located in UTEP Union East, Room 106. For additional information, please visit the CASS website at www.utep.edu/CASS. *CASS' Staff are the only individuals who can validate and if need be, authorize accommodations for students with disabilities.*

- Military Statement:** If you are a military student with the potential of being called to military service and/or training during the course of the semester, you are encouraged to contact me as soon as possible.
- Course Schedule:** See last page.
- Technology:** A TI-83 or TI-84 (or similar) graphing calculator is recommended.
- Drop Deadlines:** The last day to drop the course without a "W" is Wednesday, July 8th. The last day to drop the course with a "W" is Friday, July 24th. Students who decide to drop the course must process a drop form, in person, at the Registrar's Office, by July 24th. Please note that the College of Science will remain aligned with the University and **will not approve any drop requests after that date.**
- Incompletes:** All grades of Incomplete must be accompanied by an Incomplete Contract that has been signed by the instructor of record, student, departmental chair, and the dean. Although UTEP will allow a maximum of one year to complete this contract, the College of Science requests it be limited to a month based upon completion data. A grade of Incomplete is only used in extraordinary circumstances confined to a limited event such as a missed exam, project, or lab. If the student has missed a significant amount of work (e.g. multiple assignments or tasks), a grade of Incomplete is not appropriate or warranted.
- Tutoring:** Online tutorials can be found [here](#). The Tutoring and Learning Center (TLC) offers free tutoring and is located in the campus library. There are several useful features of WebAssign designed to give extra help. There are numerous private tutors available. Please also make use of the instructor's office hours.
- Websites:** WebAssign, www.webassign.net.

(Subject to change)

Day	Date	Sections Covered	Events
1	7/6	1.1 Functions from three viewpoints 1.2 Functions and Models	
2	7/7	1.3 Linear Functions and Models 1.4 Linear Regression	
3	7/8	1.4 Linear Regression 9.1 Quadratic Functions & Models	
4	7/9	9.1 Quadratic Functions & Models 9.2 Exponential Functions & Models	
5	7/10	9.2 Exponential Functions & Models 9.3 Logarithmic Functions & Models	
6	7/13	9.3 Logarithmic Functions & Models Exam #1 Review	
7	7/14	Exam 1 2.1 Simple Interest	Exam 1
8	7/15	2.2 Compound Interest 2.3 Annuities, Loans, and Bonds	
9	7/16	2.3 Annuities, Loans, and Bonds 3.1 Systems of 2 Eqs./2 unknowns	
10	7/17	3.2 Using Matrices to Solve Systems 3.3 Applications of Systems of Eqns	Census Day (Last day to drop w/o a W)
11	7/20	3.3 Applications of Systems of Eqns Exam #2 Review	
12	7/21	Exam 2 6.1 Sets and Set Operations	Exam 2
13	7/22	6.2 Cardinality 6.3 Decision Algorithms	
14	7/23	6.4 Permutations & Combinations 7.1 Sample Spaces and Events	
15	7/24	7.2 Relative Frequency 7.3 Probability and Probability Models	Course drop deadline
16	7/27	7.3 Probability and Probability Models 7.4 Prob. & Counting Techniques	
17	7/28	7.4 Prob. & Counting Techniques 7.5 Conditional Probability	
18	7/29	7.5 Conditional Probability Exam #3 Review	
19	7/30	Exam 3	Exam 3
20	7/31	7.6 Bayes' Theorem (optional) Final Exam Review	
21	8/3	Final exam 1:00 – 3:45 pm	Final exam
Day	Date	Sections Covered	Events

Class Rules

The following class rules are for your benefit as much as they are for mine. Failure of a student to abide by the rules will result in being asked to leave for the remainder of the class day. Failure of the professor to abide by the rules will result in a reduced homework load for the students.

1. Cell phones will remain silent and put away for the entire class period. Texting, calling, or even using a phone as a calculator will result in the student being asked to leave class immediately.
2. We will have a daily attendance sheet. It is your responsibility to sign in each day. Not only is this a portion of your grade, if you have four absences I will drop you from the course. (Only 2 absences in a class that meets once a week.) This could affect your financial aid and academic standing.
3. All headphones, earbuds, and Bluetooth devices will be removed from your ears and neck while class is in session. You don't want me lecturing with headphones on, I don't want you "listening" with headphones on.
4. You must have a calculator for this class. Your cell phone is not a calculator. No exceptions.
5. There will be no photography, video or audio recording of the lecture or images from the lectures.
6. I do not award extra credit. If you complete all the assignments as they are assigned you will not need extra credit.
7. I do not accept late work without a valid written excuse.
8. All personal items including, but not limited to, back packs, purses, musical instruments, etc. must be placed at the front of the room during all exams.

I have read and received these rules. I know there is a copy on Tuesday's website for me to refer to at any time.
