Course Information: What this class is about and what we will do

COURSE DESCRIPTION

An introduction to competency-based assessment of psychological disorders, substance use disorders, the ecological perspective on mental health and the biopsychosocial-spiritual framework for assessment and intervention.

COURSE GOALS

At the end of this course, students will:

- Develop skills for effective, ethically-informed, and culturally responsive social work practice in a multicultural, binational community that takes into account historical and current systemic forms of oppression and racism.
- Understand how to actively engage clients from diverse backgrounds in the clinical interview process, including use of active listening and empathic responses.
- Understand the components of a clinical assessment interview reflective of the biopsychosocial-spiritual framework, including addressing risk assessment, with special emphasis on issues relevant to the U.S.-Mexico border region.
- Develop clinical impression skills utilizing an intersectionality framework, including establishing the rationale for specific diagnoses and for ruling out other diagnoses with similar symptoms and characteristics.
- Select and critically evaluate culturally-responsive and appropriate assessment tools and intervention strategies.

COURSE OBJECTIVES

Social work courses are designed to improve students' competence through instruction, practice, and application of knowledge, values, and skills. "Social work competence is the ability to integrate and apply social work knowledge, values, skills, and cognitive and affective processes to practice situations in a culturally responsive, purposeful, intentional, and professional manner to promote human and community well-being" (CSWE, 2022, p. 7). Through course assignments, students demonstrate the ability to meet courses objectives

related to EPAS Competencies. Situated within the context of social work practice in the multicultural, bi-national U.S.-Mexico border region, this course focuses specifically on six aspects of social work competence: ethical and professional behavior (Competency 1); human rights and social, racial, economic, and environmental justice (Competency 2); anti-racism, diversity, equity, and inclusion in practice (ADEI) (Competency 3); research-informed practice and practice-informed research (Competency 4); assessment of individuals, families, groups, organizations, and communities (Competency 7); and intervention with individuals, families, groups, organizations, and communities (Competency 8). Course assignments will assess and summarize students' competency levels. Upon completion of this course, students will be able to:

- Make ethical decisions by applying the standards of the National Association of Social Workers Code of Ethics, relevant laws and regulations, models for ethical decision-making, ethical conduct of research, and additional codes of ethics within the profession as appropriate to context (Behavior 1.1).
- Advocate for human rights at the individual, family, group, organizational, and community systems levels (Behavior 2.1).
- Engage in practices that advance human rights to promote social, racial, economic, and environmental justice (Behavior 2.2)
- Utilize integrative, decolonizing, anti-oppressive, and antiracist frameworks to advocate for equitable access to high quality services and resources for the diverse populations served in the border region (Spec. Behavior 2.3).
- Demonstrate anti-racist and anti-oppressive social work practice at the individual, family, group, organizational, community, research, and policy levels (Behavior 3.1).
- Demonstrate cultural humility by applying critical reflection, self-awareness, and self-regulation to manage the influence of bias, power, privilege, and values in working with clients and constituencies, acknowledging them as experts of their own lived experiences (Behavior 3.2).
- Identify the impacts of racism, oppression, discrimination, and other “isms” on border communities, and use this knowledge to advance ADEI efforts throughout the border region (Spec. Behavior 3.3).
- SB3.2 Apply the lenses of intersectionality, positionality, and reflective practice when confronting racism and promoting diversity, equity and inclusion for clients, constituencies, and organizations reflected in the border region at all service levels (Spec. Behavior 3.4)
- Apply research findings to inform and improve practice, policy, and programs (Behavior 4.1).
- Identify ethical, culturally informed, anti-racist, and anti-oppressive strategies that address inherent biases for use in quantitative and qualitative research methods to advance the purpose of social work (Behavior 4.2).
- Critically evaluate literature and research for applicability and cultural responsiveness to border region communities. (Spec. Behavior 4.3).
- Apply theories of human behavior and person-in-environment, as well as other culturally responsive and interprofessional conceptual frameworks, when assessing clients and constituencies (Behavior 7.1).
- Demonstrate respect for client self-determination during the assessment process by collaborating with clients and constituencies in developing a mutually agreed-upon plan (Behavior 7.2).
- Apply culturally responsive social work theories, frameworks, perspectives, and models to engage in effective and authentic assessment practices with border region clients, constituencies, and organizations (Spec. Behavior 7.3)

