Course Learning Outcomes

Upon completion of this course, you should be able to:

Course objectives according to ACTFL:

A. Listening: At the end of Spanish 1302, the students will be able to understand sentence length utterances, which consist of re-combinations of learned elements in a limited number of content areas, particularly if strongly supported by the situational context. Content refers to basic personal background and needs, social conventions and routine tasks, such as getting meals and receiving simple instructions and directions. Listening tasks pertain primarily to spontaneous face-to-face conversations. Understanding is often uneven; repetition and rewording may be necessary. Misunderstandings in both main ideas and details arise frequently.

B. Writing: Students will be able to meet limited practical writing needs. Can write short messages, postcards, and take down simple notes, such as telephone messages. Can create statements or questions within the scope of limited language experience. Material produced consists of recombination of learned vocabulary and structures into simple sentences on very familiar topics.

C. Reading: Students will be able to understand main ideas and/or some facts from the simplest connected texts dealing with basic personal and social needs. Such texts are linguistically noncomplex and have a clear underlying internal structure, for example, chronological sequencing. They impart basic information about which the reader has to make only minimal suppositions or to which the reader brings personal interest and/or knowledge. Examples include messages with social purposes and information for the widest possible audience, such as public announcements and short, straightforward instructions dealing with public life. Some misunderstandings will occur.

D. Speaking: Able to handle successfully a limited number of interactive, task-oriented, and social situations. Can ask and answer questions, initiate and respond to simple statements, and maintain face-to-face conversation, although in a highly restricted manner and with much linguistic inaccuracy. Within these limitations, can perform such tasks as introducing self, ordering a meal, asking directions, and making purchases. Vocabulary is adequate to express only the most elementary needs. Strong interference from native language may occur. Misunderstandings frequently arise, but with repetition, the Intermediate-Low speaker can generally be understood by sympathetic interlocutors.

The role of grammar

Grammar is indeed important, but if all you do is grammar drills you'll never learn to speak the language. Instead, the student will be able to put the grammar to use in contextualized, communicative situations of the sort you'll encounter in the class. Although mechanical practice is necessary, it shouldn't dominate class time, which must be spent communicating in Spanish. To practice the grammar in class, please study the assigned pages of the textbook. If you are

prepared, you'll find it easier to communicate in the target language. If you don't understand a particular grammar point, ask your instructor.

Speech errors

Sometimes students are reluctant to speak for fear of making mistakes. It's a natural part of the language-learning process to make mistakes. Your instructor will not correct every error you make, for if he/she did so, it would take you forever to communicate anything. In class, your speech errors will be corrected when they interfere dramatically with your attempt to communicate, when they pertain to the grammar structures that are being studied that day, or when they are of a sort that could embarrass you socially.

Course Technology

- SPAN 1302 requires the use of Contraseña. Links to course materials and electronic resources for each week of class are located on the Contraseña website (LingroHub)
- Also student needs UTEP Blackboard access

Technology Requirements/ Knowledge

This course is presented in the Blackboard learning management system.

It is expected that you have basic Internet skills if you are in this course. Those skills include the ability to login to the course web site and send and receive email with attachments. Also, you must be familiar with MS Word to complete the course and know how to save all assignments in RTF (rich text format). If you need to review any of the Internet basics, please go to the Microsoft site and brush up.

To ensure your success in accessing your course materials and completing your assignments, it is recommended that you ensure your computer setup for this class meets the following minimum requirements:

- Broadband Internet connection, such as cable or DSL
- A modern computer (PC or Mac), no more than four years old, with the following minimum configuration:
 - Processor: Dual-core or better, at least 2 GHZ
 - RAM: 2 GB or better
 - Operating System: Windows 7 or 8, or Mac OS X 10.3.9 or better
 - Computer headset is recommended (microphone and earphone set).
 - The hands-free option for your telephone will work in most cases.

Tech Support

The University of Texas at El Paso offers complete technical information and online help desk support at <http://at.utep.edu/techsupport/>.

Preparation for Computer Emergencies

Computer Crash: Not having a working computer or a crashed computer during the semester will NOT be considered as an acceptable reason for not completing course activities at a scheduled time. NOTE: Identify a second computer that you can use when/if your personal computer crashes.

Complete Loss of Contact: If you lose contact with me completely (i.e. you cannot contact me via Blackboard or email), please contact me at my telephone (915) 790-7049 and explain the reason you cannot contact me and leave me a way to contact you.

Lost/Corrupt/Disappeared files: You must keep/save a copy of every project/assignment on an external disk or personal computer. In the event of any kind of failure (e.g., Blackboard server crash or virus infection, students own computer crashes, loss of files in cyberspace, etc.) or any contradictions/problems, I may/will request you to resubmit the files. In other words, if you submit a document to me, and I either do not receive it (lost in cyberspace) or it is corrupted when I open it, it is incumbent upon you to resend it to me, corrected, with little or no “downtime” in regard to the timeline for submission.

