What course is this again?

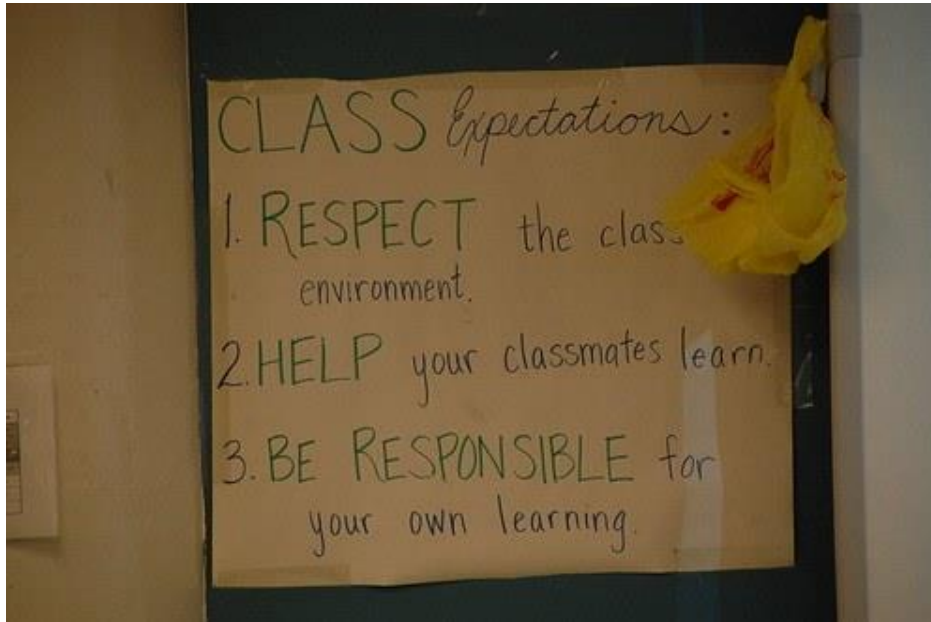

Catalog:

MGMT 3310: Creativity and Innovation

Course Description:

Here is what the catalog says: This course introduces students to the theory, processes, and tools associated with the initiation, generation, and management of new entrepreneurial ideas. It emphasizes personal creativity and fostering a culture of creativity within a business setting.

Course Expectations

I have four values that I hope will make clear the culture and expectations of this class and this course.

- Enlightenment
- Engagement
- Enjoyment
- Excellence

What am I going to learn?

Learning Outcomes:

Here is what we are going to learn:

- How to discover and develop your creative muscle

- Gain an understanding of tools and methods to stimulate creativity
- Understand the challenges in moving from creativity to innovation
- Awareness of methods and means to facilitate and stimulate innovation
- Learn ways and means to facilitate the application of creativity and innovation in business
- Appreciation of the role of leadership and culture in the development of a creative business enterprise

What textbook will be required? There are three.

inGenius: A Crash Course on Creativity, ©2012 by Tina L. Seelig, Publisher HarperOne, ISBN 978-0-06-202070-3

Creative Confidence: Unleashing the Creative Potential Within Us All, ©2013 by Tom Kelley & David Kelley, Publisher Currency, ISBN 978-0-385-34936-9 (Ebook ISBN 978-0-385-34937-6)

Creative Construction: The DNA of Sustained Innovation, ©2019 by Gary P. Pisano, Publisher Public Affairs, ISBN 978-1-61039-877-0 (Ebook ISBN 978-1-61039-876-3)

How will the course be delivered?

- This course will be accomplished in a face-to-face classroom format.
- This course is designed using a modular format—that is, each day/class session is “packaged” in Blackboard as a single module so that all the materials, lecture notes, submission areas, discussion posts, quizzes/exams are in one area for a given session.
- Blackboard Ultra Course View format will be utilized to share class assignments and submissions as well as quizzes. Recommended browsers are Google Chrome or Firefox. Any technology related issues or problems should be handled through Student Technology Services at: https://www.utep.edu/technologysupport/ServiceCatalog/Student_Services.html

How will we communicate?

- For outside the classroom communication, Blackboard Email (Messages link, upper LH corner of home page) is preferred for communication related to this course. Alternate is my UTEP e-mail. I will make every attempt to respond to your e-mail within 24 hours of receipt. When e-mailing me, be sure to email from Blackboard or your UTEP student account. And please put the course number in the subject line. In the body of your e-mail, clearly state your question. At the end of your message, be sure to put your first and last name, and your university identification number.
- Discussion Board: If you have a question that you believe other students may also have, please post it in the Help Board of the discussion boards inside of Blackboard (Discussions link, upper LH corner of home page). Please respond to other students' questions if you have a helpful response.
- Announcements: Check the Blackboard announcements (LH side of home page) frequently for any updates, deadlines, or other important messages.

