Textbook(s), Materials: Required: Pre-Calculus by Larson, 9th Edition  
(available as e-book and hardcover)

Suggested: Laptop and Graphing Calculator

Course Objectives (Learning Outcomes): Students are expected to have a clear understanding of the ideas of  
Precalculus as a solid foundation for subsequent courses in mathematics  
and other disciplines as well as for direct application to real life  
situations.

The content of the entire course covers topics from basic mathematics  
and develop them using practical and theoretical tools, building  
applications and making a strong support for Calculus classes.

A student passing MATH1508 Precalculus course will be able to work  
with the concepts of functions (functions in general, exponential and  
logarithmic functions, polynomial and rational functions, trigonometric  
functions, etc), to solve a system of linear and non-linear equations and  
inequalities, to make basic operations with matrices, to apply  
mathematical induction method, to work with trigonometric functions  
and their properties, and to apply them in problems related to other  
branches of Science: Calculus, Algebra, Physics, Chemistry, Biology,  
Pharmacy, Engineering, Statistics, etc.

Course Activities/Assignments: You will find all assignments on <http://webassign.net/> . Please use Mozilla Firefox or Google Chrome since WebAssign works best with these browsers. Unannounced quizzes may be administered in the classroom or via WebAssign. Students may have 20 – 30 minute reading assignments due on WebAssign the day of each lecture.

Assessment of Course Objectives: There will be 3 exams. All exams, written by a committee, are administered in the classroom. A WebAssign Retake Exam will be administered in the library after each exam. You will not have a comprehensive final exam.

To register for a retake exam go to <http://math.utep.edu/classes/retake>. Failure to register means that you may not take this optional exam. Students must attempt the written exams, failure to take the first two written exam will result in the student to be dropped from this class.

If a student receives a grade of D or F, they may register for wintermester or take a comprehensive TestOut exam after wintermester. A grade of 70% or better on the comprehensive wintermester exam or a 70% or better on the TestOut exam will replace a failing course grade with a grade of C. (A grade change form will be signed and submitted by Mr. Julian Viera.)

Grading Policy: Your grade will be calculated as follows:

WebAssign assignments	10%
In Class Quizzes	10%
Workshop Attendance grade	05%
13 = 100	
11-12 = 90	
9 - 10 = 80	
8 = 70	
7 or less = 0	
Exam 1	25%
Exam 2	25%
Exam 3	25%

The grading scale for this course is:

90 – 100 = A  
80 – 89 = B  
70 – 79 = C  
60 – 69 = D  
0 – 59 = F.

The Drop Date for this semester is Friday October 28, 2016. **No drops will be approved after this date.**

Make-up Policy: No makeup exams will be allowed except with proper documentation, i.e. doctor's note, hospital's note, or UTEP excused absence document.

Attendance Policy: Students must attend every class and attend all lectures and workshops. Attendance will be taken. A student will be dropped if he/she misses 3 lectures or 4 workshop sessions. Students are to arrive to class on time. It is the student's responsibility to make up missed assignments as determined by their instructor.

Civility Statement: Please turn off cell phones when you enter class and participate in class, active participation in this class is a vital part of your success.

Disability Statement: If you have a disability and need classroom accommodations, please contact The Center for Accommodations and Support Services (CASS) at 747-5148, or by email to [cass@utep.edu](mailto:cass@utep.edu), or visit their office located in UTEP Union East, Room 106.