Structure and sequence of Assessment and Learning activities

- You will be assigned a variety of activities from the Contraseña site, consisting of videos, grammar exercises, listening and writing practice, etc. You are responsible for completing all the assigned activities computer graded (3 attempts). The resulting grades of all activities assigned for each unit, and the grade for each unit project will be posted every two weeks in Blackboard (to help you know your current grade in the course).

To learn how each Contraseña unit is organized, and the type of activities you will be completing review the table below.

To learn the type of activities you will be completing for a grade in each unit review the descriptions below.

Each unit in Contraseña is organized the same way!

On your own, you complete **independent preparation** for each section of a unit.

- In **Preparar**: you watch animated videos that explain concepts, read brief texts, and complete activities to check your comprehension.
- In **Aplicar**, you practice what you learned and complete self-checks.
- In **Comprobar**, you evaluate your learning.

The independent work prepares you for **Conversar (LinguaMeeting sessions)**, the engaging pair and group activities (**communicative practice**) where you put the language you learned to use with your classmates and your LinguaMeeting coach.

Each unit begins with the **Unit Goal**: what you will accomplish by the end of the unit.

At the end of each unit, you create a **Proyecto**, a written or oral project. All projects are posted in an ePortfolio called LingroFolio, so your instructor and classmates can see and comment on your work. The activities throughout the unit prepare you to be able to complete the **Proyecto** successfully.

Learning Objectives appear at the top of each section to remind you what you will learn in that section and represent one of the pieces needed to complete the Proyecto.

Contraseña: Proyecto

Preparar: Guided preparation for planning and organizing your proyecto.

Publicar: Instructions and tools to create your proyecto.

Comentar: Guidance on how to comment on your classmates' proyectos.

Reflexionar: Activities for reflection on your proyecto and what you've learned throughout the lesson.

- Because effective oral communication is one of the primary goals of the beginning Spanish sequence, and is often the primary goal of most beginning language students, there will be the following speaking task in order to develop and increase your proficiency.

LinguaMeeting (3 sessions required) This class includes a live Spanish language learning component— LinguaMeeting “En Vivo” Language Sessions. This activity is an integral and mandatory part of the class. Students will sign up for (3) 30-minute individual or small group coaching sessions with a trained language coach from South America or Spain. Students will meet virtually using the LinguaMeeting website (<http://linguameeting.com/>). Students will need access to the web, a microphone, and a webcam.

These sessions are conversational in nature and are intended to be an opportunity to put into practice what students have been learning in *Contraseña*. They are not intended to be a “test” or tutorial of the grammatical aspects of class, but rather a time to practice students’ listening and speaking skills. The sessions are recorded and will be viewed by the instructor. Students should keep their notes from these sessions to be able to answer questions (in the Final exam) will be based on the knowledge they have gathered about their coach and his/her country during these sessions.

Social learning

In this course, all activities are designed to engage you with your classmates and with a language coach (from South America or Spain) in authentic-purposeful social interaction in which culture will be key. In all sections of *Contraseña*, you will be able to engage by creating projects to an e-portfolio site in which the whole class can participate all while experiencing, reflecting, analyzing and applying corresponding unit themes/activities in different contexts.

Module components

Each module contains:

1. Learning Goals for the Unit.
2. An Activity Plan, which lists the assignments you need to complete to master that Unit’s goal and complete the project. The Activity Plan will assign exercises in *Contraseña*. Each exercise is assigned points. The final grade for these exercises will be determined by adding all points received for each activity completed. Not all unit activities will be assigned—only those listed in Activity Plan will be included in the gradebook. You are encouraged to complete additional exercises for further practice and review, but they will not be counted toward this portion of the grade. *Contraseña* is designed to provide immediate feedback and exercises can be completed three times. Therefore you can (and should) practice an activity before submitting it for credit. The due dates vary but activities closing time is at 11:59 pm MT, unless otherwise indicated. For submission of exercises reflect the latest possible time the assigned work will be accepted for credit. I suggest that you begin the assignments well before the due date.

Time management

The tentative schedule contains all assignments and deadlines in details so you can plan ahead. Expect to spend three hours on preparation and learning assignments for every semester credit hour. Since this class is a 3 credit hour class, expect to spend about 9 hours out of class on

assignments for a total of about 12 hours per week to obtain a good grade in class. Please, combine the course schedules of all your classes, create your own study schedule and stick to it.

Expectations and Policies

What to Expect from the Instructor

The instructor will answer all email correspondence within 48 hours and will post graded assignments by Tuesday of the following week.

