Course Description
This course is a continuation of Intermediate Accounting I. It is an in-depth study of financial accounting concepts, elements of financial statements, and preparation of financial reports.

Course Learning Objectives
After completing this course, you will be able to:
• Record, analyze, and interpret financial information associated with topics covered in this course in accordance with U.S. GAAP.
• Describe international accounting issues and practices associated with topics covered in this course.
• Demonstrate increased professionalism, including understanding the regulatory environment and analyzing ethical situations in business settings.
Course Structure
In attempt to keep some semblance of a regular semester in-person class schedule, this course will be structured as if it were a twice a week meeting class. That is, there will be two lectures every week (I assume the lectures are on Monday and Wednesday, as office hour days). Each lecture post will contain several short videos, covering different topics for that day. *It is imperative for each student to watch these videos in a timely manner, so as to not fall behind on course material.*

Assignment and quiz due dates will be based on this “twice a week” lecture model. Please see assignment descriptions below as well as the course calendar attached for more details and assignment due dates.

Please use my virtual office hours to your advantage to ask questions, get clarity on certain topics, or simply to engage with the coursework and with me.

Grades
Your final letter grade will be based on the following items (weights in parentheses):

**Exams:**
- Exam #1: (Ch. 12, 13, 14) Week #5 100 points
- Exam #2: (Ch. 15, 17, 18) Week #10 100 points

**Exams (350 points)**
If you have an unforeseeable legitimate emergency (e.g. serious illness or death in your family), please notify me as soon as possible (within 24 hours) and be ready to provide documentation detailing your emergency (e.g. a doctor's note). Otherwise, you will receive a "0" for any missed exam. All exams will be taken in-class within the specific time period.

**Assignment (200 points)**
**SmartBook Reading Modules:**
For each chapter, you will complete a SmartBook reading module on the Connect website. Each module is worth 5 points. Each one will be closed just before midnight the day it is due. **No make-up modules will be given for any reason** – please plan accordingly.

**Homework Problems:**
For each chapter you will be asked to complete homework problems. Each homework problem assignment is worth 10 points and is open book. For each homework, you will have 2 attempts, and I take the **highest** score. Each homework closes just before midnight the day it is due. **No make-up homework assignments will be given for any reason** – please plan accordingly.

**Quizzes**
Ten (10) quizzes will be given throughout the semester. Each quiz is worth five points. The quiz is typically taken at the end of the class. **No make-up quizzes will be given for any reason** – please plan accordingly.

**Online course evaluation for extra credit (max 5 points)**
If at least 90% of all students enrolled in your section at the end of the semester complete the UTEP course evaluation for the class, each student will receive 5 points. If less 90% but greater than 80%, it will be 4 points. Then 3, 2, and 1 point.

**Course Calendar**
The course calendar in the next page provides a description of our planned course activities. It includes the topics to be covered, the class date for the topic, and assignment due dates. Be aware that I may adjust the speed of delivering course materials depending on your progress, performance, and feedbacks. If that happens, I will announce in class and/or through Blackboard.

I also reserve the right to change any assignment if circumstances dictate. You will be notified of any changes through an announcement in class and/or via Blackboard. You have the responsibility to be aware of such changes by checking Blackboard and attending class regularly.

**Accommodations for Students with Disabilities**
If you have or suspect a disability and need accommodations, you should contact Center for Accommodations and Support Services (CASS) at 915-747-5148. You may also email the office at cass@utep.edu. For additional information, please visit the CASS website at https://www.utep.edu/student-affairs/cass/.

**Scholastic Integrity**
Academic dishonesty is prohibited and is considered a violation of the UTEP Handbook of Operating Procedures. It includes, but is not limited to, cheating, plagiarism, and collusion. Cheating may involve copying from or providing information to another student or possessing unauthorized materials during a test. Plagiarism occurs when someone intentionally or knowingly represents the words or ideas of another as ones' own. Collusion involves collaborating with another person to commit any academically dishonest act. Any act of academic dishonesty attempted by a UTEP student is unacceptable and will not be tolerated.

You are encouraged to discuss homework assignments with other classmates. However, copying work from any source, including classmates, homework files, the Internet, etc. is not acceptable. Textbooks may be used for online quizzes, but quizzes should reflect your own effort. All exams will be closed book and closed note and should reflect your individual efforts. **Any suspected cheating during exams will be reported to the Office of Student Conduct and Conflict Resolution.**