- Critically reflect upon the impact of personal life experiences, potential biases, positionality, and potential cultural barriers on the assessment process with families, groups, organizations, and communities in the border region (Spec. Behavior 7.4).
- Engage with clients and constituencies to critically choose and implement culturally responsive, evidence-informed interventions to achieve client and constituency goals (Behavior 8.1).
- Incorporate culturally responsive methods to negotiate, mediate, and advocate with and on behalf of clients and constituencies (Behavior 8.2).
- Apply social work theories, frameworks, perspectives, and models to collaboratively identify and implement culturally responsive interventions with border region clients, constituencies, and organizations (Spec. Behavior 8.3).
- Critically reflect upon the potential for client experiences of privilege, oppression, marginalization, and discrimination to influence the intervention process. (Spec. Behavior 8.3).

COURSE ASSIGNMENTS & GRADING

1. Attendance and Class Participation (100 points)

Attending, preparing for, and participating in class activities is worth 100 points. **Regular class attendance with active participation is expected.** When students participate actively in class discussions, learning is enhanced. It is the student's responsibility, whether present or absent, to keep abreast of content. Class attendance is **NOT** optional. An attendance roster will be passed out at the beginning of each class session. Students are responsible for signing in. **Each missed class will result in a 5-point deduction in participation grade each.**

2. Case Studies (135 points)

Case studies will be scheduled throughout the semester to provide opportunities for students to demonstrate understanding and application of assessment and intervention skills – thoughtful completion of these assignments is expected. A preparation tool to be filled out is provided in each week's module when these are due. Each week's set of cases is worth 15 points and will be due before the class where the case will be discussed:

Case Study Preparation Form	Upload by:
Schizophrenia	9/11
Bipolar Disorder	9/18
Anxiety Disorder	9/25
Post-traumatic stress disorder	10/2
Eating Disorders	10/9
Gender Dysphoria	10/23
Substance Related Disorders	11/6
Neurocognitive Disorders	11/13
Borderline Personality Disorder	11/20

3. Assignment 1: Disorder-Specific Intervention Resource Brochure and Presentation (100 points) – Due in Blackboard by 10/16/23 In-class presentations on 10/17/23.

On the second class, students will sign up for a specific disorder to address in this assignment. Students will create a brochure and 15-minute presentation addressing the following items in related to the disorder, incorporating a minimum of five peer-reviewed sources:

- DSM 5 diagnostic criteria with differential diagnoses, including symptom checklists
- Established symptom checklists to aid in assessment
- A target population for the intervention
- List of evidence-based interventions for the chosen disorder
- In-depth presentation of one intervention
- Safety/emergency considerations
- Cultural considerations
- Pharmacological considerations (potential medications and side effects)
- Resources (support groups, organizations, etc.)

4. Assignment 2: Clinical Assessment Interview and Write-Up (200 Points) – Assessments will occur in class on 10/31 and the 5-7-page write-up due in Blackboard by 11/13/23.

The class will be divided into pairs. Each pair will take turns conducting a full clinical assessment, focusing on:

- Building client rapport through ethical and culturally responsive engagement strategies.
- Conducting a comprehensive biopsychosocial-spiritual assessment including presenting problem/opportunity for change, family background and social history, developmental history (throughout the lifespan), personal history and current living arrangements, medical history (including cultural practices), educational and employment history, substance use history, legal history, experiences of trauma, current social environment and supports, strengths and interests, risk and protective factors, cultural background (traditions, values, generational differences, languages, views of help-seeking, and potential cultural, collective, and cumulative traumas), spirituality and religion (beliefs or practices, role of spirituality, influence of spiritual beliefs on understanding of the problem and potential as a source of support).
- Evaluating mental status and formulating diagnostic impressions and case formulation, with clear incorporation of culture, context, and gender considerations utilizing the DSM 5-TR.
- Reflecting the impact of culture, the U.S.-Mexico border region context, intersecting points of identity, and client strengths, identification and prioritization of client's goals, and identification of potential interventions.

