Course Description

Academic Language in Dual Language Settings: Educators must be knowledgeable about creating learning environments that foster the development of academic language, particularly among bilingual students and English language learners. In this course, students will a) develop an understanding of language and literacy as simultaneously linguistic, cognitive and socio-cultural phenomena; b) use functional theories of language to understand language use in academic settings; c) build awareness and expertise in recognizing and analyzing academic language; and d) create pedagogical approaches to build academic language, with an emphasis on Dual Language Settings.

Course Purpose

This course is designed to prepare graduate students with the foundational knowledge of the field of academic language: its complexity that varies across content areas, grade levels, texts, and embedded in specialized oral and written language required for the various content areas in schooling.

Course Objectives:

- Recognize and analyze the language of schooling;
- Recognize and analyze the components of academic language foundational to complex text;
- Identify and analyze pedagogical approaches to build academic language specific to English Language Learners/Emergent Bilinguals; and
- Identify, analyze, and develop a pedagogical plan on academic language in a specific content area in an academic setting and/or text for students in dual language settings.

Classroom Policies

- All students are responsible and expected to be prepared and check **BlackBoard on a daily basis** for announcements and to post assignments, feedback, etc.
- Participation in discussions, group activities, and evaluations is required on time.
- Pay close attention to **DUE** dates for assignments.
- All writing must be well thought out and appropriate for each topic that is discussed.
- **All writing needs to be organized, clear, grammatical, and must follow APA format. Use references/citations following APA guidelines.**

Technology Requirements: Becoming very familiar with Blackboard is essential for doing well in this class since all content is delivered via Internet in Blackboard. You will need to make time to go to the labs at UTEP or if you are going to use your laptop or home technology, you need to check that you can successfully use BlackBoard. It is highly recommended you use Mozilla Firefox or Google Chrome when accessing BlackBoard. For more help, please contact the Help Desk at helpdesk@utep.edu or at (915)747-4357.

SUMMER 2022 Jul 05, 2022 - Aug 19, 2022

Participation: All students are expected to be prepared and to be active participants and check their emails, assignments, feedback on a regular basis. Reading the assignments and watching the videos are essential for the course and meaningful participation. Students are responsible for working with their team. Team work is mandatory, and provides a forum for discussion that cannot be duplicated. All students are required to be prepared for each course assignment and maintain a high level of professionalism and respect for one another as we engage in discussions and group work.

Academic Dishonesty: The University of Texas at El Paso prides itself on its standards of academic excellence. In all matters of intellectual pursuit, UTEP faculty and students must strive to achieve based on the quality of work produced by their individual. In the classroom and in all other academic activities, students are expected to uphold the highest standards of academic integrity. Any form of scholastic dishonesty is an affront to the pursuit of knowledge and jeopardizes the quality of the degree awarded to all graduates of UTEP. It is imperative, therefore, that all faculty insist on adherence to these standards. Any student who commits an act of scholastic dishonesty is subject to discipline. Scholastic dishonesty includes, but is not limited to cheating, plagiarism, collusion, and submission for credit of any work or materials that are not attributable in whole or in part to another person, taking an examination for another person, any act designed to give unfair advantage to a student or the attempt to commit such acts. Proven violations of the detailed regulations, as printed in the Handbook of Operating Procedures (HOP) and available in the Office of the Dean of Students, may result in sanctions ranging from disciplinary probation, to failing grades on the work in question, to failing grades in the course, to suspension or dismissal among others. For further information, please refer to <http://sa.utep.edu/osccr/academic-integrity/>

Students with Disabilities: If you have or believe you have a disability, you may wish to self-identify. You can do so by providing documentation to The Center for Accommodations and Support Services (CASS). Students who have been designated as needing this service must reactivate their standing with CASS on a yearly basis. Failure to report to this office will place a student on the inactive list and nullify benefits received. If you have a problem with testing, studying or learning, including a handicapping condition, such as a learning disability, vision or hearing impairment, or physical disability, you must notify the instructor by the end of the third week of class if you wish to request accommodation. You are encouraged to discuss this in confidence with the instructor and/or the director. The Center for Accommodations and Support Services can be reached at Web: <http://sa.utep.edu/cass/> Phone: (915) 747-5148 voice **E-Mail: cass@utep.edu**

GRADING SCALE: Points will be based on self-narrated videos, blogs, video responses, a Team presentation, and a culminating individual presentation. All work is required to be turned in on time. Please do not wait until the last minute to submit work in the event there are technology issues. In addition, your classmates cannot respond thoughtfully to your blogs/discussions if you post at the last minute. **Post by the designated time. For all assignments, do not post word files. Write in the provided space on BlackBoard.**

What I know about Academic Language <https://flip.com/e02996c9>
Post by 08/19 11:30 p.m. **15 pts**

Watch how these two students in the short video engage in academic conversation intentionally planned by the teacher.

Then, in a 5 minute FG presentation, apply your knowledge, in Spanish/English or both, and share what you have learned about the language of schooling, Academic Language, and its critical components; how to develop the academic language of EBs/ELs in DL settings and/or EL settings and across the content areas. Reflect on how you will apply this in your work in education, in your dual language classroom, or in your classroom with English Learners.

*Consider: The language of schooling * Academic Language and its critical components * How it applies across the content areas * How we develop academic language with ELs/EBs in DL settings and/or EL settings.*

Use visuals, slides, and/or pictures to support your talk.

Language is academic and you are expected to refer to/cite, the readings/researchers. Your last slide/end of video should include your APA reference.
