<b>Incomplete policy:</b>	<p>An “I” (incomplete grade) can be considered only if requested by the student in advance of the conclusion of the course and only for legitimate, documented <b>emergencies</b>. Failure to request and negotiate the terms of an “Incomplete” grade before the conclusion of the course will result in a denial except in the most extraordinary circumstances.</p> <p>Talk to the instructor immediately if you believe an incomplete is warranted. If granted, the instructor and student will establish a contract of work to be completed with deadlines.</p>
<b>Attendance and Participation:</b>	<p>It is expected that all students enrolled in <b>HSCI 3323 Nutrition Thru the Life Cycle</b> to participate in all instructional activities. Online courses are no different from classroom courses in regards to attendance. Participation is defined accordingly under assignment strategies. Students “attendance” on online courses is defined as active participation on the course as described in the course syllabus.</p> <p>Online courses will have, at minimum, weekly mechanism for student participation, which can be documented by any or all of the following methods:</p> <ol style="list-style-type: none"> <li>1. Reading/viewing all course materials to ensure understanding of assignment requirements.</li> <li>2. Participating in engaging discussion with your peers on the discussion boards (grading rubric provided in the “grading information” area of each forum)</li> <li>3. Participating in scheduled Blackboard Collaborate sessions</li> <li>4. Other activities as indicated in the weekly modules</li> <li>5. Submission/completion of assignment and evaluations</li> <li>6. Communication with the instructor</li> </ol> <p>Students who do not log on to the course within the drop/add period for the course will be dropped from the course. Students who fail to maintain an active participation in an online course as defined in the course syllabus will be processed in accordance with the university’s current attendance policy.</p> <p><b>Other Attendance Policy:</b> Class participation is a <b>mandatory</b> component of this course. It is the student’s responsibility to get all assignments and/or class notes. Not knowing about an exam or assignment due date because lack of participation in the course is not a valid excuse.</p>
<b>Reading assignments &amp; Test Proctoring Software:</b>	<p>All assigned readings need to be completed prior to coming to the next scheduled class session. Example: the reading assignments for week 2 need to be completed prior to coming to the week 2 class session.</p> <p>Two course assessments (the midterm and final exams) will make use of Respondus Lock Down Browser and Respondus Monitor inside of Blackboard to promote academic integrity. You are encouraged to learn more about how to use these programs prior to the first test.</p> <p>Please review the following guidelines regarding testing:</p> <ul style="list-style-type: none"> <li>• The assessments will only be available at the times identified on the course calendar.</li> <li>• You may take the test at any time during the available time-frame window.</li> <li>• A reliable Internet connection is essential to completing the exam. If you must</li> </ul>

	<p>go to a location to take the exam (such as the library), be sure to follow their health and safety requirements.</p> <ul style="list-style-type: none"> <li>• You have two attempts to take the test. Once the window closes, your answers will be saved, and no changes can be made. The first score saved will be recorded.</li> <li>• Respondus Lockdown Browser will require that all internet tabs are closed prior to the start of the test – only the final exam will be required to use this software.</li> <li>• Respondus Monitor requires a webcam and microphone.</li> <li>• You will be required to show the webcam your student ID prior to the start of the test.</li> <li>• Your face should be completely visible during the test. Blocking the camera will disable the test.</li> <li>• No notes or textbook materials are permitted during the test. Respondus Monitor requires you to take a video of your surrounding area (desk, chair, walls, etc.)</li> <li>• You should not have conversations with other people and/or leave and return to the area during the test.</li> <li>• You should wear appropriate attire while taking the exam using Respondus Lockdown Browser as if you were taking the exam face to face.</li> </ul>
<p><b>Class recordings:</b></p>	<p>The use of recordings will enable you to have access to class lectures and group discussions. Our use of such technology is governed by the Federal Educational Rights and Privacy Act (FERPA) and UTEP's acceptable-use policy. Any recording of class sessions will be kept and stored by UTEP, in accordance with FERPA and UTEP policies.</p> <p>Your instructor will not share the recordings of your class activities outside of course participants, which include your fellow students, teaching assistants, or graduate assistants, and any guest faculty or community-based learning partners with whom we may engage during a class session. <b>You may NOT share recordings outside of this course.</b> Doing so may result in disciplinary action.</p>
<p><b>Writing standards</b></p>	<p>Effective public health leaders and practitioners are also effective written as well as oral communicators. Please feel free to seek out assistance from the UTEP Writing Center. It is free and they are very helpful.</p>
<p><b>Netiquette</b></p>	<p>As we know, sometimes communication online can be challenging. It is possible to miscommunicate what we mean or to misunderstand what our classmates mean given the lack of body language and immediate feedback. Therefore, please keep these netiquette (network etiquette) guidelines in mind. Failure to observe them may result in disciplinary action.</p> <ul style="list-style-type: none"> <li>• Always consider audience. This is a college-level course; therefore, all communication should reflect polite consideration of other's ideas.</li> <li>• Respect and courtesy must be provided to classmates and to the instructor at all times. No harassment or inappropriate postings will be tolerated.</li> </ul>

	<ul style="list-style-type: none"> <li>• When reacting to someone else’s message, address the ideas, not the person. Post only what anyone would comfortably state in a face-to-face situation.</li> <li>• Blackboard is not a public internet venue; all postings to it should be considered private and confidential. Whatever is posted on in these online spaces is intended for classmates and professor only. Please do not copy documents and paste them to a publicly accessible website, blog, or other space.</li> </ul>
<p><b>Policy for late assignments</b></p>	<p>Due dates for homework, exams, presentations and other assignments are designed for fairness to all students. No exceptions to those dates will be made excepting in cases of university-designated closures. All assignments due dates are specified in the course calendar. Please see additional document. Once the assignment closed, it will not be reopened unless the case of a <i>documented</i> emergency.</p> <p>Note that make-up work may be in a different format than the original work, may require more intensive preparation, and may be graded with penalty points. If you miss an assignment and the reason is not considered excusable, you will receive a zero. It is therefore important to reach out to me—in advance if at all possible—and explain with proper documentation why you missed a given course requirement. Once a deadline has been established for make-up work, no further extensions or exceptions will be granted</p>