Case scenarios will be provided for students to guide their assessments and role as client. The student playing the client will provide written feedback to the instructor regarding perceived cultural responsiveness and inclusiveness of clinical interview. A written assessment will be submitted and evaluated.

5. Assignment 3: Clinical Case Study Paper and Presentation (200 points) – 6-8-page paper and PPT due in Blackboard by 12/4/23; you will present on 12/5/23.

Students will choose a film to view on their own, or a novel to read independently, and develop a clinical case study based on one of the movie or novel's characters with supporting evidence utilizing scene descriptions and quotes from characters. Students will create a 6-8-page initial clinical assessment that includes diagnostic impressions, a safety plan, and treatment recommendations for the identified client. Students are also expected to

include an assessment of factors related to anti-racism, diversity, equity, and inclusion relevant to the case. These should include any impacts of racism (historical, cultural, intergenerational, systemic, current, etc.) that the character experiences; experiences of oppression, marginalization, and discrimination; the impact of the character's different points of identity on your understanding of the case and the character's ability to access and engage in services; and a reflection on how your positionality as the therapist would impact engagement and treatment. Students need to identify one evidenced-based intervention model used to treat their client's disorder as well as a complimentary or alternative approach they would use to address the client's reported symptoms. The paper needs to not only address the types of intervention strategies one would use, but also include information about how you would provide psycho-education about their diagnosis and treatment options during the second session of their therapy treatment. The paper is worth 200 points, and the presentation (including a PPT) is worth 100 points. Some potential movies to choose from are *Precious*, *A Beautiful Mind*, *Kite Runner*, *Boys Don't Cry*, *Which Way Home*, *Still Alice*, *Pursuit of Happyness*, *Girl Interrupted*, and *28 Days*. Please feel free to suggest a different movie or television character for instructor approval.

Assignment	Points	% of Grade
Attendance and Participation	100	14%
Case Studies	135	18%
Disorder-Specific Brochure and Presentation	100	14%
Clinical Assessment Interview and Write-up	200	27%
Clinical Case Study Paper and Presentation	200	27%
Total	735	100%

Final grades will be determined as follows:

90% and above	A
80% to 89%	B
70% to 79%	C
69% to 60%	D
< 59%	F

TECHNOLOGY REQUIREMENTS

Course content is delivered via the Internet through the Blackboard learning management system. Ensure your UTEP e-mail account is working and that you have access to the Web and a stable web browser. Google Chrome and Mozilla Firefox are the best browsers for Blackboard; other browsers may cause complications. When having technical difficulties, update your browser, clear your cache, or try switching to another browser.

You will need to have access to a computer/laptop, scanner, a webcam, and a microphone. You will need to download or update the following software: Microsoft Office, Adobe Acrobat Reader,

Windows Media Player, QuickTime, and Java. Check that your computer hardware and software are up-to-date and able to access all parts of the course.

If you do not have a word-processing software, you can download Word and other Microsoft Office programs (including Excel, PowerPoint, Outlook and more) for free via UTEP's Microsoft Office Portal. Click the following link for more information about [Microsoft Office 365](#) and follow the instructions.

IMPORTANT: If you encounter technical difficulties beyond your scope of troubleshooting, please contact the UTEP [Help Desk](#) as they are trained specifically in assisting with technological needs of students. Please do not contact me for this type of assistance. The Help Desk is much better equipped than I am to assist you!