TECHNOLOGY REQUIREMENTS

Some course content will be delivered via the Internet through the Blackboard learning management system (LMS). Ensure your UTEP e-mail account is working and that you have access to the Web and a stable web browser. Mozilla Firefox and Google Chrome are the most supported browsers for Blackboard; other browsers may cause complications with the LMS. When having technical difficulties, update your browser, clear your cache, or try switching to another browser.

You will need to have or have access to a computer/laptop. You will need to download or update the following software: Microsoft Office, Zoom, Adobe, Flashplayer, Windows Media Player, QuickTime, and Java. Check that your computer hardware and software are up-to-date and able to access all parts of the course.

If you encounter technical difficulties beyond your scope of troubleshooting, please contact the [Help Desk](#) as they are trained specifically in assisting with technological needs of students.

How am I going to learn?

Students are responsible for the text material. Supplemental material to enhance, make relevant, or clarify text material will be provided by the instructor.

Small individual/team exercises will be utilized to help with subject matter understanding as well as application of creative thinking in addressing case-related issues.

Quizzes will be used to monitor student progress as well.

A semester-long project will allow students to utilize course learnings, demonstrate understanding and application of those learnings, and present the outcome in a professional manner.

How am I going to be graded?

- **1. Assignments:** There will be individual and/or team assignments to encourage and demonstrate the value, understanding, and use of creative tools and methods. Assignment submissions are due at the time stated. No points will be given for any late submissions.
- **2. Quizzes:** Quizzes on select chapter material, via Blackboard, will be utilized to measure and reinforce understanding of key chapter concepts and learning goals. Quiz submissions are due at the time stated. No points will be given for any late submissions.
- **3. Project:** There will be a semester-long project that students may do on an individual basis or as part of a team of not more than 4 students.
- **4. Attendance:** You need to show up to add value to your classmates, the course material, and yourself. There will be 10 random attendance audits throughout the semester. If you are absent for an audited class session, 10 points will be deducted from your grade calculation.

Other Important Announcements

Disability accommodation. The University is committed to providing reasonable accommodations and auxiliary services to students, staff, faculty, job applicants, applicants for admissions, and other beneficiaries of University programs, services and activities with documented disabilities in order to provide them with equal opportunities to participate in programs, services, and activities in compliance with sections 503 and 504 of the Rehabilitation Act of 1973, as amended, and the Americans with Disabilities Act (ADA) of 1990 and the Americans with Disabilities Act Amendments Act (ADAAA) of 2008. Reasonable accommodations will be made unless it is determined that doing so would cause undue hardship on the University. Students requesting an accommodation based on a disability must register with the [UTEP Center for Accommodations and Support Services](#).

UTEP Policy on Academic Integrity:

Academic dishonesty is prohibited and is considered a violation of the UTEP Handbook of Operating Procedures. It includes, but is not limited to, cheating, plagiarism, and collusion. Cheating may involve copying from or providing information to another student, possessing unauthorized materials during a

test, or falsifying research data on laboratory reports. Plagiarism occurs when someone intentionally or knowingly represents the words or ideas of another as one's own. Collusion involves collaborating with another person to commit any academically dishonest act. Any act of academic dishonesty attempted by a UTEP student is unacceptable and will not be tolerated. All suspected violations of academic integrity at The University of Texas at El Paso must be reported to the [Office of Student Conduct and Conflict Resolution \(OSCCR\)](#) for possible disciplinary action. To learn more, please visit [HOOP: Student Conduct and Discipline](#).

Copyright Compliance:

All materials used in this course are protected by copyright law. The course materials are only for the use of students currently enrolled in this course and only for the purpose of this course. They may not be further disseminated.

Professional Demeanor:

- This course may require online communication between students as well as between the students and faculty. The expectation is that all parties will interact in a professional manner. If you have questions regarding online interaction in a professional manner, please reference the guidelines at <https://www.utep.edu/extendeduniversity/utepconnect/blog/october-2017/10-rules-of-netiquette-for-students.html>. The expectation is that you will comply with these guidelines throughout the course – and, hopefully, beyond.