The instructor will monitor the Course Messages daily to answer questions about the course. As well, the instructor has provided you with her personal cell phone number. You may text her, and she will respond to you (or call you back if requested) as soon as possible. Be sure to include your name and the course to which you belong when sending an email or text.

Participation

Announcements: Students are responsible for reading any announcements posted to Course Announcements in the Communication Forum of the course. These may include changes in policy, due dates, assignment requirements, etc.

Assignment Due Dates and Grading:

A week in this class is from Monday at 12:00 a.m. Mountain Time (which is when you will be able to access the weekly unit) to Sunday at 11:00 p.m. Mountain Time. Check the “Week at a Glance” for the weekly assignments and due dates. Please be sure to start your assignments early enough to complete them by the posted due dates. Schedule permitting, I will post grades by Tuesday morning of the following week.

Emails:

You must use your University email for everything in this class. When sending me an email, please use this format in the subject: SPAN 1302 online-Your Name.

My policy is to respond to emails within 48 hours. However, I try to respond to emails as soon as I get them, so you probably will have a response sooner than the 48-hour response time. One exception is Sundays. If you email me on Sunday (or very late Saturday night), I probably will not respond until sometime on Monday. If you have questions on the material in the book or about the class in general, I highly recommend posting your questions in the Course Forum in the Communication Forum section of our course. Often, others will have the same question. Posting a question in the Course Forum allows classmates to either answer or add to it. I will check the Course Forum several times a day (except Sundays).

Online Courtesy:

Students must engage in proper online courtesy. Please respect your fellow classmates and instructor. Even though we do not meet face-to-face, the same courtesies that are extended in a face-to-face learning environment are in place. Failure to engage in proper online courtesy will result in earning a zero for each assignment where the incident has occurred.

Effective Electronic Communication

It is important to share a word of caution, so we can become wiser about interpersonal distance learning communications. In an online environment, many of the feelings or impressions that are transmitted via body language in face-to-face communications are lost. Consequently, interpreting emotions and innuendos can be difficult. Only what is written, or drawn, carries the message. Often, excitement can be misinterpreted as anger or insult. We all need to keep this in mind as we communicate.

Words in print may seem harmless, but they can emotionally injure us when working at a distance. Hence, we must be conscious of how we communicate while working at a distance and use good netiquette, that is, online communication etiquette. For example, your classmates may not know who is posting a comment, so clearly identify yourself when posting to a discussion board. Furthermore, avoid using all capital letters in electronic communication as all caps come across as shouting.

The standard netiquette for participation in networked discussion requires that all comments focus on the topic at hand, without becoming personalized, and be substantive in nature. In other words, you certainly may disagree with others, but you must do so respectfully. You may express strong beliefs or emotions, but you may not get so carried away that you lose all perspective on the course itself.

You can find more information on netiquette, the etiquette of Internet communication, at www.albion.com/netiquette.

Academic Dishonesty Statement

Academic dishonesty is prohibited and is considered a violation of the UTEP Handbook of Operating Procedures. It includes, but is not limited to, cheating, plagiarism, and collusion.

- Cheating may involve copying from or providing information to another student, possessing unauthorized materials during a test, or falsifying research data on laboratory reports.
- Plagiarism occurs when someone intentionally or knowingly represents another person's words or ideas as his or her own.
- Collusion involves unauthorized collaboration with another person or group to commit any academically dishonest act.

Any act of academic dishonesty attempted by a UTEP student is unacceptable and will not be tolerated. Violations will be taken seriously and will be referred to the Office of Student Conduct

and Conflict Resolution for possible disciplinary action. Students may be suspended or expelled from UTEP for such actions. You can find more information in the UTEP Handbook of Operating Procedures, under the heading "Alleged Student Scholastic Dishonesty," and in the Regents' Rules and Regulations.

Attendance Policy: policy on Tardiness and Missing Class Sessions

To expand your proficiency in a language, you must be consistent in the course so as to engage in active practice. Good consistency is a course requirement. Therefore, if you are not consistent, your instructor will drop you from the course. Here are the rules:

1. If you miss to complete the exercises, quizzes, test, assignments or discussions for a period longer than two days in a week you will be immediately dropped from the class.

Exceptions to the above-stated policies are only made under these circumstances: (1) a medical emergency requiring hospitalization, (2) jury duty or (3) official UTEP business such as athletics, debating team, or band. Documentary proof of official UTEP business or jury duty must be provided ten calendar days before the fact; documentary proof of hospitalization must be provided on the day you return to class.

Late Policy

The best way to prepare yourself for the next level of Spanish study is to complete all assignments in a timely manner. Only work submitted by the deadlines will receive credit. If you have special circumstances, bring them to the attention of your instructor immediately. Only in such special cases (such as a medical emergency or official university business) will exceptions be made. Points will be deducted for late submissions at the instructor's discretion.