Course Communication: How we will stay in contact with each other

There are several ways we can keep the lines of communication open this semester:

- **Office Hours:** By Appointment; either virtual or in-person.
- **Email:** UTEP email is the best way to contact me. I will make every attempt to respond to your email within 24-48 hours upon receiving your email. When e-mailing me, be sure to email from your UTEP student account.
- **Phone** (915) 224-0439
- **Announcements:** Check the Blackboard announcements frequently for any updates, deadlines, or other important messages.

NETIQUETTE

As we know, sometimes communication online can be challenging. It's possible to miscommunicate what we mean or to misunderstand what our classmates mean given the lack of body language and immediate feedback. Therefore, please keep these netiquette (network etiquette) guidelines in mind. Failure to observe them may result in disciplinary action.

- Always consider your audience. This is a college-level course; therefore, all communication should reflect polite consideration of other's ideas.
- Respect and courtesy must be always be displayed to classmates and the instructor. No harassment or inappropriate postings will be tolerated.
- When responding to someone else's message, address, and respectfully challenge the ideas, never the person. Post only what anyone would comfortably state in a face-to-face situation.
- Blackboard is not a public internet venue; all postings to it should be considered private and confidential. In line with the National Association of Social Workers (NASW) Code of Ethics, treat all information shared with the same level of confidentiality as you would a client. Whatever is posted in this online space is intended for classmates and professor only. Please do not copy documents and paste them to a publicly accessible website, blog, or other space.

Course Policies: What do you need to do to be successful in the course

ATTENDANCE AND PARTICIPATION

Attendance for in-person sessions is important not only for your learning and success but also to create a community of learners. I expect you to review all course materials ahead of class, complete assignments on time (some exceptions made on a case-by-case basis; *late assignment submission without contacting me first will result in a zero on the assignment*), and actively participate in class discussions and discussion boards.

EXCUSED ABSENCES AND/OR COURSE DROP POLICY

It is expected that you attend all classes except in the case of a documented emergency. According to UTEP Curriculum and Classroom Policies, “When, in the judgment of the instructor, a student has been absent to such a degree as to impair his/her/their status relative to credit for the course (more than 3 absences in this course), the instructor may drop the student from the class with a grade of ‘W’ before the course drop deadline and with a grade of ‘F’ after the deadline.” Deadline for this semester is November 3, 2023. See academic regulations in the UTEP Undergraduate Catalog for a list of excusable absences. Therefore, if I find that, due to non-performance in the course, you are at risk of failing, I will drop you from the course. I will provide 24 hours advance notice via email.

DEADLINES, LATE WORK, AND ABSENCE POLICY

It is expected that you follow the assignment submission guidelines and deadlines referenced earlier in this syllabus. You may request an extension on an assignment if circumstances warrant providing one. In cases of late submission without an extension being granted, your assignment will be penalized a letter grade for every 3 days late.

I understand that life happens and there may be a situation where you have to miss class without a documented emergency. Missed classes will result in a 5-point deduction in your course attendance and participation grade. More than 3 unexcused absences may result in receiving a failing grade in the class.

MAKE-UP WORK

Make-up work will be given *only* in the case of a *documented* emergency. Note that make-up work may be in a different format than the original work, may require more intensive preparation, and may be graded with penalty points. If you miss an assignment and the reason is not considered excusable, you will receive a zero. It is therefore important to reach out to me—in advance if at all possible—and explain with proper documentation why you missed a given course requirement. Once a deadline has been established for make-up work, no further extensions or exceptions will be granted.

ALTERNATIVE MEANS OF SUBMITTING WORK IN CASE OF TECHNICAL ISSUES

I strongly suggest that you submit your work with plenty of time to spare in the event that you have a technical issue with the course website, network, and/or your computer. I also suggest you save all your work (answers to discussion posts, quizzes, and other work) in a separate Word document as a back-up. This way, you will have evidence that you completed the work and will not lose credit. If you are experiencing difficulties submitting your work through

Blackboard, please contact the UTEP Help Desk. You can e-mail me your back-up document as a last resort.

