ESE 6402 (13840)  
Environmental Chemistry  
10:00 pm - 11:50 pm TR  
Health Science Building NURS 213/CCSB 2.0610

Instructor:  
Wen-Yee Lee, Ph.D.  
Email: wylee@utep.edu  
Phone: 747-8413  
Office: CCSB 2.0110  
Office hours: by appointment

Learning Objectives:  
• To develop chemistry understanding around the themes of environmental quantitative analysis.  
• To establish a knowledge of trace analysis, contemporary instrumental analysis, and statistics.  
• EPA methods for analyses of compounds of concern.  
• To be acquainted contemporary literatures in environmental issues of interest.

Contents:  
• Introduction to Trace Environmental Quantitative Analysis  
• Sample Preparation Techniques to Isolate and Recover Organics and Inorganics  
• Determinative Techniques to Measure Organics and Inorganics  
• Calibration/Detection Limits  
• Verification/EPA Methods  
• Quality Assurance/Quality Control  
• Statistical Treatment of Analytical Data

Evaluations:  
1. Assignments (including presentations) (35 %) – both individual and group  
2. In class Participation (including providing feedback and questions during presentations and attendance) (10%) - individual  
3. Final presentations (20%) – group and individual  
4. Final reports (30%) - group  
5. Self reflection and evaluation (5%) - individual  

You will submit an assay to reflect on what you have learned, how you could benefit from the knowledge from this course, and your learning experience in this class. How will you evaluate yourself? Put some thoughts to this assignment.

A: 90% - 100%, B: 80% - 89%, C: 70%-79%, D: 60%-69%, F: <60%
Academic honesty:
Materials (written or otherwise) submitted to fulfill academic requirements must represent a student’s own efforts. Any act of academic dishonesty attempted by a UTEP student is unacceptable and will not be tolerated. Academic dishonesty is prohibited and is considered a violation of the UTEP Handbook of Operating Procedures. It includes, but is not limited to, cheating, plagiarism, and collusion. Violations will be taken seriously and will be referred to the Dean of Students Office for possible disciplinary action. Students may be suspended or expelled from UTEP for such actions.

Students with Disabilities
If you have or believe you have a disability, you may wish to self-identify. You can do so by providing documentation to the Center for Accommodations and Support Services (CASS) located in Union E Room 203. Students who have been designated as disabled must reactivate their standing with CASS on a yearly basis. Failure to report to this office will place a student on the inactive list and nullify benefits received. If you have a condition which may affect your ability to exit safely from the premises in an emergency or which may cause an emergency during class, you are encouraged to discuss this in confidence with the instructor and/or the director of Disabled Student Services. You may call 747-5148 for general information about the Americans with Disabilities Act (ADA).

Course withdraw policy
• Classes dropped prior to the official census date will be deleted from the student’s semester record.
• After this date, the University permits any student to drop with an automatic “W” by the course dropping deadline.
• After this date students who withdraw must receive grades of “F”.

2
## Tentative Schedule: (The contents are subject to change. Any changes will be announced in class.)
