

## **RISE Journal Club**

Monday 4:00 pm to 4:50 pm

STRC (Biol 2.144)

Dr. Wen-Yee Lee, Ph.D., RISE co-Director, 747-8413, [wylee@utep.edu](mailto:wylee@utep.edu)

Dr. Anita Quintana, Ph.D., RISE co-Director, 747-8988, [aquintana8@utep.edu](mailto:aquintana8@utep.edu)

### **INSTRUCTIONAL GOALS**

The goal of the Journal Club (JC) is to provide training on effective methods to present scientific articles as well as professional development and preparation for internships and graduate schools. Students will also be presented with training in the ethical pursuit of research. Students will be expected to actively participate in discussion and volunteer constructive criticism to fellow students on presentations in class. Students will also participate in sessions dedicated to the responsible conduct in research.

### **REQUIREMENTS AND RESOURCES**

Students are required to actively participate in the class activities which include, but not limit to, giving presentation, providing feedback for the presenters, and attending required workshops such as Responsible Conduct for Research.

When applicable, each student may be expected to present their assignment in either a lecture/journal article in their area of specialization or other ethics topics. The presentation must be presented via projector in its original article form. Detailed information on presentation requirements will be provided during class.

Should a science article be presented, each student will be required to forward a copy of their article to the whole class, including both instructors. The article must be e-mailed at least 3 days prior to the presentation.

The attendance to JC is mandatory. To maintain a good standing in the program, you should have no more than 3 absences during the semester.

### **COVID-19 PRECAUTIONS**

Please stay home if you have been diagnosed with COVID-19 or are experiencing COVID-19 symptoms. If you are feeling unwell, please let me know as soon as possible, so that we can work on appropriate accommodations. If you have tested positive for COVID-19, you are encouraged to report your results to [covidaction@utep.edu](mailto:covidaction@utep.edu), so that the Dean of Students Office can provide you with support and help with communication with your professors. The Student Health Center is equipped to provide COVID 19 testing.

The Center for Disease Control and Prevention recommends that people in areas of substantial or high COVID-19 transmission wear face masks when indoors in groups of people. The best way that Miners can take care of Miners is to get the vaccine. If you still need the vaccine, it is widely available in the El Paso area, and will be available at no charge on campus during the first week of classes. For more information about the current rates, testing, and vaccinations, please visit [epstrong.org](http://epstrong.org)