'INCOMPLETE' GRADE POLICY

Incomplete grades may be requested only under exceptional circumstances after you have completed at least half of the course requirements. Communicate with me immediately if you believe an incomplete is needed. I highly suggest keeping the lines of the communication open with me during the semester to avoid getting to this point! However, if granted, we will establish a contract of work to be completed with deadlines.

ACCOMMODATIONS POLICY

The University is committed to providing reasonable accommodations and auxiliary services to students, staff, faculty, job applicants for admissions, and other beneficiaries of University programs, services, and activities with documented disabilities in order to provide them with equal opportunities to participate in programs, services, and activities in compliance with sections 503 and 504 of the Rehabilitation Act of 1973, as amended, and the Americans with Disabilities Act (ADA) of 1990 and the Americans with Disabilities Act Amendments Act (ADAAA) of 2008. Reasonable accommodations will be made unless it is determined that doing so would cause undue hardship on the University. Students requesting an accommodation based on disability must register with the [UTEP Center for Accommodations and Support Services](#) (CASS). Contact the Center for Accommodations and Support Services at 915-747-5148, or email them cass@utep.edu or apply for accommodation online via [CASS portal](#)

COVID-19 PRECAUTIONS

Please stay home if you have been diagnosed with COVID-19 or are experiencing COVID-19 symptoms. If you have tested positive for COVID-19, prior to, after, and/or during your time enrolled in your course(s), you are highly encouraged to report your results to covidaction@utep.edu as well as to let our office know at ppp@utep.edu.

The Center for Disease Control and Prevention recommends that people in areas of substantial or high COVID-19 transmission wear face masks when indoors in groups of people. The best way that we can take care of ourselves and others is to get the vaccine. If you still need the vaccine, it is widely available in the El Paso area. For more information about the current rates, testing, and vaccinations, please visit epstrong.org.

TITLE IX STATEMENT

Title IX of the Education Amendments of 1972 (Title IX), prohibit discrimination on the basis of sex in education programs or activities operated by recipients of Federal financial assistance. Sexual harassment of students, which includes acts of sexual violence, is a form of sex discrimination prohibited by Title IX. Sexual violence refers to physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent due to the victim's use of drugs or alcohol. An individual also may be unable to give consent due to an intellectual or other disability. A number of different acts fall into the category of sexual violence, including rape, sexual assault, sexual battery, sexual coercion, stalking, and relationship violence. All such acts of sexual violence are forms of sexual harassment covered under Title IX. In accordance with Title IX of the Education Amendments of 1972, UTEP does not discriminate on the basis of sex in the operation of its educational programs and activities. This commitment

to non-discrimination applies to both employment in and admission to such programs and activities. [Link to full text at <http://admin.utep.edu/Default.aspx?tabid=68750>]

Inquiries regarding Title IX should be referred to the University's Title IX Coordinator(s) in the following link: <https://www.utep.edu/titleix/Title-IX-Coordinators.html>

SCHOLASTIC INTEGRITY

Academic dishonesty is prohibited and is considered a violation of the UTEP Handbook of Operation Procedures. It includes, but is not limited to, cheating, plagiarism, and collusion. Cheating may involve copying from or providing information to another student, possessing unauthorized materials during a test, or falsifying research data. Plagiarism occurs when someone intentionally or knowingly represents the words or ideas of another as ones' own. Collusion involves collaborating with another person to commit any academically dishonest act. Any act of academic dishonesty attempted by a UTEP student is unacceptable and will not be tolerated. All suspected violations of academic integrity at The University of Texas at El Paso must be reported to the Office of Student Conduct and Conflict Resolution (OSCCR) for possible disciplinary action. To learn more, please visit [HOOP: Student Conduct and Discipline](#).

Course Resources: Where you can go for assistance
